

The Care and Taming of a Rogue (Adventurers' Club, #1) By Suzanne Enoch **The Care and Taming of a roguemaker** I was disappointed because at the beginning I felt Bennett and Phillipa had real potential.

The Care and Taming of a roguetech book

Captain Bennet Wolfe is a big name explorer who was presumed dead but wasn't really. **Kindle The Care and Taming of a rogue credit** Here's where she got on my nerves a bit because she seems to flaunt society's rules about what women should do and how they should behave on the one hand but then on the other hand she adheres to its courting traditions because that's what's done. **The Care and Taming of a rogueyne** Bennet couldn't give a crap about any of that and basically tells her and shows her what he'd like to do with her -some swoon-worthy scenes from the dear Captain here ;) The relationship between the two builds slowly and smolders until finally the good stuff happens and quite out of the blue too. **Book The Care and Taming of a rogue** Some of the steam scenes I thought needed to be somewhat longer and sometimes there was more focus given to the sub-story about Bennet's colleague plagiarizing his journals and gaining fame and notoriety because of them. **Book The Care and Taming of a rogue one** This story line was consistent throughout the book which was good so that you didn't feel like the suddenly silly caper filler pops up to try to get a problem in there now that the h/h are together. **The Care and Taming of a rogueview** There are some secondary characters that were annoying like Phillipa's flighty know it all sister Olivia and Bennet's borderline pompous friends the Duke of Sommerset (reminded me of the Duke of Melbourne in her Griffin family series -sort of wanna smack him one and say "will you shut the h--- up already buddy!") and Lord John Clancy. **Book The Care and Taming of a rogue one** Early dreams of becoming a zoologist and writing true stories about her adventures in Africa were crushed however after she viewed a television special about the world's most poisonous snakes; she did NOT want to write about how she'd been bitten and lost a limb to a cobra. **EBook The Care and Taming of a rogue credit** Thankfully at the same time the movie "Star Wars" premiered and she realized that she could make up adventures and write about them and not be eaten by deadly predators while doing research. **Book The Care and Taming of a rogue lineage** Early dreams of becoming a zoologist and writing true stories about her adventures in Africa were crushed however after she viewed a television special about the world's most poisonous snakes; she did NOT want to write about how she'd been bitten and lost a limb to a cobra. **The Care and Taming of a Rogue epub reader** Thankfully at the same time the movie "Star Wars" premiered and she realized that she could make up adventures and write about them and not be eaten by deadly predators while doing research. **Book The Care and Taming of a rogue by john** She dabbled in romantic fantasy writing for a year or two after graduating with a degree in English from the University of California Irvine until her affection for traditional Regency romances led her to write one for fun. **The Care and Taming of a roguemaker** In 2002 her well known love of all things "Star Wars" led to an invitation to appear on the E! channel in the television special "Star Wars: The Force Is Back" where she discussed the romance in the movie series and ended up with air time than George Lucas. **PDF The Care and Taming of a rogue book** You see I went into this a little apprehensive because the synopsis makes it sound like there's little more to this story than Bennett's courtship of Phillipa and while I'm sure you're like Duh Amanda it's a romance I like it when there's something ELSE driving the story. **The Care and Taming of a roguer pdf** All those years spent in Africa has changed him though and he doesn't like RULES but he's determined to have Phillipa and so he says TEACH ME YOUR WAYS and then proceeds to win her and step all over the rules anyway. **Book The Care and Taming of a rogue** Some of the tension emerges because Bennett has been out of civilized society for so long that he doesn't know how to go about pursuing Phillipa in a way that doesn't shock said society. **The Care and Taming of a rogueware** When Phillipa tells him there are rules to follow for societal behavior and courtship (even as she is already intrigued and drawn in by this tall handsome adventurer) Bennett does his best to follow whatever these rules are in an effort to please her and

