

Some Kind of Fairy Tale By Graham Joyce **Some Kind of Fairy tale** Or are we? The Outwoods is a hundred acres of oak rowan and birch of holly and yew trembling on the lip of an ancient volcanic crater and peering out over the Soar Valley; a timeless pocket of English woodland inside the boundaries of Charnwood Forest. **EPub Some Kind of Fairy tale** There are not many fantasy novels where psychiatrists talk of the difference between provoked and contained confabulation or hypopituitarism or other physicians discuss X-rays and dissect the brain virtually in order to establish the truth. **PDF Some Kind of Fairy tale** It's a tempting thesis isn't it? One character Hiero (yes well may you analyse that name) did not want to trade a space of light and beauty and knowledge for what he called a grubby set of shadows. **Some Kind of Fairy Tale pdf editor** But then passages such as this one about Peter his sister Tara and her boyfriend Richie invite the reader to have another more ancient perspective He had a large lumbering physique a gentle giant slow-witted according to his own assessment; she by contrast was mercurial slender-boned and sharp-tongued. **Some Kind of Fairy tale** So is Graham Joyce a fantasy writer? There doesn't seem to be a consensus on this either by publishers or critics although Some Kind of Fairy Tale won the British Fantasy Award for Best Novel in 2013. **Book Some Kind of Fairy tale** But even Graham Joyce himself disagrees with this saying that his writing is more akin to the English weird tale tradition which includes such writer as Arthur Machen or Algernon Blackwood. **Book Some Kind of Fairy talents** The truth is that he writes speculative fiction which overlaps our current convenient genres as arguably the best fiction does and in its best parts conjures up similar feelings to these authors he admires. **Some Kind of Fairy tale tech** The deconstruction is fascinating and unusual but it might have been an even better novel if the fantasy element had been further described as the writing is quite lyrical and beautiful in places and to be brought down to earth quite so often isn't always welcome. **Some Kind of Fairy tale tech** In the final analysis although everything can be explained to the satisfaction of our current knowledge and reason Graham Joyce deliberately entices us to believe in his constructed dream made of smoke and mirrors. **EPub Some Kind of Fairy talents** And in an incident at the end we hear the the author's voice in a rare moment to reveal who had been watching him would be to reveal who has been telling you this story all along. **Some Kind of Fairy tale scrabble** this is a deceptively immersive type of storytelling one which compels the reader forward accepting the magical elements willingly but then jarringly calling attention to the novel's very structure questioning how much is reality and how much is artifice. **EBook Some Kind of Fairy talents** when i first started reading him he was writing literary horror stuff which was good but never as good to me as jonathan carroll doing the same thing and i always compared the two in my head to joyce's detriment. **Some Kind of Fairy Tale pdf editor** here he stretches itself occasionally a little too thin but he manages to tell a multi-layered story with several levels of unreliability that pokes holes in its own narrative and becomes a puzzle box without an answer. **PDF Some Kind of Fairy tale** richie is the boyfriend she left behind who was her brother's best friend but tara's disappearance shattered that friendship and richie has been in a holding pattern ever since; drink and drugs and rock and roll going nowhere. **Book Some Kind of Fairy tale** do we believe tara do we believe the psychiatrist does our mind catch on the instances of switching in the story; one cat for another one drunk driver for another the larwood/larchwood scene the multiple epigraphs to the bridget cleary case of 1895 in which a woman accused of being a changeling replaced by the fairies was killed by her husband? these burrs stick out in the reader's mind to create doubt the way a fairy story is meant to but there are other instances of the permeability of worlds - is it the residual sexuality of the fairy-world that causes jack to get an erection when he stands near tara? and his later erection in the cattery - is this woman meant to be another displaced fairy? and why no erection for larwood? had it faded too much? why am i dwelling on the erections of a child? i feel like i didn't know what i was reading while i was reading it in one giant sickbed sitting gulp and this book is one which demands a second look to better understand its playfulness and its dark underpinnings. **EPub Some Kind of Fairy tale** The magic in this book isn't in your face it's hidden in the shadows and rocks of the woods and glens- very much like I imagine magic really is: The Outwoods was one of the last remaining pockets of ancient forest. **Some Kind of Fairy Tale**

