

The Unbeatable Squirrel Girl, Vol. 2: Squirrel You Know It's True By Ryan North I'm so happy to have a book that's actually funny and to see a character who is confident without having to throw out lines about her confidence all the time or fight a bunch of straw men created to make a point about how she's good at this and that. Who doesn't want a friend who uses web shooters with reckless abandon? Who doesn't want a friend who has Twitter battles with Tony Stark? Also Straw Man would be a great villain. Need I say more? What? The squirrel that runs up and down the World Tree? Shit-talking anyone into rage the ultimate internet troll of the gods... without even having to use the internet? All I have to say to that is: it's f***ing fitting to have him go up against Squirrel Girl. Paperback Although not as cute as the first volume it was super great to meet the rest of Doreen's superhero team and watch her get to beat up ***** and steal his ***** and have them not even *****! And then Nancy figured out the answer while hanging out with ***** and ***** on *****! TEAMWORK! \o/ Probably what made this feel so weird is that some guest artists drew Doreen and I recoiled from the page because no. ca! I'm the author of the webcomic {site_link} Dinosaur Comics (that's the comic where the pictures don't change but the words do it's better than it sounds and I've also done crazy things like turn {site_link} Shakespeare into a choose your own path adventure {site_link} write a comic for Marvel about a girl with all the powers of a squirrel or {site_link} mess up walking my dog so badly it made the news. ca! I'm the author of the webcomic {site_link} Dinosaur Comics (that's the comic where the pictures don't change but the words do it's better than it sounds and I've also done crazy things like turn {site_link} Shakespeare into a choose your own path adventure {site_link} write a comic for Marvel about a girl with all the powers of a squirrel or {site_link} mess up walking my dog so badly it made the news. I'm working on stuff as we speak hopefully it's good {site_link} The breakout character of 2015 continues her one-woman crusade against injustice and jerks! These TAILS of the Squirrel Girl will show you the Marvel Universe's most powerful super hero from a bunch of brand-new perspectives several of them Quite Astonishing. But to be fair: the energy and positive girl power spirit continues which is all good and I like the whole silly squirrel girl and sidekick-who-is-actually-a-squirrel thing and all the readers who send pictures of themselves with squirrels my fave one from a squirrel biologist (who as a group now have an obvious best comic yay!) the sass she gives other superheroes (many of whom have cameos throughout) all the bad dad-joke squirrel/nuts puns,

I HEART NANCY THE END Paperback Continuing Marvel's best and funniest meta-comic this time with an epic to rival the Galactus/Planet of Nuts arc: Loki changing himself into [NO SPOILERS HERE] to annoy his brother is the highlight of highlights, She's doing what I want in comics kicking ass and cracking wise. There isn't quite the emotional depth for me or not yet at least but this definitely isn't a book that seems to want to go that way: I'm 100% convinced that should Ryan North decide to go that way he could pull it off but right now I'm happy having a good time. I'd be happy to laugh my ass off at this book for as long as they want to keep putting it out: For me this book is one of the better books in terms of fulfilling the need for character diversity in comics. Because it showcases that diversity and it also still manages to be a goddamn comic book: Bitch Planet is like your slick cool friend who you kind of like hanging out with but also kind of makes you feel less-than or stupid or something, Bitch Planet is always talking about how you should really take a trip to South America because it will broaden your horizons, Bitch Planet never asks what you've been reading but tells you about all these things you should be reading: Reading Squirrel Girl feels like an inclusive fun awesome time. Squirrel Girl wants to be your friend and you should totally let her. She beat the shit out of Spider-Man and stole his web shooters: Until the Scarecrow got his pantaloons in a bunch and kicked his ass with fear dust or whatever. And you know the best way to combat internet trolls who no longer need the internet? Yep you've got it. It's And that's IT! Out of all the Marvels I've never seen anything quite THIS wholesome: They even limit the amount of Dad Jokes to a bare minimum here. It's so... optimistic and can-do and let's face it... Squirrel Girl really did just defeat all the Avengers in a single scene. Can I just petition Marvel to only allow Erica Henderson to draw Doreen ever? Or another woman I guess. SOMEONE WHO UNDERSTANDS

