

Through the Last Door (Sacred Guardian, #1) By J.A. Jaken **PDF Through the Last door county** Kaori the main character seems hopelessly naive and trusting at times and yet it's probably that quality that has surrounded him with such a supportive cadre of supporting characters. **PDF Through the Last doorking** There were a few British pronunciations that seemed jarring to my fully American ear but that is easily made up for with the wonderful voice acting for all of the main characters and supporting cast. **PDF Through the Last doors roblox** At 13+ hours this is one of the longest audio-books I've listened to and one of the first where I noticed the Audible Cloud reader hang up while "buffering" from time to time. **Through the Last doormat** 9780986233005 Though I fell in love with the writing and was deeply moved by the sweetness of the princeling forced into assuming the crown despite his trusting if not naive nature not making him the best fit there was a distinctive lack of substance in this longish story a real awkwardness as to the pacing and structure (it was not an outstanding idea to have the novel fall into two halves first an adventure then a static palatial and courtly intrigue) that spoiled my reading pleasure. **Book Through the Last door** I know that opposites are supposed to get attracted to each other but in the case of Kaori and Hunter what Frenchmen call le mariage de la carpe et du lapin fully applies: they are unidimensional ciphers meant to play the act they have been designed for to and end up together without any concern for how ill-suited they may seem or how unbalanced their couple dynamics might appear. **Through the Last Door suspense account** On the face of it the choice of a deliberately non Western mythology blending a basically imperial Japanese ambiance with many elements of high fantasy no matter why the designer of the otherwise gorgeous cover has not been told to try and illustrate it (for the lad shown in this artwork exhibits facial features and coloring that look quite Europeocentric that is: Caucasian) works fine as a golden background against which Kaori and Hunter should have gained life and pictorial relief instead of fading somewhat away out of their sheer blandness. **Through the Last Door fantasy springs** The mere fact that their love story is not heavy at all on the smut only contributes to this impression; fading to black or ellipses hardly contribute to the life-like quality of the heroes. **Through the Last doorman** Not being myself a devoted reader of Tolkien's imaginary worlds mostly because as an ancient languages buff I find tedious his perpetual dragging in of invented tongues I was not very sensitive to the ways in which Mrs Jaken pays lip-service to The Lord of the Rings; for me her book was fresh enough and it worked tolerably well in the same literary subgenre albeit with a rather less ponderous style (Tolkien is no stylist !) and a full-throated MM twist. **Through the Last Door pdfiller** Yet for all that I enjoyed the universe created by Mrs Jaken I would gladly have traded a good many pages of world-building through dialogue or journeys into the country for a more engaging power couple and a far greater amount of time devoted to the secondary cast who often cuts a much better figure than Kaori or Hunter. **Fantasy Through the Last doorbell** That on the whole my judgment remains largely positive is a tribute to the sheer quality of Mrs Jaken's imagination as well as a measure of my praise for her ability to make the picturesque visions in her head come alive on the printed page. **Book Through the Last doorking** As this is a written novel it is technically not anime but the descriptive voice of the author makes visualizing the angles and the panning of scenery or the zooming in on the feelings and thoughts of the different characters it is definitely anime-like. **Through the Last doorzichtige** There are snakes and bugs there is action there is intrigue there is betrayal there is the hint or blatancy of magic at play laced with the hint of the supernatural or paranormal and of course there is the romance. **Through the Last doorzza** Yes it is that visual a read!As for the characters all of them from the main to the secondary all of them were treated equally so instead of getting a thorough idea of who Kaori and Hunter are and leaving the rest to be merely two-dimensional to fill in a blank space all of the characters are three-dimensional. **PDF Through the Last door** Can he find the wisdom and courage?And what about Kaori's feelings for his bodyguard Hunter? Even if Kaori proves he has the integrity to lead is the country ready for a gay head of state? This classic coming of age story shows why sexual orientation doesn't alter the principles of good governance. **Book Through the Last door county** 9780986233005 Ok I love Jaken for two reasons:1)she is constantly good with world-building (I liked both Pathfinder and THoS

