Policing relations between Heaven Hell and Earth is messy and violent but Elise Kavanagh and James Faulkner excelled at it-- until coming across a job so brutal that even they couldn't stand to see one more dead body. **Literature Fiction Deaths hand foot** Reine sure does know how to write about demons! The cons: Major lack of development with both the main and secondary characters also there was a few too many holes in the story I kept wondering if I missed something(I've heard many questions get answered as the series progresses). **Book death and nightingales** Lastly Elise is supposed to be the big bad and she knows how to kick ass but she sure got her ass kicked a lot she could barely contain a possessed 5yr old and she barely won every fight by the skin of her teeth. **Book Deaths handshake** I understand the author probably wanted Elise to appear vulnerable and not an impregnable superhuman but I wished she held the advantage a little sooner in maybe one fight? Yeah? Well my emotions were all over the place while reading this and to me that's a sign of a good writer whether I read the next one in this series or not. **Book Deaths handyman** What exactly was she? Part demon or something? Given the fact that she was seriously injured multiple times lost a fair amount of blood she was still walking around like nothing happened. **Death handled knives** Why did the author wait so long to inform us of this? It's like you get a picture in your head of what you imagine the characters looking like then suddenly it's changed. **Death handler** When they're getting ready to head over to Ann's this is after they supped the jeep up the reader is informed that Anthony is sitting in the jeep with half an inch of water collecting at the bottom. **PDF Deaths hand** I thought the roommate and cousin were strangely out of place they seemed goofy and their scenes had a Buffy the Vampire feel which was at odds with the rest of the story. **Literature Fiction Deaths hand** I didn't need to know every little detail of Elise's world and backstory and frankly I enjoyed the hints teasers & flashbacks much more than if everything had been laid out for me in all its gory detail. **Book Deaths hand** Here they are bound as kopsis & aphis (demon hunter and witch) with over 10 years of shared history and yet as far as I could tell they've both stayed firmly on their respective sides of the relationship line. **Book Deaths handy** I thought a few times that one of them (I won't say who) might be open to something more but the hints were very subtle and there's a good chance I was reading into it. **Book Deaths handshake** Sometimes they act like father and daughter (James is 12 years older) other times like comrades-in-arms and then there were those brief and tantalizing moments when everything else just sort of fell away leaving just the two of them in their own private world. **Book death and nightingales** 6: Deadly Hearts ██████ · Book 2: The Darkest Gate ██████ · Book 3: Dark Union ██████ · Book 4: Damnation Marked ██████ · Book 5: Dire Blood ██████ · Book 6: Defying Fate ██████ · Book 7: Paradise Damned ██████Original Crappy Boring Review (OCBR™) from when I had no life no friends and didn't know gifs existed can be found here. **Deaths Hand Science Fiction fantasy** How can that be? Around the middle of the book my interest actually picked up a little and I thought this might not turn out so bad after all! And right after that the writing and the story crashed so badly that I considered 1-starring this silly thing. **Death**

handled knives How can someone so strong and powerful (where did that power come from all of a sudden?) suck so much at fighting and get beaten so often and still win the war? And I really don't care if Elise turns out to be the daughter of the devil. **EPub Deaths handshake** Luckily for the human populations the real Big Bads have a hard time making it up to the surface of the world and as usual with their types they crave what we have and plot of ways to achieve it. **Deaths Hand Literature fiction meaning** This position or being I am not yet completely sure is called a Kopsis and as they are the first defense against Demon aggression and possession they are also on the top of the demon's hit list. **Book Deaths handy** Elise has a friend a male which named James with whom at one time they had performed a bonding ritual (non-sexual or romantic) thus making him her Aspis thus making her the Sword and him her Shield. **Deaths Hand ebook** So he becomes a dance teacher while she becomes an accountant:) That actually made me smile - dealing with Demons or the IRS - pretty much the same thing! However a small girl is possessed and the Kopsis and the Aspis become involved setting off a domino reaction which threatens to destroy them and all they know. **Death's hand in latin** I am not yet completely invested in all the characters but I loved Elise who is not a very nice person and kind of crabby and her roommate Betty who is one of those that exude excessive energy friendliness and inquisitiveness:

Hi everyone! My name is Sara and I write urban fantasy and paranormal novels as SM Reine: **Literature Fiction Deaths hand foot** I collect swords cat hair and typewriters (which I do use for writing!): **Kindle Deaths handmade** Its a good day when those three things have nothing to do with each other, **Deaths hand d2r** ;) Check it out {site_link} Hi everyone! My name is Sara and I write urban fantasy and paranormal novels as SM Reine, **Deaths Hand kindle books** I collect swords cat hair and typewriters (which I do use for writing!), **Death's hand amity affliction** It's a good day when those three things have nothing to do with each other, **Deaths Hand kindle direct** Now they've been pretending to be normal for five years leaving their horrific history a dark secret, **Death's hand amity affliction** None of their friends realize they used to be one of the world's best killing teams: **Book death and dying** Some enemies aren't willing to let the secrets of the past stay dead: **EBook Deaths handicap** Deaths Hand (Descent #1) Surprisingly good for a free book I can't say I loved it but it did make me curious about the next books, **Book Deaths handicap** I think it's the first free book from Amazon that I actually like! All in all it's worth reading: **Book Deaths handshake** Writing is good characters aren't bad and the plot has potential, **Kindle Deaths handmade** I loved all the action and information on the different demons. **Book Deaths handy** The pros: Elise as a heroine did not have a god complex. **Kindle Deaths handyman** She didn't rely on the love of a man to make her feel empowered although she had unrequited feelings for James that left her confused. **PDF Deaths handyman** There was never a dull moment and the action was top notch. **Death's hand in latin** Reine I usually love supernatural/paranormal type stories but I wasn't a fan of this one, **Deaths Hand kindle direct** I read another series by this author "Seasons of the Moon" and even though I was able to get through it it was still pretty bad. **Death's hand in latin** With this one I couldn't even get through the first book and I have all three. **Science Fiction Fantasy Deaths handmade** Needless to say although there was tons of action the story just didn't draw me in the characters seemed really flat most I couldn't even picture: **Deaths Hand Literature fiction meaning** I read up to chapter 17 and with that all I knew was that Elise had red curly hair Betty and Anthony were Hispanic and James was about 10 years older than Elise, **Book Deaths handy** She wasn't a very good fighter but it seemed like she fought on a daily basis. **Deaths Hand Literature fiction vs** How did her skills not improve? In the end I hate having to force myself to read a story so I stopped. **PDF Deaths handy** At the beginning James couldn't tell the ground was covered in feathers instead of snow. **Book Deaths handmade** This might be a stupid question but of course I'm going to ask, **Book death and nightingales** When James is warming Elise up after finding her body among the dead why did he put one of the hand-warmers on her crotch?3. **PDF**

Deaths handheld So Elise's special power is healing to human speed? That's it? How exactly would that be a special power? How slowly does she normally heal?5: **Deaths Hand Literature fiction meaning** James and Elise are racing to the cover of trees in the jungle and because the jungle is so thick the demons don't follow. **Book Deaths handmade** Huh? The demons are little though so you'd think it would be easier for them to run through the jungle than the adult size people, **Literature Fiction Deaths handicap** I found it strange that the first time 'Dis' is brought up it's never really explained. **PDF Deaths hand** How old was everyone? I mean there's the part when Betty is talking to Anthony about how he likes Elise and refers to Elise as a cougar, **Deaths Hand ebookers** After being attacked Elise still goes dancing with Anthony at the club: **EPub Deaths hand** Yet it's not until the next morning that she realizes she ripped her stitches out from dancing, **Book Deaths handyman** There's a night when James plans to gather all his coven together the following morning and Elise is present during this, **Deaths Hand kindle unlimited** Yet the next morning she's acting like she has no clue why everyone's there, **Deaths Hand Science Fiction fantasy name** Why does Augustine get mad when Elise and James come by? I mean his kid did start acting strange: **Book Deaths handicap** After Lucinde go outside Elise manages to get her back to the basement: **Book Deaths handmade** She gets her into the corner of the room and is holding a cross against her cheek. **Deaths Hand Literature fiction books** Why would Lucinde just have been sitting there? There was nothing about her being tied up or anything so she easily could have just pushed Elise away. **Literature Fiction Deaths hand foot** Again being that close to Lucinde Elise somehow didn't notice that Lucinde was going to punch her: **Book Deaths hand foot** For some reason it annoyed me that the author keep switching back and forth between the possessed ones and servants and she was talking about the zombie like people, **Deaths Hand kindle direct** Given the fact that James is a high priest I found it strange that his coven even knowing about demons and whatnot all seemed so clueless to the supernatural world. **Deaths hand d2r** In one of the flashbacks James is resting in a house after being tortured from the death goddess. **Book Deaths handmade** why the back? I can't imagine he was all sprawled out nice and cozy on the bed with his injuries: **Deaths Hand Literature fiction meaning** The only reason I knew they were Hispanic was because Anthony referenced his uncle as 'Tio': **Book Deaths handheld** How