

Gurus of Chaos: Modern India's Money Masters By Saurabh Mukherjea **Book Gurus of chaos** He is a CFA charterholder with a BS in economics (with First Class Honours) and an MS in economics (with distinction in macroeconomics and microeconomics) from the London School of Economics. **Book Gurus of chaos insurgency** It gives an inside view of how fund managers in India think and introduces you to practices that have / have not worked in fundamental investing in India (India specific books on this topic are fairly limited). **Gurus of chaoswar** You may not agree with some of the views.

Gurus of chaospace fun

What does it take to be a stock market guru? What are the traits needed to be a successful investor? Can one master the stock market or is it a gift one is born with? How does one build a portfolio and protect it? Learn from the masters. **Gurus of Chaos booking** However within the universe of market watchers in India there is a small group that has managed to build a fine set of navigation tools and develop a unique perspective and approach towards the market. **Gurus of chaosstern** Using their insights and his own experience of working in the market for nearly a decade Mukherjea provides an essential and indispensable framework for operating in the Indian stock market. **Gurus of Chaos booking** Prior to Ambit Saurabh was co founder of Clear Capital but reading it as a chronicle of the different schools of thought that are at play in the Indian market is still a useful exercise - if you do invest in the Indian markets yourself. **Gurus of chaoswar** English Its an interesting read for several reasons- When we usually think of Stock market gurus we're prone to think of Individuals like Rakesh Jhunjunwala or RK Damani and not really the Fund managers of large Mutual Funds- We think MF funds always play it safe by investing in blue chips like HUL/TCS (After all what research could be needed to invest in those :) but its a hard job to track the economy as a whole identify sectors etc- Also talks about the challenges of the Indian market (extremely short term horizons immense comparison) and how these MF heads have to work around those. **Book Gurus of chaosium** If Saurabh Mukherjea was making an effort to finish a book on the Indian markets and fund managers I don't understand why he left out so many well known Indian professional investors from this book. **Book Gurus of chaos meaning** Excellent ideas on a very important skill -wealth generation through investments in equities in India English The book shares the mind of some of the successful fund managers in the Indian markets. **Gurus of chaoswar** Some of the key takeaways were1) Having a simple framework of investing2) Understanding the business model of the company3) Having a well defined framework to manage risk4) Having a contrarian mind5) Putting in 10000 hours into the skill to become an expert by constant reading and gaining experience. **Gurus of Chaos booking** Overall I would say the book was an average read as I felt the book could have been better organized in terms of the content and placement of the interviews of the fund managers. **Gurus of chaosorc** Good stuff lots of references to other good books to help the reader become more knowledgeable advise at a broader level on portfolio selection and managing both buy and sell side strategies:

Book Gurus of chaos meaning

A London based small cap equity research firm that was created in 2003 and sold in 2008. **Gurus of Chaos ebookee** English This book gives some pertinent data regarding Indian stock market and special issues one faces when investing in Indian stock market, **Book Gurus of chaos emeralds** the checklist to detect the accounting shenanigans used by Indian promoter is useful, **Gurus of chaospace fun** The book reinforces the message that you cannot take the accounting numbers at face value in India and need for extreme caution. **Gurus of chaosspiel aufgaben** This fact is born out by repeated scams in Indian stock market. **Gurus of chaosorc** English Gurus of Chaos is essentially a collection of interviews of seasoned market participants in India, **Gurus of Chaos**

kindle books Some are drawn to its thrill and promise but more often than not they fail to recognize the risk that accompanies the reward of a great ride. **Gurus of Chaos business cards** For many the market and its workings defy logic and mastery. **Book Gurus of chaos** They have created and institutionalized investment strategies based on their experiences and philosophies, **EBook Gurus of chaos theory** Saurabh Mukherjea delves into the minds of seven such individuals asking them to elaborate on the tools they use and how these work. **Gurus of Chaos kindle** He traces their journey from being novices to successful long-term investors: **Gurus of chaosmyth** The interviews with prominent fund managers in the book are: Sanjoy Bhattacharya Alroy Lobo Akash Prakash Sankaran Naren Sashi Reddy B: **Business Gurus of chaos meaning** Manjunath One who prefers to remain anonymous Gurus of Chaos: Modern India's Money Masters Saurabh Mukherjea is founder and chief investment officer of Marcellus Investment Managers, **Book Gurus of chaos** He is the former CEO of Ambit Capital and played a key role in Ambit's rise as a broker and a wealth manager, **Book Gurus of chaos gpt** When Mukherjea left Ambit in June 2018 assets under advisory were \$800mn, **Book Gurus of chaos meaning** English First book which focus on indian investing gurus If somebody wants an Indian perspective this is a good starting point . **EBook Gurus of chaos gpt** A fresh look at investing from the point of view of indian investors English There are very few books available on the Indian stock markets and money managers. **Book Gurus of chaos insurgency** We always have to rely on books written by foreign authors based on the foreign markets, **Book Gurus of chaosium** In such a scenario a book on Indian investment managers is always welcome, **Book Gurus of chaos gpt** 'Gurus of Chaos' by Saurabh Mukherjea is a slim volume which can be read very quickly but it gives you some points to think about as well, **Book Gurus of chaos walking** The author is not trying to tell you something new about the process of investing but is reiterating the known facts in a simple way to understand, **Kindle Gurus of chaos walking** The best part(s) of the book is the interviews with portfolio managers based in India or who invest in Indian Markets. **Book Gurus of chaos theory** There are interviews with Sanjoy Bhattacharya Alroy Lobo Akash Prakash Sankaran Naren Sashi Reddy BN Manjunath and an anonymous fund manager who is easy to identify, **Book Gurus of chaos walking** It's always good to know how the professional managers approach the investing process, **Gurus of chaospace fun** However most of the interviews are quite brief and the book gets over in 172 pages which also include the content written by the author himself and the seven interviews. **Kings of chaos pdf** He could have included more interviews if he did not had the time to write more content for the book. **Book Gurus of chaos insurgency** Even in a small book like this there is repetition of ideas by the author which could have been edited: **Book Gurus of chaos insurgency** It felt the author wrote down his learnings for the book as he would write in a personal diary, **Gurus of chaostar** English The author has been sincere in his efforts - you can make out from the kind of questions he asks. **Gurus of chaosspiel aufgaben** However I maybe unfair here there was this nagging feeling that this was one of the many other efforts to glorify fund houses, **EPub Gurus of chaos emeralds** Not that they are bad but to focus only on fund managers heavily and leave out some of the other mavericks of Dalal street left me a bit disappointed, **EBook Gurus of chaos gpt** Like my Math teacher wrote in every exam paper of mine - Good but can do better: **Gurus of chaosstern** The portion describing Sanjoy Bhattacharya Akash Prakash are good: **Book Gurus of chaos insurgency** The portion which describes Mutual Fund managers are useless at best to me. Finished this book on my way back in the flight. interviews did not make much sense for me. rest of the book is good. The Indian stock market is many things to many people.N. In my opinion the book is too short. English This is a book I will keep coming back to. English Good in parts. English