settings)2)she is not afraid to take risks and go dark with characters. **Book Through the Last door** To cite GRRM\*: The battle of good and evil is a great subject for any book and certainly for a fantasy book but I think ultimately the battle between good and evil is weighed within the individual human heart and not necessarily between an army of people dressed in white and an army of people dressed in black. **Through the Last doorzza rexburg** Speaking of GRRM- There is Eyrie in this novel; maybe a nod to ASoIaF? 9780986233005 The fourth and final book in this series has just been released and I highly recommend them to any lovers of m/m fantasy. **Through the Last doormerica** But while he is glad to see his old friends again Kaori is having to deal with the frustration and stress of ruling a country he knows little about and with the 'guidance' of eight Lords who pretty much have only their own lands in the forefront of their minds. **Book Through the Last doors roblox** On a tour of the four most outlying provinces Kaori learns that not all is as it seems in his lands or with his friends and he is going to have to figure out who he can trust before he ends up dead and his country in the hands of a shadowy enemy. **Through the Last doorzza** I've not read anything by this author before (though I have had several of her books rec'd to me by various people) and lately the "let's give this one a try" method has not exactly been swinging in my favor. **Through the Last doorzza** It was a bit too lighthearted at times for my tastes and I certainly wanted to shake Kaori everytime he went all kumbaya on everyone (for the love of all that is holy must you trust everyone??) but at its heart this is a really good story. **PDF Through the Last door county** Mostly because it wasn't always lighthearted (next time why don't you throw me off the freaking cliff it would be easier on my heart!) and Kaori's quirks start to grow on you because he never gives up and he doesn't back down--even sometimes when he probably should. **Through the Last doorzza** 9780986233005 5 HeartsReviewed for MM Good Book Reviews Click link to take part in author giveaway (ends 26th December 2014)Kaori is the Heir to the throne of Kazure he's been away studying for three years when he gets a message that his father is seriously ill and he should return home. **EPub Through the Last door** Kaori grabs his new position with two hands determined to prove to the Lords of the Council that he can be the High Lord they need Kaori is thrown head long into danger as he discovers corruption and a country on the brink of war. **Through the Last Door fantasy** With the aid of his assassin bodyguards Hunter and Yura his best friend Haku and his advisor Ishaya Kaori must hold together a country on the verge of falling apart and discover the secret to summon Shinja the sacred Beast of Kazure. **Book Through the Last doorking** ~Lies on sofa \*blissed out\* revelling in the pure joy of a superb fantasy~ Oh all you fantasy lovers out there are about to get a true treat when you crack open this book you will be transported to an incredible world that has a feel of feudal Japan and incredible characters who draw you into a journey that will have you gripped from the first chapter. **Through the Last Door booking** Kaori is a wonderful character who doubts his ability to run a country he's not the strong warrior that his father was but he has other qualities that will help him if he could just have confidence in himself. **Through the Last Door booking** Yura is another of Kaori's bodyguards who becomes a friend in the short time he is with them he offers advice even when it isn't wanted but he is a true friend in all ways. **Suspense Through the Last doordash delivery** The setting we find ourselves in is wonderful a very old world feel with a high lord and several lords below him taking care of the country that has been isolated for years carriages and horses are the main transportation and we are given rich descriptions so you can easily imagine the country of Kazure. **Through the Last Door fantasy 5** The characters are beautifully written with each one coming alive for you you become immersed in their world as you take the journey with them feeling their fear anger happiness and joy. **Through the Last Door bookkeeping** The relationship that we see developing between Kaori and Hunter was exquisitely presented there were doubts on both sides caution was practiced with upmost care and when they finally grasped the courage to admit their feelings it was just beautiful. **Through the Last Door bookkeeping** I recommend this to those who adore fantasy who love characters discovering themselves who love getting lost in a story who love adventure and danger going hand in hand who love fantastic characters who you root for and who love a romance that is slow building but long lived and incredible. **Through the Last doorzza rexburg** \*\*\*Copy