pdf editor It was an eerie place swinging between sunlight and damp flaring light and shadow; a venue of twisted trees its volcanic slopes of ash and granite ruptured by mysterious outcropping crags of the very oldest rocks in Britain. **Some Kind of Fairy Tale kindle paperwhite** Is Tara bonkers injured in some way or did something outside of her power actually spirit her away? There is a veil to this world thin as smoke and it draws back occasionally and when it does we can see incredible things. **Some Kind of Fairy Tale kindle direct** I also loved how Joyce used quotations from poetry books and an actual trial where a man was convicted of killing his wife because he thought she was a changeling (can you imagine?!) to introduce a few of the chapters. **Some Kind of Fairy talez scrabble** I did not like the surprising vulgarity of this tale the few violent moments it contains or when something terrible happens to a neighborhood cat but if such things don't bother you you really must give Some Kind of Fairy Tale a try. **Book Some Kind of Fairy tale** Some books with similar themes: Meeting the Other Crowd (non-fiction but reads like fiction) Fairies: Real Encounters With Little People (non-fiction again reads like fiction) or Passport to Magonia: On UFOs Folklore and Parallel Worlds (classic work on real people and actual encounters with other worlds). **Some Kind of Fairy talex llc** This my second Graham Joyce novel forced me to ponder - what is reality and what is fantasy? Is there really a veil to the world that is drawn back or do we have to use our own power and suspend our own disbelief in order to see beyond what is visibly evident? I felt I had to make these choices while reading this book and it seemed a curious exercise. **Some Kind of Fairy Tale books** She has a tale to tell that is quite fantastical - or is it? Could she be telling the truth or is she suffering from some sort of trauma that has caused her to compensate by telling such an outlandish story? Her story is believable in its own fashion. **Book Some Kind of Fairy tale** For that reason I'd been putting off reading SOME KIND OF FAIRYTALE but now that I have it seems only fair to say that it's a marvellous story; subtle nuanced and intelligent filled with resonance and wonder and darkness. **Some Kind of Fairy Tale books** But twenty years ago Tara took a walk into the woods and never came back and as the years have gone by with no word from her the family have unspoken assumed that she was dead. **Some Kind of Fairy taleqni** Joyce deftly arranges a mosaic of different povs that revolve around Tara and the truth of her story--was she abducted by fairies as she claims? Only these aren't your average Tinker Bell fairies. **Some Kind of Fairy talexio login** While I can't provide the literary definition of magical realism I see it as the authors attempt to take the magical the unreal the unexplainable and weave into the world of the normal the average or the mundane. **Book Some Kind of Fairy tale** There the reasoned and realistic story told through the notes and opinions of Tara's psychologist and when the elements are combined as a whole we are given a modern day fairy story. **EPub Some Kind of Fairy talez 9780385535786** A few minutes after I finished the book I gave it a 4 star rating on Goodreads after sitting for a while and thinking it over I had to switch it down to a 3 star rating. **Some Kind of Fairy Tale pdf editor** I was engrossed from page one until the end my favorite chapters were those from Tara's pov the ones telling her tale of what happened to her and the mysterious man Hiero (pronounced "Yarrow"). **Some Kind of Fairy talez scrabble** The shrink's chapters were interesting as well someone trying to find rational and very real diagnosis for Tara's absence subsequent 20 year memory "loss" and unexplained lack of aging. **PDF Some Kind of Fairy talents** Her brother and his family were an interesting mix into the story along with the woes of Peter's son and the ginger cat daily life still goes on even through a traumatic series of events. **PDF Some Kind of Fairy talez** I really liked Hiero and I would have loved to know more about his motives for bringing Tara with him and protecting her as he did but this is ultimately what made me rate the book lower. **Some Kind of Fairy talep formu** How cliché I thought for a few moments when Tara was explaining all of the wonderful advances his people had made with physics and the laws of nature and such that the sexuality of the place would be regulated to only a tiny mention but no that had to take the forefront. **Some Kind of Fairy talexco** But really so much more could have been built upon the fair folk's higher understanding of life to which Tara apparently learns some interesting things yet that aspect is merely mentioned once and practically ignored for the rest. **Some Kind of Fairy talevski** One more tiny thing I really liked the quotes at the beginning of the chapters though the ones concerning