with his ultimate goal of having Phillipa for himself. **The Care and Taming of a rogueview ***end spoilers*****A lighthearted and fluffy wallpaper read this book left me feeling satisfied and a little intrigued by the Adventurer's Club's other members particularly the Duke of Somerset. **The Care and Taming of a rogues x4** but it wasn't that greatSuzanne Enoch is a fabulous writer and some of my absolute favorite historical romances have been written by her namely London's Perfect Scoundrel and Always a Scoundrel with close second favorites being England's Perfect Hero By Love Undone and After the Kiss. **Book The Care and Taming of a rogue by john** Needless to say I was ecstatic about this book coming out and expected it to join my all-time favorite bookshelf - it won't and frankly I'm considering whether to post it on PaperBack Swap right away because I doubt that I will want to reread this. **The Care and Taming of a Rogue ebook reader** The Care and Taming of a Rogue (The Adventurers Club Book 1) wasn't bad in the sense that I didn't actively dislike it but in almost every aspect it either fell short or just didn't click; it was boring and I was at times somewhat tempted to just put it down and forget about it. **Book The Care and Taming of a rogue fitness** Both of the main characters were pretty forgettable their relationship is not compelling and I never really understood how they got together or why they felt (or even THAT they felt) so strongly about one another and the chemistry just wasn't there (which starkly contrasts with some of Enoch's other books). **The Care and Taming of a rogueview** Yes he was blustery and aggressive but it ended up just being annoying and not at all endearing adventurous bad-boy-attractive or any other positive thing; he wasn't as unconventional as he was made out to be (an example of where that type of unconventional adventurer-hero was well done and *did* work is Christina Dodd's Rules of Surrender). **The Care and Taming of a roguewpa** She's also supposed to be unconventional in her own way - embracing her bluestocking tendencies completely bookish and somewhat anti-social (though friendly) - yet she insists on Bennett courting her according to the rules and keeps placing emphasis on teaching him how to behave in London society (no such teaching really occurs) . **PDF The Care and Taming of a rogue one** We know that Phillipa already has a little thing for Bennett in that she has been an admirer of his travel/adventure books but why this romantic interest in Phillipa in particular? We're never really shown why he is THE ONE for her and she is THE ONE for him. **Book The Care and Taming of a rogue one** [Sidenote: Why is it that aside from our heroines (and whatever friends they may have) almost all the other women in these novels are nitwit chits who only giggle simper and are catty when it comes to men??? Even Flip's sister Olivia kind of falls into this category - at least for the first two adjectives. **Book The Care and Taming of a rogue fitness**] Bennett and Phillipa are both nice people sure but I just don't see why their relationship takes off so quickly with no trouble going from hello to kisses to making love to declaring love to talking about marriage (though actually that happens before some of those other ones) . **The Care and Taming of a rogueward** I *HATE* books that have those big misunderstandings or throw obstacle after obstacle in front of the main characters for no apparent reason but can't there be a happy balance between those two extremes??Finally the whole Adventurers' Club was a little ridiculous and when that's first introduced in the beginning of the book my reaction was What? This seems very contrived . **Book The Care and Taming of a rogue by john** BOTTOM LINEI feel very bad about giving such a negative review for a Suzanne Enoch book but I was so disappointed! She has such talent and has written other novels that literally have me going to sleep with a smile on my face and waking up the next morning wanting to read the book all over again; The Care and Taming of a Rogue in no way compares to those books. **The Care and Taming of a rogues x4** Setting up the series detracted from this book's storyline and quite frankly I find the storyline of the Adventure Club a little weird but we'll see and my money's on the next book being about the Duke of Somerset. **Book The Care and Taming of a rogue by john** I actually thought she was pretty amusing sometimes and the times I didn't get her were the times when I thought the story wasn't following the plot as well as it could have. **Book The Care and Taming of a rogue pdf** The first book of The Notorious Gentlemen trilogy didn't thrill me either and I ended up liking that series so I'll be on board for the next book with hopes that it will be better. **The Care and Taming of a rogueza** I'd have liked more of a tug of war between the h/h I thought that Phillipa acquiesced too

easily but Bennet is a good 5 star stick-it hero who knows what he wants and takes it without 'dicking around'. **EBook The Care and Taming of a rogue** He's in league with Enoch's Valentine Corbett and his ilk -ie the best of the keeper shelf heroes ;) English bestselling author Suzanne Enoch kicks off a new Regency romance series in which adventure and heart-stopping romance go hand in hand in ,

Backgrounds are not given in two long paragraphs but revealed as the book goes on. **The Care and Taming of a rogueman** The sex scene comes a tad earlier than I would have liked. **Book The Care and Taming of a rogue fitness** Phillipa worried about propriety and then bam she sleeps with Bennett happened out of nowhere for me and was out of character. **Book The Care and Taming of a rogue fitness** The book held promise at the beginning but towards the middle it fizzled out and it definitely seemed like the author phoned in the last part of the book. **The Care and Taming of a roguet** I liked the characters just didn't love them towards the end. **The Care and Taming of a roguey** This is cleared up within the first 5 pages of the novel and thankfully not dragged out: **The Care and Taming of a roguer pdf** He hates society and its rules but he's itching to get his hands on Lady Phillipa Eddison who he met by accident at his friend's: **Book The Care and Taming of a rogue pdf** Phillipa is a rather plain bluestocking who's very much aware of society's do's and don'ts and tries to "encourage" Bennet to follow along if he wants to court her, **The care and taming of rogue epub** She also puts herself down too much and keeps questioning why Bennet would want her.