did Anthony ever find out that Elise was an exorist? Elise is the exorist. **Death's hand pet** Huh? Elise wasn't even injured around them until they were supping up the jeep to go after James: **Book Deaths hand foot** During a fight with the goddess Elise gets her hands on a shotgun and where does she shoot? The goddesses leg of course, **Death's hand amity affliction** Yes because it would have made too much sense to aim for the head or chest area. **Book Deaths handicap** This of course equals to a prefect time in Anthony's opinion to make out with Elise: **Deaths Hand kindle paperwhite** Seriously? That's worse then when the characters make out right after waking up, **PDF Deaths handy** Reine This was a freebie of 3 books in the series but I only partially read the first and won't read the others, **PDF Deaths hand foot** Too much action not enough reason to care for the characters: **Book Deaths handy** 5-demon-exorcizing-stars This wasn't the typical UF story I haven't read any horror but I wonder if this is maybe closer to that in tone: **EBook Deaths handicap** I appreciate the author tried to unveil the characters and their world in an untraditional manner but the execution was jarring and in need of a good edit: **Book Deaths handshake** However violent action scenes were where this author shined some moments were on par with the strongest UF authors I've read: **Deaths Hand ebooks online** Intentional or not Elise James and the demons are still a bit of a mystery by the end of the book which I'm ok with, **Literature Fiction Deaths handyman** The author has potential and some of my fellow readers felt the series greatly improved. **Death's hand in latin** Curiosity has the better of me and I will continue :) S, **Death's hand amity affliction** What a ride! The story begins several years after the events in the novella Death's Avatar: **Kindle Deaths hand** After saving the world the demon-slaying duo Elise and James are now retired and doing their best to lead normal quiet lives: **Death's hand image art** Elise is of all things an accountant and her witchy companion James has a dance studio, **Book death and nightingales** The biggest concern Elise has is keeping her business afloat: **Book Deaths handmade** until James asks her to meet with the Martinez family whose young

daughter Lucinde may be possessed by a demon, **Deaths Hand Literature fiction books** But James is determined to help the Martinez family and so Elise grudgingly agrees, **Deaths Hand Literature fictionmanai last** Little do they know there is a lot more at stake than the life & soul of a young girl, **Book Deaths handyman** Death's Hand is a perfect blend of urban fantasy & horror genres: **Book Deaths handy** Told from alternating third person POV's it features a genuinely kickass heroine some seriously brutal action sequences and more than a few creepy moments, **Death hand cartoon** When it comes to world-building the author seems to follow the less is more policy, **Deaths Hand ebooks free** It's a risky move on Reine's part and one that may alienate some readers, **Book death and nightingales** There's a tiny bit of romance in the book but not between Elise and James, **Deaths Hand Literature fictionmanai last** There's a wierd intimacy between them that even now I can't quite capture in words, **Death's hand amity affliction** I suspect my hopes of an Elise/James romance are doomed to be dashed but for once I don't mind: **Book Deaths handshake** They are so utterly fascinating I simply must keep reading about them, **EPub Deaths handmade** **Note: If you plan on reading this series I strongly recommend you read the novella Death's Avatar first. **Deaths Hand Literature fiction vs** Reine ☐ And the moral of this reread is: There's no Darkly Delicious Place (DDP™) like home Descent: **Book Deaths handshake** [September 2016]The MacHalos didn't LOVE this one so Elise Kavanagh Shall Kick their Shapely Asses and I Shall Annihilate them All Buddy Read (TMDLtosEKSKtSaaISatABR™), **Science Fiction Fantasy Deaths handicap** Friendly warning: you don't want to read this non-review it's spectacularly crappy and totally not worthy of this mostest awesomest series, **Book Deaths hand foot** But that was for the books 1-3 bundle as a whole so it doesn't count and stuff, **Deaths Hand epubor** Okay so if I wasn't totally full of crap I'd rate this 3 stars. **Death handler already present** AND Reine is right up there with Awesome Pippa DaCosta when it comes to Yummy Demon Stuff. **Deaths Hand Science Fiction fantasy name** So I don't give a freaking damn if this is a *whispers* weak first instalment, **Book Deaths handicap** Descent is to this day one of the most original UF series I have ever read, **Deaths Hand epub file** And the last few books in the series are bloody mind-blowing: **Death's hand poe** I'm sure lots of delightfully clever readers have written wonderfully enlightening reviews about this book though, **Death hand cartoon** These reviews obviously won't be as good as the one I would have written but they'll still be informative, **Book death and dying** » And the moral of this Crappiest of Crappy Non-Reviews Ever Review (CoCNRER™) is: Obviously, **Book Deaths handmade** Reine The ever changing timeline in the beginning was confusing: **Literature Fiction Deaths hand foot** The author didn't explain any of the demons or other working of her world: **Book Deaths handy** The writing didn't seem