Michael Cleary were almost scary what a sad event that happened to his wife. **Some Kind of Fairy Tale kindle reader** And what about the very end? When Hiero was seen to be eying up Zoe to possibly bring her back to his land? It said it was only 4 months after Tara had disappeared for the second time. **Book Some Kind of Fairy tale** So Hiero follows Tara back to the human world and stalks her only to get her back and then 4 months later try to seduce/abduct someone else? I got the impression he was enchanted with her telling her his secret name and such. **Book Some Kind of Fairy tale** Although I could see it coming a little Zoe's picking up so well to Richie's instruction on the guitar Hiero's folk being so into classical arts and such I suppose that was sort of setting that up in a small way. **Some Kind of Fairy Tale books** For two decades her family and her lover have grieved and their lives were indelibly altered by Tara's disappearance and yet now she returns telling a story that nobody can believe. **Some Kind of Fairy talex tech** Is this a story of something mundane such as kidnapping or is it something entirely different? And what impact does Tara's return have on those who have struggled for years to come to terms with her absence? Deeper meaning resides in the fairy tales told me in my childhood than any truth that is taught in life. **Some Kind of Fairy tale Ighiba** Perhaps Hansel and Gretel was first told to warn children not to wander off in the woods or to accept candy from strangers but there are other deeper interpretations of the stories your parents told you as a child. **Some Kind of Fairy Tale pdfiller** Similarly I doubt that it is coincidental that her brother Peter has become a farrier a shoer of horses a trade long considered natural magicians for their ability to meld the living and the inanimate. **Book Some Kind of Fairy tale** Bottom Line: I loved this book because from the first page to the last it is imbued with a sense of the uncanny am impression that there is something out there beyond our ken that makes the world just a little bit magical. **Book Some Kind of Fairy tale** The author does a fantastic job with this character showing how his growth was stunted because of these unproven accusations and how he actually somewhat quit living twenty years ago as well. **Some Kind of Fairy talepi polygraph** Could these outlandish stories just sometimes be true? 9780385535786 Graham Joyce (22 October 1954 – 9 September 2014) was an English writer of speculative fiction and the recipient of numerous awards for both his novels and short stories. **PDF Some Kind of Fairy tale** He taught Creative Writing to gra Graham Joyce (22 October 1954 – 9 September 2014) was an English writer of speculative fiction and the recipient of numerous awards for both his novels and short stories:

Some Kind Of Fairy Tale is partly set in an Other World; a disturbingly fecund and pagan world inhabited by creatures of myth: **Some Kind of Fairy Tale books** Or is it? We are drawn to this other world alongside the main character by means of a series of images and archetypes as old as myth itself: **Some Kind of Fairy talexco** The land is a mysterious freak where the air is charged with an eerie electrical quality alternately disturbing and relaxing: **Some Kind of Fairy Tale ebooks free** Or all of this is just fanciful talk and the Outwoods is just an ordinary stretch of ancient woodland: **PDF Some Kind of Fairy talez** It differs from the accepted conventions within the genre by the author's treatment of supernatural events. **Book Some Kind of Fairy tale** On one level this is a fantastic tale on the other a mystery about ordinary folk capable of rational explanation: **Some Kind of Fairy talexio login** But what is the truth? A modern audience wants everything cut and dried no ambiguity and certainly nothing illogical: **Some Kind of Fairy talex** For centuries cultures have lived unquestioningly alongside inexplicable phenomena seeing no conflict or difficulty integrating it with their lives. **Some Kind of Fairy talexco** Graham Joyce grew up in such a family where the old folks accepted the mystical and supernatural as part of their daily lives. **Bookpedia list of fairy tales** This has subsequently fed into his writing with mystical themes running parallel to a rather humdrum storyline about ordinary folk, **Some Kind of Fairy Tale pdf** Take this imageThe Lake hears your every word and knows your every thought, **Some Kind of Fairy talemena** Or this oneThe light was sinister and beautiful at the same time: **Some Kind of**

Fairy talepi And Graham Joyce has successfully tapped into that primal yearning for magic inside us all for a simpler more accepting time before all our rational doubts and questions, **Some Kind of Fairy talex tech** But it is twenty years later and she has apparently not aged: **Book Some Kind of Fairy talez** Each chapter is preceded with a quotation from an eminent writer such as Einstein or Dickens or a piece of traditional folklore: **Some Kind of Fairy talex** The author says he has chosen writers whose work champions the fusion of Realism and the Fantastic, **PDF Some Kind of Fairy talents** If the reader chooses it may be read as a straight mystery novel with all the explanatory material a scientific mind could expect, **Some Kind of Fairy Tale pdf** He was made of clay and iron; Unfortunately I felt the story fizzled out a bit for me towards the end, **PDF Some Kind of Fairy tale** I can't quite pinpoint exactly what happened; maybe I just wanted more answers: **Some Kind of Fairy Tale books** I may not be the kind of reader intended for this type of book, **Some Kind of Fairy talexio login** When presented with a great fantasy novel I can quickly adapt and grasp onto what I need to believe in order to fully engage with the story: **Some Kind of Fairy talentreef** Maybe I needed to visit the fantasy world here a little more often. **Some Kind of Fairy talex tech** I felt tied to the real