WHAT IT'S LIKE to have your body-confident super tough fictional pal rammed into a DudeBro Vision mold. And now I need to go look up Doreen/Nancy fanfic so excuse me. I could probably make some PRETTY CUTE FANFICS for these two if I do say so myself: Paperback

Hi Im Ryan! I was born in Ottawa Ontario Canada in 1980 and since then have written several books: {site_link} You can read my Wikipedia page for or check out my author site at {site_link} RyanNorth: Im working on stuff as we speak hopefully its good Hi I'm Ryan! I was born in Ottawa Ontario Canada in 1980 and since then have written several books, {site_link} You can read my Wikipedia page for or check out my author site at {site_link} RyanNorth, Collecting: The Unbeatable Squirrel Girl 5-8 material from GLX-Mas Special The Thing 8 Age of Heroes 3 The Unbeatable Squirrel Girl Vol. 2: Squirrel You Know It's TrueAll right I liked it but it took me a while to get into it, I am not a big fan of the art so didn't feel drawn in. The central story here is a mock epic battle with Ratatoskr the Norse God of Squirrels which Thor gets called on to deal with. Paperback Better than the first volume but the best stories in the book are the three little reprint stories in the back, I hate the little footnotes that you can barely read because of the color and tiny font size: I also hate how the first page of each issue is just a made up twitter feed: Paperback OK I think this book is starting to grow on me (like mould) as I actually quite enjoyed this second volume, Nothing great but to keep saying mean things about it would feel too much like kicking a puppy: It's only with the introduction of Chipmunk Hunk and Koi Boi that I've realised that in the US 'Squirrel Girl' rhymes: Here in the UK we pronounce the E in squirrel making it a two syllable word: Paperback Ten things I have loved and continue to love about Squirrel Girl:1.) The shit she gives to Iron Man (and the way she interacts with the rest of the Marvel universe on the whole)6:) The letter to the editors are always full of SO MUCH positivity8: I love Squirrel Girl simply because she's never meant to be taken seriously and is still so endearingly earnest anyways: It's wonderfully silly even while the events in the book are being taken seriously by the characters in the book, This is a book that I think my niece would really get a kick out of and I can enjoy it too so win-win. Actually I think that this would probably be a favorite comic of the Lumberjanes cast which is a really wonderful thing. Squirrel Girl isn't quite like any other book that I can think of that's currently being published by the Big Two and that's a wonderful thing too. Paperback This book is funny as hell. It's exactly what I love about Spider-Man. Okay part of what I love. Not so far. More than happy. Let me put it this way.Squirrel Girl is your best buddy you haven't met yet. Paperback Ratatoskr. No. Not even Spiderman. It made me want to KICK BUTTS. ZERO NUTS FOR THAT ART.But four out of five nuts for the rest of it.**It's not like I'm going to find any. I guess I'll probably end up writing it myself.Fangirl Happy Hour discussion: <http://www.fangirlhappyhour.com/2016/>. It's the garish color scheme. Maybe that's a small thing. But it made me keep putting it down picking it up. Chipmunk Hunk. Koi Boi. An actual character named Girl Squirrel. A character named Hippo is who is also actually a hippo.A fun YA series. A lot of manic teen invention. I prefer Ms. Marvel and Nimona in this comics area but hey it's good. It's a comic book. I want artwork on every page. Maybe I'm mellowing in my old age. or senility is kicking in.Charming harmless frothy fun.P.S. Squi-Rel. Say it with me. That E is there for a reason.) Body positivity2.) A relentless refusal to be anyone other than herself3.) She's got a silly dad-joke type sense of humor4.) CAT THOR (and I don't even really like cats. At all.)5.) Those

footnotes! 7.) Diverse inclusive and no 'tokens' here!9.) DID I MENTION CAT THOR AND MEOWJOLNIR?!10.) She puts her friends (and the world) above herself every. time. Paperback So much fun. Paperback.