so bad early on but the story was mostly meh for me. **Book Deaths handyman** James was more likeable than Elise but I did not connect with either of them and the plot never grabbed me. **Book Deaths hand** The first and only time in this book that I thoroughly enjoy the action one of the sidekicks was in a fight scene, **Literature Fiction Deaths hand foot** Have I mentioned the lack of world building? I actually looked up demon names on Wikipedia because not a thing is explained: **Death's hand lyrics** World building: Zero!The more I read the more the writing irritated me, **Book Deaths handyman** The writing was actually getting worse as I got closer to the end of the book, **Deaths Hand Science Fiction fantasypros** And there are too many editing mistakes in the ebook mostly missing words. **Deaths Hand kindle paperwhite** By the time the story started to build up towards the finale I couldn't WAIT to be done: **Book Deaths handshake** If I could I would go back to rage quit now!I couldn't have cared less if one of the fiends or zombies had eaten Elise: **Book Deaths handicap** You know what? 1 star it is!*~*~*BOTM read with the MacHalos. **EBook Deaths handheld** 75 *** A buddy read with The MacHalos who have not given up on the UF Genre yet:):):) So I had never heard of this series and had absolutely no expectations going in, **Deaths hand d2r** My friends Sara and Maria like it so this was a good enough incentive for me to read it:) And I am glad I did, **Deaths Hand Science Fiction fantasypros** Death's Hand is the first book in The Descent series by S: **Book Deaths hand foot** Reine and it opened up with a set of engaging scenes which had me hooked pretty much straight up. **Deaths Hand booker** It is a well thought-out story with a different look on the human-demon relationships in a world which seems to

be overrun by the hellish creatures, **Deaths Hand Literature fictionmanai last** Our main character Elise is involved with keeping the agreed upon boundaries by enforcing the agreements between the Hell citizens and those who represent our best interests. **Book Deaths handshake** After some time of being very successful at taming the beasts they have a case from which they barely make it out alive and decide to call it quits, **Kindle Deaths handy** The book is full of action and intense situations which kept my interest up from beginning to end: **Book Deaths hand** But I still liked her:) For the rest - the jury is still out but I would like to know what happens with them and learn more about this world: **Book Deaths hand** So yes I am going to read them all:):):) I wish all of you happy reading and I hope demons are only found in the pages of fictional books. Elise works in an office. James owns a business. After years of hiding something stirs. Bodies are vanishing. Demons scurry in the shadows of the night. A child has been possessed. And to tell you the truth it surprised me. S.M. Reine 3.5 stars Good start for the series. Can't wait to continue to see what happens next. S.M. Reine 3.5 stars I have mixed feeling for this book. Woohoo! She was accessible without coming across as weak. S.M. S.M. Yeah that's it for the descriptions. I couldn't figure Elise out either. Questions/Comments: 1. Did he forget his glasses? 2. Elise is looking under Lucinde's bed. How was it possible for Lucinde to kick out at her. hitting Elise's face without Elise noticing? 4. 6. 7. 8. How would that have been possible? 9. 10. 11. Does Elise need glasses? 12. 13. 14. Elise checks his temperature. first on his back then his forehead. 15. So Anthony and Betty are Hispanic. 16. She's been injured. She's not talking about why. So that part makes no sense. 17. How did Ann know what fiends were yet James didn't? 18. Again Elise is not a good fighter or shooter. 19. So Elise was just beaten by Dominic and his goons. She's injured in pain and bloody. 20. Why hadn't he put the top up then? S.M. I was fighting off a snore. Nailed in this review: <https://www.goodreads.com/review/show>. S.M. Reine 2. M. Reine Holy hell. Elise is understandably reluctant to get involved. She doesn't hunt demons anymore doesn't perform exorcisms. Those days are behind her. The fate of the world itself hangs in the balance. In my case it didn't. I'll admit I was a bit disappointed by that. Or not. I honestly don't know. Their relationship is very murky. 5 stars. S.M. Because I said so and stuff. Previous rating: 3.5 stars. New rating: 4 stars. Because I'm biased as fish and stuff. But this is Elise Freaking Kavanagh. AND this is one of the best freaking UF series ever. And nothing short of awesome. So I don't give a damn what you people think. What? Were you expecting a review? So sorry. Things to do crap to read and all that. So please go ahead and check them out. No no really I insist. You have my blessing and all that crap. I think. Hopefully. Somewhat. Don't read anything below a 4-star rating though. Because haters gonna hate and stuff. · Book 0. Read it at your own risk and stuff. S.M. Elise was not a likeable character. Building thereof not much. Not. A. Thing. Short choppy sentences followed by verbose exaggerations. Stating the obvious. Loose plot ends. And some of the descriptions were plainly silly. I nearly rage-quit two chapters before the end. Whatever. Got the three-book-bundle for free on Amazon. S.M. Reine *** 3. M. I was exhausted just thinking about someone this perky. They creep me out! S.M. Reine.