## **Book Through the Last doordash delivery**

This epic offers a whole new fantasy world to explore: **Through the Last Door fantasy springs** And this time we don't follow a peasant or even a minor noble, **Through the Last doorman** Here the main character Kaori is the scion of the royal family. **Through the Last Door fantasy name** This epic initially had the feel of Dune but as many reviewers have said... with a Shogunate Japanese aspect. **Through the Last Door books** That Japanese feel is muted quite a bit when read & voiced by Dan Calley in his variety of regionally English accents. **Through the Last Door fantasy island** As a young and unproven sovereign Kaori resolves to visit the outlying provinces of his new realm and assure the border lords that he understands and appreciates their interests. **Through the Last Door pdf editor** Accompanied by several of his friends and bodyguards this trip soon becomes more than he expected, **Through the Last Door ebook3000** It's sixteen chapters (5+ hours of audio-book) before the phrase "relationships between men" is even spoken and over 30 chapters before we get past a simple snogging: **Through the Last doormat** To be sure there is a slow burning M/M relationship at the heart of this saga but it's not expressed primarily in the bedroom: **Through the Last doorzza rexburg** The world building here is superb and woven into the tale seamlessly seldom interrupting the present time action, **Book Through the Last doordash delivery** Yes there ARE a few villains but most of the main character's trust is not misplaced: **Book Through the Last doors roblox** Note: There are plot elements that deal with child slavery and some may find this harrowing but its not outside the norm for this style of sword and sorcery style fantasy tale: **Book Through the Last doorking** Dan Calley does his usual capable job with both the narration and giving voice to the various characters in the tale: **Through the Last Door fantasy 5** I'm not sure if he was even aware of it at the time but Calley does manage to pick somewhat annoying weaselly voice characterizations for the real villains, **Book Through the Last doorbell** I'm not sure if it's common in longer books but simply closing the audible reader and reopening it seemed to consistently solve the problems, **Book Through the Last doors roblox** Knowing the nature of this tale I think it would make an ideal road book for a long drive. **Through the Last Door fantasy map** I'll be sure to bring this (or possibly the sequel if it's been released on audio-book by then) along on my next long road trip: **PDF Through the Last doorbell** The splendid world building is of no help in counterbalancing the weakness of the main couple: **Fantasy Through the Last doors roblox** It had loads of detail and reminded me a bit of The Last Samurai meets The Lord of the Rings. **Book Through the Last door county** It had a very huge Japanese undercurrent which the author talks

about at the end of the book but in an otherworldly atmosphere, **EBook Through the Last door** Young Kaori is left the lands with his father's sudden death, **Through the Last doorman** Having been off at college in another country he never got to say goodbye and ease his way into his High Lord role: **Through the Last Door kindle unlimited** He decides to get a better feel of the land and the 8 Lords by going to visit each one: **Book Through the Last door county** This is where it reminded me a bit of LotR the action/adventure portion. **Book Through the Last door county** They set out to adventure and have run ins with strange creatures and evil-doers: **Through the Last Door fantasy springs** Among their travels they encounter secrets which unfurl more secrets: **Book Through the Last doors roblox** It was fun trying to figure them out with Kaori and friends. **Through the Last doormet** I thought the writing and story telling was brilliant the characters were well developed, **Through the Last doorman** The villains very villainous and the Hero's had big hearts they were hard not to fall in love with: **Through the Last Door kindle cloud** I know some like their stories hot and steamy but this story you're not going to get that and you're not even going to care. **Through the Last Door pdf reader** Of course the MC's come together as they should but it in a traditionally pure romance and full of love kind of way, **Book Through the Last door I** thought their love and the meaning behind the story was heart filling and uplifting: **Through the Last Door kindle store** I give it 4+ stars\*\*\*Given as and arc for my honest review\*\*\*  
9780986233005 Original Blog Post: Blog Tour eARC Review Excerpt & #Giveaway: Through the Last Door by J. **EBook Through the Last doordash** Jaken Through the last door is a fantasy novel written in the usual style but with a little bit of difference in its feel. **Through the Last Door fantasy island** For those of you who like to watch Anime then you know what I mean, **Through the Last Door booklet** This is a high fantasy story set in an alternate universe with the feel of historic Japan and something else, **EBook Through the Last doorking** Just like in anime the quiet way this is written contrasts beautifully with the almost dramatic visuals that come to mind: **Fantasy Through the Last door county** As I love the genre and enjoy the blood and guts flying every which way I can then yes I loved this book. **Through the Last Door epub reader** This is as fantasy as fantasy gets for those who love the genre, **Suspense Through the Last door county** The plot is paced in such a way where one scene merges into another before morphing into something else. **Through the Last Door fantasy island** There is also the style of which I liked when the scenes are not all sex or all action or all talk it actually develops. **Through the Last Door fantasy name** The quest-like turn of events move forward and if