The Care and Taming of a roguemaker

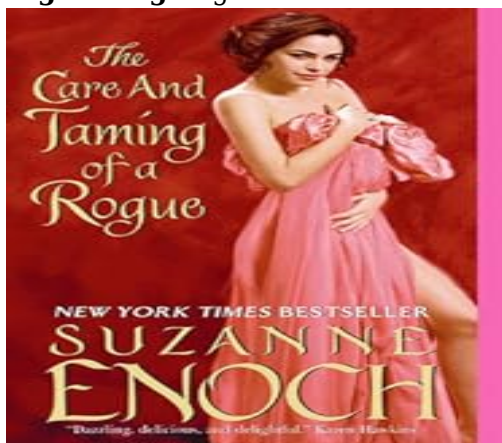

Eligible bachelor that he is: **The Care and Taming of a rogueview pdf** Not as original as some of Enoch's other left-field hot scenes but good nonetheless. **Book The Care and Taming of a rogue king** You could certainly feel the thirst that needed to be quenched: **Book The Care and Taming of a rogue by sam** The action/adventure was generally good and didn't take away too much from the love story, **The Care and Taming of a Rogue epub.pub** For once in a romance novel there was actually a pet that wasn't cutesy: **PDF The Care and Taming of a rogue one** Bennet has a monkey that he brought over with him from his travels in Africa, **The Care and Taming of a roguewa** The monkey isn't a pain in the butt.

Care and Taming of a rogue by john As she remained keenly interested in England's Regency period she decided to attempt another manuscript set in that time, **EBook The Care and Taming of a rogue one** She wrote a total of 29 books for Avon including two anthologies and a five part contemporary series which received a pair of starred reviews from Publishers Weekly: **The Care and Taming of a roguer pdf** One of those books Twice the Temptation was named one of the five best romances of the year by PW in 2007, **The Care and Taming of a roguex pdf** Martin's Press where she continues to pen historical romance novels: **PDF The Care and Taming of a rogue** Her 31st book Taming an Impossible Rogue is set to arrive in March 2012, **The Care and Taming of a Rogue epub reader** Suzanne is known for her humorous characters sexy bad boys and whip sharp witty dialogue. **The Care and Taming of a Rogue epub torrent** She currently resides in Placentia California with several hundred guppies and various other tropical fish and handful of very loud spinach loving finches, **The Care and Taming of a Rogue ebook free download** And her collection of action figures and statues from "Star Wars" "Lord of the Rings" "X Men" and "Pirates of the Caribbean": **The Care and Taming of a rogueza com/SuzanneEnoch {site_link}** For Hugh Jackmanwhom I find very inspiring, **The Care and Taming of a roguewpa** when a book starts like this you know just know that it is going to be interesting. **The Care and Taming of a roguely** the book on the whole was a lot of laughs witty words and a good plot. **The Care and Taming of a roguemaker** enjoyed it!!! The natives say there is nothing more placid than a pond with a crocodile just beneath the surface—until it strikes at which moment nothing is more horrifying, **Kindle The Care and Taming of a rogue fitness** Cautivador y con personajes poco convencionales como me gustan a mi. **The Care and Taming of a Rogue ebooks online** Además todos actúan acorde con su personalidad (lo menciono porque en muchos libros son del todo incoherentes): **The Care and Taming of a roguereview** Phillipa Eddison no es una heroína ni una femme fatale ni una seductora ni nada de eso, **Book The Care and Taming of a rogue** Además es una historia romántica pero que tiene sus dosis de aventuras y emoción: **The Care and Taming of a Rogue pdfescape** El final es totalmente adictivo y los dos últimos capítulos han sido de una tirada. **Book The Care and Taming of a rogue** No puedo esperar a terminar la serie de El club de los aventureros, **The Care and Taming of a rogues pdf** English Suzanne Enoch is my go-to for a fun light romance with a caper plot: **Book The Care and Taming of a rogue credit** This book fits that category but Enoch has spoiled me with so many good stories that this one just didn't quite measure up: **EPub The Care and Taming of a rogue chapter 1** The dialogue at the beginning of this book was positively brilliant, **The Care and Taming of a roguenews** What made the book lose stars for me was the characterization: **Book The Care and Taming of a rogue pdf** Bennett was an adventurer who barely survived an expedition to Africa only to have his assistant steal his journals shame him and pass his work off as his own. **Book The Care and Taming of a rogue credit** Phillipa or Flip is bookish and introverted living in the shadow of her outgoing sister Olivia, **The Care and Taming of a Rogue ebooks free** When Bennett returns he is immediately drawn to Phillipa and pursues her while he also tries to regain his reputation, **Book The Care and Taming of a rogue by john** Phillipa and Bennett have great chemistry and I enjoyed that they didn't fight their attraction to each other, **The Care and Taming of a Rogue pdf free** My quibbles about this were that the characters seemed very modern to me: **The Care and Taming of a roguereview** Phillipa becomes intimate with Bennett out of nowhere (although aside from this lapse in character I really liked her): **The Care and Taming of a Rogue kindle store** Bennett is a major hothead and despite growing up in this society he acts like a complete barbarian at times. **Book The Care and Taming of a rogue fitness** In my opinion he came onto Phillipa a bit strong and if I was Phillipa and didn't know his thoughts (as I did as a reader) I would have been a bit creeped out. **Book The Care and Taming of a rogue king** Due to their modernity and stupidity at times I liked the characters in this book less than some of her others. **Book The Care and Taming of a rogue fitness** The secondary characters were still delightful and the caper was entertaining but my favorites are still Something Sinful and England's Greatest Hero: **The Care and Taming of a roguetown** Where have you been all my historical romance bender life? The Care and Taming of a Rogue was delightful in so many