world a bit too much - and when I felt tied in this way I couldn't quite emerge from it, **Some Kind of Fairy tale** This in turn left me even more perplexed with the ending, **Some Kind of Fairy tale** I knew Graham and liked him and his death at such a young age came as quite a shock to me: **Some Kind of Fairy tale** I can hear the author's voice very clearly; quiet and a little ironic so close it's almost heartbreaking, **Some Kind of Fairy tale** Read it - it's special in all kinds of ways - but try to remember it in May when the bluebells are flowering. **Some Kind of Fairy tale** 9780385535786 It is Christmas afternoon and Peter Martin gets an unexpected phone call from his parents asking him to come round, **Some Kind of Fairy Tale** It pulls him away from his wife and children and into a bewildering mystery. **Some Kind of Fairy tale** He arrives at his parents house and discovers that they have a visitor: **Some Kind of Fairy Tale** Not so unusual you might think this is Christmas after all a time when families get together. **Some Kind of Fairy tale** Now she's back tired dirty disheveled but happy and full of stories about twenty years spent traveling the world an epic odyssey taken on a whim. **Some Kind of Fairy tale** But her stories don't quite hang together and once she has cleaned herself up and got some sleep it becomes apparent that the intervening years have been very kind to Tara. **Some Kind of Fairy Tale** She really does look no different from the young woman who walked out the door twenty years ago, **Some Kind of Fairy Tale** Peter's parents are just delighted to have their little girl back but Peter and his best friend Richie Tara's one time boyfriend are not so sure, **Some Kind of Fairy tale** And as the months go by Peter begins to suspect that the woods around their homes are not finished with Tara and his family. **Some Kind of Fairy tale** I've never heard of Graham Joyce before but I plan to read more of his work: **Some Kind of Fairy tale** Not perfect some flaws near the end (but that is subjectively based on my own feminine needs) but so inventive and original, **Some Kind of Fairy tale** Very British heavy on place (set near some mysterious ancient woodlands over a volcanic fault) with a bit of a mystery thrown in, **Some Kind of Fairy Tale** It also starts on Christmas day so perfect time of the year to read it, **Some Kind of Fairy tale** She is still 16 and thinks she has been gone for 6 months: **Some Kind of Fairy tale** They are more like commune hippies that copulate constantly and have orgies and swim in an orgasmic lake, **Some Kind of Fairy tale**) The book has gotten some criticism because of this take on fairyland and the crude language that takes you by surprise: **Some Kind of Fairy tale** My feeling is that this supernatural world is the imagination of a male unconscious not the feminine ethereal world we're used to seeing as fairyland in women's popular fiction. **Some Kind of Fairy tale** I usually hate reading from multiple povs but this is one of the few books where I enjoyed them, **Some Kind of Fairy tale** 9780385535786 My Number 9 Read for 2015 A Wonderful Surprise - 5 Stars I picked this book up on a whim. **Some Kind of Fairy tale** The premise sounded rather interesting and I thought it was worth a shot. **Some Kind of Fairy tale** That said there was little trepidation as I realized the book contained magical realism: **Some Kind of Fairy tale** My experience with this have ranged from great examples in the work of José Saramago to painful uses in drivel such as The Boy Detective Fails, **Some Kind of Fairy tale** Having no previous experience with Graham Joyce I was pleasantly surprised to see that he had a deft hand and could weave the elements of magical realism with great precision. **Some Kind of Fairy tale** Plot Summary The story opens on Christmas morning to the Martin family, **Some Kind of Fairy Tale** Peter Martin are enjoying a hectic holiday feast while down the road his mother and father are also enjoying the same. **Some Kind of Fairy Tale** Soon after drinking an excellent wine and eating the Christmas goose Mr, **Some Kind of Fairy Tale** Standing in front of him is his daughter Tara who had gone missing and was presumed dead 20 years earlier, **Some Kind of Fairy tale** With her arrival follows joy confusion and anger all of which are compounded by her story and her appearance. **Some Kind of Fairy Tale** Tara looks as if she hasn't aged since her disappearance and by her own account she believes she has only been gone for 6 months, **Some Kind of Fairy tale** What follows is a story that leaves the reader questioning the possible and the impossible and whether a fairy tale is truly better than real life: **Some Kind of Fairy**