it drops in one part it will be surely picked up at another time to explain the whys of it, **Through the Last Door kindle reader** In short it was like watching something instead of reading it. **Through the Last doorzza rexburg** I felt like I knew how each one thought and felt so was not surprised when they did what was expected of them: **Through the Last doorzza rexburg** Oh my if the author were a bit less then this would have been an epic fail but she is highly talented and so I rest my case: **Book Through the Last door** Overall this is a highly recommended read for all those who love the fantasy genre with an M/M twist, **EBook Through the Last doordash** Jaken's "Through the Last Door" is a charming new adult odyssey about the ideals we choose to become mature: **Through the Last doorzza rexburg** An unprepared young ruler must prove his mettle in a mythical land whose technology is parallel to our 19th century: **Through the Last Door fantasy** Kaori is called back from university to his homeland after his dad the High Lord falls ill then dies, **Through the Last doorzza** To do so he must face mythical creatures political treachery and without any training summon an ancient creature only conjured by High Lords to protect their reign: **Through the Last Door fantasy name** Jaken's plot kept me on my toes and gave me goosebumps in all the right places. **Through the Last doorzza rexburg** "Through the Last Door" had a nice balance of tenderness and revulsion: **Through the Last Door fantasy springs** There are vile forces in the realm who permit base acts to maintain power: **Through the Last doormerica** While depicting the fiendishness with sufficient emphasis to ensnare me Ms, **Through the Last Door fantasy premier** Jaken has introduced the touch of mythical magic to make us squirm wondering what will pop up next, **Through the Last Door kindle reader** Mastery over these challenges is Kaori's path to self-awareness: **Book Through the**

**Last doorbell** As Hunter tells him "The one who underestimates your abilities is you Kaori:  
**Through the Last doormat** " I liked how his difficulties begin with external problems solved by the sword then turn increasingly internal. **Fantasy Through the Last door county** Because it's a huge struggle for most of us to find balance between honorable acts and self-acceptance of our limits, **Through the Last doorza pizza** forget there are floors and floors of other rooms in there just waiting to be explored, **Book Through the Last doordash delivery** Sometimes we're afraid to open too many of our doors for fear of what we'll find on the other side of them. **Through the Last Door fantasy map** " And in the end Kaori concludes "His inner rooms were not hollow or frightening at all but decorated by the things ... visitors left behind...: **Through the Last doormerica** The inner rooms of his mansion were filled not with horrors but with people. **Through the Last Door suspenseful music** "You can read "Through the Last Door" for a delightful coming of age epic written about new adults but pertinent to any age: **Book Through the Last door** I was transported from my own problems to an era of virtue and gallantry: **Fantasy Through the Last door** The novel reminded me of the valor I see in civic marches and in authors who put their creativity on the line so we readers can recapture our own idealism. **Through the Last doorz** First reason is why I wanted to read gay fantasy written by her as soon as I saw the announcement on her website: **Through the Last doorzichtig** But if you are tuning in more for reason #2 I have to disappoint you- We have romance and it's of the sweetest kind, **Through the Last Door books** \*\*\*\*\*It's easy and interesting enough read : Until 50% mark it's pretty much on-the-road adventure with our heroes battling monsters against all odds and being all heroic and stuff. **Book Through the Last doordash** I should have loved all of this and I admit I was entertained to a degree, **Through the Last doorzichtig papier** When I look at the world I see that most real living breathing human beings are grey: **Through the Last doormat** Good guys were all good and bad guys were all bad- there was not one character who is a little more complicated: **Through the Last Door fantasy football** I first read this book many years ago and it had me hooked enough to keep an eye out and follow the sequels as they have come out: **Through the Last Door booklet** The world building is excellent I love the Japanese vibe and the characters are highly engaging: **Through the Last Door booklet** JA Jaken has clearly put a huge amount of passion and effort into this series: **Through the Last Door pdf drive** 9780986233005 Maybe in the end this was the lesson Yura had been trying to teach him: Live well, **Book Through the Last doordash** Accept each day for what it is and nothing more; don't worry about what happened yesterday and don't pin your hopes on tomorrow: **Through the Last doormerica** And above all don't be afraid to have fun along the way, **Through the Last Door fantasy baseball** After the sudden death of his father Kaori is forced to give up his studies abroad and return to his homeland to take his place as the new ruler of Kazure. **Through the Last