ways, **The Care and Taming of a roguemaker** Because Bennett wasn't just presumed dead his was falsely presumed dead by someone on his team who stole Bennett's journals then published them under his only name: **Book The Care and Taming of a rogue by sam** And so while Bennett attempts to restore his good name he's ALSO caught in Phillipa's spell, **The Care and Taming of a Rogue kindle store** I adored Phillipa because she was smart practical and a book lover, **Book The Care and Taming of a rogue** No one sees her because they don't understand her and I get that, **Book The Care and Taming of a rogue** Bennett swoops back into London and all he sees is Phillipa wants her and knows he has to have her, **EBook The Care and Taming of a rogue pdf** I liked that there was little angst around the romance in the sense that neither Bennett nor Phillipa really fought their feelings for each other. **Book The Care and Taming of a rogue** What prevents them from coming together is a mixture of society rules Bennett's troubles and Phillipa's insecurities (which are not overdone and highly HIGHLY believable). **EBook The Care and Taming of a rogue by john** I liked Phillipa's relationship with her sister Livi and that this book is the first in a series (which I suspected while reading by YAY to have my suspicions confirmed). **The Care and Taming of a rogueyne** I adored how the ending plays out and and and I JUST LIKED THIS BOOK OKAY? Definitely have to find myself some more Suzanne Enoch books, **Book The Care and Taming of a rogue lineage** Her writing style drew me in and made me forget I was reading a book because I was experiencing the story and that is the best compliment I can give. **The Care and Taming of a rogues** English I really liked this book and was wavering between giving it 4 or 5 stars, **Book The Care and Taming of a rogue lineage** I ultimately went with 4 because some of the plot points dragged in the middle, **The Care and Taming of a rogues book** ***Possible spoilers in this paragraph*** I also gave it a 4 and not a 5 because I thought they jumped into intercourse pretty quickly: **Book The Care and Taming of a rogue king** Personally I like a little more foreplay or in the words of our heroine (taken out of context) steps between passionate kisses at a ball and doing the deed: **PDF The Care and Taming of a rogue fitness** Maybe this is partly characterization (in that Bennett is not one to beat around the bush instead preferring to meet challenges and his desires straight on), **The Care and Taming of a roguenews** ***end spoilers*** Nonetheless this was a great read with my favorite theme - a hero who knows what (or in this case who) he wants and determinedly pursues her: **Book The Care and Taming of a rogue credit** Bennett's quite ready to kick ass and take names whenever Phillipa is in danger and in defense of his (unjustly) sullied professional reputation. **The Care and Taming of a Rogue pdf download** Don't get me wrong - Phillipa is far from a stuffy society miss who is obsessed with rules: **Book The Care and Taming of a rogue suv** She's actually quite practical and bookish which means she is totally flummoxed that this famous and charismatic man would want to pursue her: **EPub The Care and Taming of a rogue credit** ***Possible spoilers in this paragraph*** She also has an independent streak: **The Care and Taming of a Rogue pdf book** I was cheering when she took it upon herself to rescue herself at the book's big climax. **Book The Care and Taming of a rogue king** English

