

Reckless Wind By Bonnie K. Winn **Book Reckless windows 10** Esta ha sido una historia de malentendidos uno detrás de otro ninguno se soluciona porque los protagonistas van a hablar pero al final no hablan y lo resuelven dándose un revolcón. **Historical Fiction Reckless windsor** Y la protagonista la pobre es digna de lástima: es la única persona en toda la historia que no tiene ni idea de qué está pasando porque nadie le cuenta nada claro con lo cual queda de estúpida y sus decisiones dejan mucho que desear...Una pena porque al principio cuando sólo había uno o dos malentendidos la historia era tolerable e incluso tenía buena pinta pero después se vuelve aburrida y predecible. **Fiction Reckless windows 10** Todos los personajes (incluso el lector) intuyen o saben quiénes son los malos menos la protagonista y para colmo de males hasta el 93% del libro se lleva suspirando por su amado un tío que la dejó tirada cuando su padre murió y del que no ha sabido nada desde entonces...un poco ridículo y cansino...Con lo cual si te gusta las historias con mucha angustia y malos entendidos y una protagonista que no sabe si está en Marte o en la tierra...este es tu libro. **Book Reckless windsor** With her Father being accused of being a cattle rustler his death and the prospect of losing her ranch who was the boss? As if trying to keep her poise when the two of them were together host parties and go to them behave and dress like a woman and not fall in love with Reese now they had to put up with rustlers and someone wanting to kill Jen or Reese or both of them. **Reckless Wind bookkeeping** Her father had been accused of cattle rustling and the ranch was blacklisted meaning they couldn't fulfill any contracts they currently had & couldn't take the cattle to be sold. **PDF Reckless windsor** If she were to marry and take on a new name and her husband was able to make the new contacts; her ranch would get off the blacklisting and they could resume business as usual preserving their way of life. **Book Reckless windstream** Reese McIntire is a drifter never staying put for very long running from the demons in his past that continually haunt his present and more than likely will always haunt his future. **Reckless Wind pdf editor** After being thrown in jail for being drunk he wakes up on a ranch and is offered a proposition by a boyish looking woman: \$3000 in gold coins to be her husband for a year and working to get her ranch off the blacklist and to turn a profit once again and then he'll be free to go and pursue his dreams. **Reckless windmoor healthcare** Since she was a tomboy who never fit in she has no courtship experience and no real experience with any of the feelings that she felt not only for Charles but also for Reese. **Reckless windmoor healthcare** The story may have been somewhat predictable but it was the learning of true love that made this story a great one! I truly loved Jem Reese and all the people at the Bar W and Abigail and Michael Fairchild. **Reckless Wind booking** She rides horses better than her father's cowhands she wears breeches rather than dresses and the result is a very competent rancher but a very awkward girl towards men and with no female friends. **EPub Reckless wind creek** In her belief that she is right she befriended and continues to defend a bad guy (a cowhand and spy for the villain) and even invites a killer (her first love) in the midst of those around her because she is certain she's right and the rest of the world are just out to get her. **Reckless Wind Historical fiction vs** Too bad another woman - a good one - paid for this heroine's foolishness because her dream guy killed the husband of the only woman in this book who was nice to this pitiful heroine: She needed to get married so her husband could join the cattle drive and could make sure they made a military contract. **Reckless Wind Historical fiction vs** Then he could leave in a year with a divorce and \$5000 richer: **Reckless windmoor healthcare** Where could she get this man? There was no one in the area who would do this without telling the reason. **Book Reckless windows** She needed to hold on to the ranch as much for memories as for the welfare of the elderly workers on the ranch, **Reckless windvd free** She decided to bail out the man the sheriff had in jail and offer him the proposition, **Historical Fiction Reckless windsor** Reese McIntire was riding through town and got drunk and disorderly so he spent the night in jail, **Book Reckless windshield** He was more than caught off guard by Jem's proposition; but the money he would make would enable him to fulfill his dream of starting a freighting business, **Reckless windvd free** Could he stand being married and one married.

book Reckless Hearts. **Book Reckless windsor** For a woman to own a ranch and run it during the 1870s was practically unheard of. **PDF Reckless windows 10** I got this free from Amazon & already bought & read Reckless Hearts because this one was so good and I was intrigued for Abigail's story, **Book Reckless wind creek** Fiction Romance Historical Fiction This book started strong & piqued my interest, **Reckless Wind epub's air** For the most part two strong characters wrestling each other to be heard understood & accepted, **Reckless windproof** The bit I found irritating was a strong competent woman was her timidity of feminine pursuits & her emotional immaturity: **Reckless Wind Historical fiction vs** Fiction Romance Historical Fiction I could have loved this book since the created world and characters are a comfort zone for me. **Reckless windz** Unfortunately the heroine spends the whole of the book longing and waiting for someone undeserving. **Reckless windmoor healthcare** Even after she slept with the hero she still longs for another man even before the sheets cool down, **Book Reckless windsor** Her strength repulse females because they can't understand her manly pursuit and men stay away from her because her competence (and arrogance) threatens their manhood. **Reckless windward passage** So the first guy who shows attention to her she believes his lies even though everyone around her tells her he's not a good man. **Reckless Wind epub.pub** She's so pitiful in her tenacious hold of the wrong man's attention that she don't want to listen and see the signs of a man who's just using her for financial gain: **Reckless Wind bookkeeping** He has a dream he believes would earn him a comfortable living - if only he has enough funds to finance its launch: **Reckless windy** He'll marry the heroine for a year and depart soon after with more than enough funds. **Book Reckless windows** So these two came together feel their strong attraction and act on it. **Reckless Wind Historical fiction vs** They argue and they have s3x and then they are sweet together only to argue again, **Kindle Reckless windstream** Through it all this heroine keeps longing and comparing the hero and the other guy, **Book Reckless windows 10** Which I can understand at first because its normal for a person to compare love interest. **Book Reckless windy** But to keep hanging on to an untested 'dream lover' over a proven one throughout the book is tiring old and repetitive. **Reckless windmoor healthcare** Oh and by the way he also killed her father because they are all in his way of acquiring her land: **Book Reckless windstream** Fiction Romance Historical Fiction

WANTED -- A HUSBAND Jem was a tomboy with no interest in marriage, **Reckless Wind booker** But she had to find a husband--fast--or she'd lose the family ranch . **Historical Fiction Reckless windsor** MARRIAGE OR JAIL Reese was a drifter without a penny to his name: **Book Reckless windows 11** Then he was bailed out of jail by a total stranger--a beautiful woman with a strange proposition, **Reckless Wind booking** RECKLESS WIND It all happened so fast--a whirlwind marriage that saved Jem's ranch and offered Reese another chance: **Book Reckless windstream** But the sparks that flew between them ignited a secret flame of desire, **Historical Fiction Reckless windsor** Like it or not the mismatched newlyweds were in for the wildest honeymoon the West had ever seen! Film Festival. {site_link} Seré muy breve. Winn. This book takes place in Wyoming Territory in 1870. It is a romance and reads quickly. The characters are realistic and beautifully portrayed. Jem Whitaker was in a quandary. But she has a problem that requires a husband. Thus causing her ranch to go bankrupt and lose it all. But one thing could fix all these problems: a husband. I really liked how strong of a heroine that Jem was. Great twist at the end with a devastating revelation. Love the vibrant cover. So the heroine grew up to be different from other girls. The hero is a drifter with his own demon. That's where the heroine's offer made sense to him. Well written book though. They had nothing in common