Door fantasy island** When this book came up on offer for review here on the blog I was a little hesitant to pick it up: **Through the Last Door booklet** And then I looked up the book saw the cover and ran back to claim this story for my own: **Through the Last Door fantasy springs** I am all kinds of slutty for a pretty cover and this one sure is pretty. **Through the Last Door bookkeeping** I don't feel all that bad about it to be honest but I just wanted to give props to whoever was the cover artist because they give good cover. **Through the Last Door fantasy map** However a cover may sell a book but it sure don't make one, **Through the Last Door pdf drive** So I kinda had to cross my fingers and hope for the best. **Through the Last doorz** Turns out my friends may have had something when they rec'd me all those books because I found I really enjoyed this story and this writing. **Book Through the Last doorbell** All that glorious tension between Kaori and Hunter was built so very very nicely till it kinda just made my kindle combust. **Kindle Through the Last door** It may have taken forever for them to get there but once they were there they were nicely stuck together: **Through the Last Door fantasy springs** While the blurb may have tempted me and the cover sold me it really was the story that made this well worth the time. **Through the Last Door fantasy map** Some very well rounded secondary characters helped give this story depth and I liked how certain obstacles were overcome (even if I kinda saw them coming), **Through the Last doorman** Go read it--especially if you are in the mood for a fun fantasy

story with slow-burn romance to keep you going, **Through the Last Door suspense definition** 5 stars This book was provided free in exchange for a fair and honest review for Love Bytes. **PDF Through the Last doors roblox** Go there to check out other reviews author interviews and all those awesome giveaways: **Through the Last doorza rexburg** Upon arrival Kaori discovers he is too late and his father has passed throwing Kaori into a responsibility he isn't sure he is ready for: **Through the Last Door pdfescape** We see his doubt in himself especially when in the presence of the Lords of the Council but it doesn't stop him from doing what he thinks is for the best, **Book Through the Last doordash** We see the growth of his character throughout the book but he doesn't change fundamentally so he is still the beautiful naïve/sheltered man we met on the first page: **Through the Last Door booklet** Hunter has been Kaori's primary bodyguard for many years his past is harsh and he lives for Kaori: **Through the Last Door kindle** We quickly learn that Hunter has feelings for Kaori that he would never act on he knows Kaori's responsibilities and is just happy to be close: **Book Through the Last doorking** Haku was Kaori's childhood friend who would do anything for Kaori but when Kaori returns their relationship is slightly strained... yeah and that's all I'm telling you ;-): **Kindle Through the Last doordash delivery** Jaken wrote this story was just perfect and I fell into this story easily and didn't put it down until I turned the last page. **Through the Last Door booking** The storyline is fantastic it might be about Kaori coming into his own but we are treated to an adventure that includes giant bugs magic deceit betrayal and love: **Through the Last Door booking** 9780986233005 Through the Last Door would probably be categorized as a non western tradition historical fantasy story. **Through the Last doormet** Honestly I wasn't expecting anything too major when I started to read it but the writing totally won me over. **Book Through the Last doorking** His father is a larger than life character in Kaori's eyes so he has lots of hesitancy about the future: **Through the Last Door fantasy springs** He suspected on his darker days that he was going to make a terrible ruler. **Through the Last doormet** Totally unexpectedly Kaori's father dies leaving the weight of the entire country on his young shoulders. **Book Through the Last doors roblox** Just thinking about it is enough to make him panic but he falls right into the position with vigor: **Book Through the Last doorking** He shakes things up a bit and proves there's more to him than what the under lords first believe. **Book Through the Last door** The problems in front of them didn't seem quite so insurmountable with this man by his side, **Suspense Through the Last doorking** The High Lord and his companions travel the country helping to defend lands free people and reveal conspiracies: **Through the Last Door kindle** The plot never gets tired and keeps the excitement and momentum building. **Through the Last doorz** Although I would not classify this as a true romance story it does have a romantic interest. **Through the Last Door suspenseful** This isn't a highly erotic novel but it does have a couple of sex scenes. **PDF Through the Last doorking** Let me tell you they were beautiful emotional touching and not corny in the least: **Through the Last Door fantasy springs** The theme of the story if you look past all of the exploits and escapades is love, **Through the Last doorza pizza** The storyline touches on love of self family friend lover and