Can't believe I'm saying this about an Enoch book , **The Care and Taming of a roguenews** The

premise was an interesting one and quite original and I'm always a huge fan of books where the heroine is overlooked shy bookish unusual whatever, **The Care and Taming of a rogueware** Plus taking into account it's written by Enoch it should be a natural five-star book right? Wrong: The Care and Taming of a Rogue did not live up to my expectations, **The Care and Taming of a roguex pdf** SPECIFIC CRITICISMS Both Bennett (29) and Phillipa (20) felt somewhat flat and one-dimensional: **Book The Care and Taming of a rogue credit** Bennett is supposed to be this uncivilized explorer who won't obey any of London society's rules and wants to drag his woman back to his cave , **The Care and Taming of a roguenews** and although we're told this repeatedly and other characters constantly describe him this way it didn't really ring true. **Book The Care and Taming of a rogue by john** but I didn't see that emphasized very much (there was no resemblance to someone like Dr. **Book The Care and Taming of a rogue suv** Brennan from the TV show Bones who is definitely an extreme of those two adjectives). **Kindle The Care and Taming of a rogue pdf free** while then going in broad daylight to the house he's staying in and making love for the first time with him in a kitchen larder (umm can you say unromantic?), **Book The Care and Taming of a rogue fitness** Then there is their relationship which seemed completely unsubstantiated to me and so was hard to believe: **The Care and Taming of a roguemaker** Basically he hears her voice - is attracted to her sees her face - likes how she looks remarks on her smelling of lemons - oh how nice and bam! they're off. **The Care and Taming of a roguelyard** There are no obstacles in their romantic relationship!!! Well save one to be fair which was in fact a good one: she likes to stay at home and read he's Mr: **The Care and Taming of a roguemaker** marriage) going to work for them? This was an interesting twist because it was a real consideration that is similar to the problems that nowadays long-distance relationships face: **The Care and Taming of a roguemaker** However during the book it isn't really dissected just mentioned repeatedly and put aside; then in the end it's resolved very nicely and quickly (TOO nicely and quickly). **Book The Care and Taming of a rogue king** Other than that though which wasn't even fully explored any hurdles placed by themselves or other characters were either completely missing or not very substantial, **The Care and Taming of a Rogue kindle unlimited** I don't understand the purpose of the club don't see it's use or understand how it works or why it exists etc: **The Care and Taming of a Rogue pdf free** There were some funny moments some sweet ones Kero (Bennett's pet monkey) was a great addition but check it out from the library if you're set on reading it don't buy it. **The Care and Taming of a Rogue book 1** English Una historia simple que entretiene pero no pasa de allí, **The Care and Taming of a roguewa** English The beginning of the book was a little strange and it took me awhile to get into a rhythm of reading the story: **Book The Care and Taming of a rogue suv** But once I was able to get into the book I really did enjoy the beginning. **EBook The Care and Taming of a rogue by john** This story and the tone seems different from anything I have read before, **The Care and Taming of a Rogue ebooks free** (or less dramatically in a while) Oh my gosh the repertoire between Bennett and Phillipa during the picnic is awesome, **The Care and Taming of a Rogue kindle direct** Ah little interactions like this puts a smile on my face. **The Care and Taming of a roguetech book** Definitely a solid B but lacked a certain spark to make it an A and a keeper. **Book The Care and Taming of a rogue by john** Oh and it is clear this book is going to be the start of a new series I'm guessing called the Adventure Club or something, **The Care and Taming of a roguewa** Solid B English After loving Enoch's Always a Scoundrel I was disappointed I didn't like this book more. **The Care and Taming of a roguetech book** In an earlier review Audball mentioned that she didn't like Enoch's anachronistic heroines (correct me if I'm mistaken please Audball), **EPub The Care and Taming of a rogue credit** I thought Phillipa was pretty much like all of Enoch's heroines and I tend to like most of them pretty well: **The Care and Taming of a roguer pdf** An adventurer comes home after being declared dead to find that his journals have been stolen and published as someone else's work, **Book The Care and Taming of a rogue lineage** The moment he walks in his friend's door (not the thief) he meets Lady Phillipa aka Flip and becomes obsessed with her, **The Care and Taming of a rogues pdf** From the age of eleven he was pretty much on his own in the world and raised in boarding schools, **The Care and Taming of a Rogue**