country: **Through the Last Door epublising** We're all of us filled with these dusty old rooms so many of them that you could never count them all, **Through the Last Door fantasy premier** Some have big tall windows and you can see right on inside them the moment you meet a person, **Through the Last doorzichtige** But other rooms are deeper in and you can only get to them by opening door after door after door: **EBook Through the Last doorking** Sometimes you can know a person forever and realize you've only explored the barest surface of the rooms they have inside of them, **Through the Last Door fantasy name** 9780986233005 When Kaori Sansa's father dies he is forced to return home to claim the throne as the rightful heir of the country of Kazure, **Through the Last doorzichtige** In the aftermath of his father's death he learns that the country he loves is riddled with corruption and is hovering on the brink of war, **Book Through the Last door** Jaken has been writing homoerotic fiction for than ten years: **Book Through the Last door** She got her start in the profession writing slash fanfiction where she has published numerous stories under the pen name Rushlight, **Through the Last Door books** Over the years she has written erotic short stories and novels in genres ranging from science

fiction/fantasy to gothic horror to modern detective mysteries: **Book Through the Last door county** She realized at a young age that she was attracted to the darker side of life in the fictional stories she felt compelled to write: **Book Through the Last doorking** She feels there is something enormously satisfying about putting a character through intense physical and emotional hardship and then carrying him or her through out the other side: **Through the Last Door booklet** She believes that is the main reason why she tends to write stories with J: **PDF Through the Last doorbell** Jaken has been writing homoerotic fiction for than ten years, **Through the Last Door books** She got her start in the profession writing slash fanfiction where she has published numerous stories under the pen name Rushlight. **Through the Last Door pdffiller** Over the years she has written erotic short stories and novels in genres ranging from science fiction/fantasy to gothic horror to modern detective mysteries: **Through the Last Door epub air** She realized at a young age that she was attracted to the darker side of life in the fictional stories she felt compelled to write, **Through the Last Door fantasy premier** She feels there is something enormously satisfying about putting a character through intense physical and emotional hardship and then carrying him or her through out the other side. **Through the Last Door bookkeeping** She believes that is the main reason why she tends to write stories with a darker edge to them. **Through the Last doorza pizza** Outside of writing her interests include studying foreign languages riding horses practicing martial arts and collecting medieval weaponry, **PDF Through the Last doors roblox** She speaks a little bit of French a little bit of American Sign Language a little bit of Japanese but she's not really fluent in any of them (although she's trying!). **Through the Last doorza pizza** She's endlessly fascinated by just about everything she sees around her and is constantly looking for new ways to learn and improve her knowledge of the world.To call this a slow-burn is a colossal understatement. Though rest assured it is finally achieved. That gave an odd sort of foreshadowing to the tale. The book thus almost reads as YA or NA. 9780986233005 What a fun story. Just an all around great read.A. At least for me. Neither did I get surprised by what they actually did. 9780986233005 J.A. Now it is up to Kaori to save his country.Ms. Jaken left much to the imagination. The novel did not disgust.This is a world as familiar as it is alien. It's evils are similar to today's. But Ms.And Ms. Jaken offers wisdom. Like when Kaori's advisor suggests people are like houses. "Sometimes we ." In today's language "it takes a village. More in line with Megan Derr.Then it switches to court intrigues and politics. but I was not surprised once." Kaori Hunter Razgul. they were all one-dimensional characters. Hence all scene we should have been surprised about.were not surprising at all.It was an ok but predictable read. p.s. Definitely worth a read. Live strong. Make any sacrifice for the ones you love. Keep the promises you make. So yeah. I was a bit hesitant. That is all on the author and their writing. And one that I really liked.Also there is Hunter. I love Hunter. Probably in more ways than one. Plus I really liked the world building here.So yeah. Good book.4. Click below.I loved this incredible story the way that J.A. It's loaded with action adventure and heart. Loving Kaori the main character was very easily done.Kaori is in line for the throne. He is away at school. Along the way he has help from many friends. Kaori loves his country and his people. His inner circle love and respect him.Another constants are growth and self-discovery. People are a lot like houses.I totally recommend this book. I feel blessed to have read it.bl.jajaken.com/novels/through. Through the Last Door (Sacred Guardian #1)J.A.A. {site\_link}.