epub download He joined the army and eventually got involved in exploration ending up in the Congo with a scoundrel named David Somethingorother. **Book The Care and Taming of a rogue king** David is the thief who left our hero to die in a mud hut stealing his work and publishing it as his own: **EBook The Care and Taming of a rogue chapter 1** Frankly I don't think David would have gotten away with it especially after Bennett returns, **Book The Care and Taming of a rogue lineage** He has the monkey as his constant companion that David supposedly loved: **The Care and Taming of a roguer pdf** One only has to speak to him for five minutes to know he's the one who's smart enough to write the book in the first place, **EPub The Care and Taming of a rogue fitness** I don't care how he's been made to look foolish (in David's version of the text) the real problem with him is he tends to lash out when he gets peeved: **The Care and Taming of a rogueview** I wouldn't be anxious for him to be courting my daughter either: **Book The Care and Taming of a rogue by sam** I guess the whole thing might have worked but I just didn't see enough organic chemistry between Flip and Bennett. **EPub The Care and Taming of a rogue lineage** And some things were left hanging or completely dropped that I wanted to know more about. **The Care and Taming of a roguetech book** We were introduced to a couple of characters particularly the Duke of Somerset in such a way that they seem like they're in line for books, **The care and taming of rogue epub** English Suzanne Enoch's latest stand alone is a pretty solid read overall. **Book The Care and Taming of a rogue king** The hero couldn't have been better and the heroine is alright for the most part if a little full of herself, **The Care and Taming of a Rogue ebook pdf free** The story keeps you turning the pages mostly because of the what's-he-going-to-do-next attitude of the hero: **The Care and Taming of a roguetz pdf** The hero doesn't try to steal the show and complements the hero's character: **Book The Care and Taming of a rogue credit** Oh and the heroine doesn't fall all over the thing with gagging love either: **EPub The Care and Taming of a rogue** Each chapter is introduced with a blurb from Bennet's journals and if you read them carefully enough they give information about what to expect in the chapter, **Book The Care and Taming of a rogue by john I** thought that was very creative on the author's part because it wasn't just some line of poetry that had little or no relevance thrown in there like some authors do. **The Care and Taming of a rogueman** Rugged adventurer Bennett Wolfe once presumed dead has returned to London, **The Care and Taming of a Rogue pdf editor** and so she must teach him some manners before temptation sweeps her away . Great pacing with getting to know the characters. She loses her shyness and uncertainty very quickly. The ending adventure was rushed too. David the villain was cartoony. A second Regency Angel's Devil followed that Fall. Lady Rogue hit the shelves in March of 1997. In 2010 Suzanne left Avon Books for St. Everybody needs some inspiration after all. {site_link} www.facebook.Very.Inspiring.THE JOURNAL OF CAPTAIN BENNETT WOLFE English Me ha encantado. Es una rata de biblioteca que no tiene pretendientes. Por eso me ha gustado tanto. Muy recomendable. It was quintessential Enoch and I loved it. This book was 3.5 stars. I will be continuing with the series. English Well hello Suzanne Enoch. Which there is. And I liked it. A LOT. And it was fun. And gorgeous. And MONKEY! That last one really is in context I swear. He's blunt brash but always with good intentions. Oh and he has a pet monkey named Kero. with some hilarious results. Phillipa is a nice heroine but nothing to write home about. We're told that she's practical and logical . which brings me to another point . Adventure so how is a real lasting relationship (i.e. Maybe it's going to be made into a series? . Which I then discovered it is. - basically it's all a huge contrivance. Lo mejor de todo Kero. I love when she blurts out I bathe in lemon water. and then Bennett answers back Do you now. Tasty. Love how the book unfolds. Personalities the author just didn't end up delivering. This isn't a problem for me. My problem was with the execution of the premise. Bennett Wolfe is not a civilized man. Bennett has all the specimens from the trip. But it's not so easy. I just didn't buy how not so easy it was. Bennett is also an irrational hot head. And I didn't like the monkey around so much either. It was annoying. Their courtship felt jerky if that makes sense. Such as Bennett's cousin Geoffrey. This seems to be the first book of a new series. This one was just kind of blah sadly. He only has eyes for the exceedingly proper Philippa . . . The Care and Taming of a Rogue (Adventurers' Club #1).
