

Accidental Sorceress (Hardstorm Saga, #2) By Dana Marton **Accidental Sorceress booking** The Tera we met sequestered on her small Shahala shores is a far-way from the woman we know now and it is through her maturing voice that Marton skillfully navigates readers through some of her more 'interesting' author decisions that with a weaker narrator might put readers off. **Thriller Accidental sorceress sellen** Now anyone who has made a conscious decision to seek out a ROMANTIC fantasy knows (just as any author who writes this type of book and wants to keep their readership also knows) you can't kill the hero. **Accidental Sorceress suspense date** So most of us probably knew in reading that Batumar wasn't dead (although I did skim ahead to double check - cause I may have stopped reading had it been any other scenario) so now the success of this decision lies solely in what Marton chooses to accomplish within this separation time frame.

Accidental Sorceress pdfescape

Marton already had a strike from me when we hit this part because anyone who has read a review from me knows I can't stand the Book 2 Breakup for any reason. **Accidental Sorceress pdfiller** I simply cannot understand how authors cannot figure out how to keep a relationship fresh so they simply split them apart by some seemingly insurmountable problem only to reunite them later once the series has wrapped up. **Thriller Accidental sorceress leveling** It is solid for the type of story it is and had way more plot than I would have expected to find.

Book Accidental sorceress diablo

But all feel very natural in a world at war and the devastating after-effects war leaves. **Thriller Accidental sorceress book** If you are looking for a great book then you need to read this one.

Accidental Sorceress booking

Although not without its faults and yet he is steadfast and sweet with Tera and never overbearing. **Accidental Sorceress suspense date** Resolving at around 97% through I needed more than his summary explanation of I don't really remember somehow sold to the mysterious sorcerer we've never met mutilated patched together endlessly scarred wanted you to have a decision because I'm mutilated even though you're a healer who could just heal me hiding something vague under my shirt cobbled together explanation doesn't cut it. **Thriller Accidental sorceress leveling** Although my heart twinged with the Orz explanation I still don't understand why we can't just heal him or he can't show us what's truly wrong - except for the obvious explanation of typical holding secrets for book 3 to create drive scenario. **Book Accidental sorceress** 5/5; 4 stars; B+Continuing where book 1 left off Tera and the High Lord set out on a secret quest to try and stop the invading forces from coming through the gates and over-running their land. **PDF Accidental sorceress leveling** Tera is one of my most favorite character of all the books I've ever read!! Dana Marton created such complex characters making each unique and working them all into this story was brilliant. **Book Accidental sorceress sellen** on to the next Dana Martin book for me!! Happy reading!! Dana Marton I totally fell into "fascination" with the world Dana Marton created in the first book of her Hardstorm Saga series The Reluctant Concubine. **Thriller Accidental sorceress book** Within pages we are ripped away and tossed into the brutal world of the Kadar where instead of pale shades of ocean waves and sunlight gray fortresses splattered with blood is the main color palate. **Book Accidental sorceress build** The story picks up with a new journey that has Batumar and Tera embarking on together: crossing through a mountain to get to the sea crossing through hardstorms on an "uncrossable" ocean crossing lands to gather support to fight an evil leader and his army threatening all of the worlds. **Book Accidental sorceress book** But I as I think more about this book I realize there were other journeys traveled by Tera herself: her journey discovering

her powers her heritage and her strength through incredible loss. **EPub Accidental sorceress sellen** They feel real and the story is very believable it is hard to keep in mind this is fantasy as she pulls you in and gives us an outstanding tale of mystery spirits healers killers evil and so much more . **EBook Accidental sorceress book** Theirs is a desperate plan to try and stop enemy forces from invading their island home but first they must make their way across uncrossable ocean and a war-torn land with dangers they do not expect and cannot prepare for. **Book Accidental sorceress** The only real complaint I had was that the climax- which included a battle and a big plot twist reveal- and the events after the climatic scenes felt rushed; I would have appreciated hearing a bit more about their recovery and how all deal with the fall-out of what happened. **Thriller Accidental sorceress book** It should be noted that there is perhaps less romance in this book than the first as both plot and character development take more page time but what you do see of it is lovely and tenderly heartbreaking. **Accidental Sorceress suspense definition** All the characters seem fully formed and interesting in this tale- even a few new characters who take up a significant part in the story: a wraith a battle tiger and a merchant who seems to trade in beggar children and slavery. **Accidental Sorceress ebook** This may be because Tera is on the move during much of the story though and we do see a few interesting tidbits including a bit more about the Battle Tigers and their lords which were mentioned in the first book. **Book Accidental sorceress sellen** There are a lot of situational twists and several really big surprises in the plot The story and characters are wonderful and will leave you ready to read the next book in this series. **Book Accidental sorceress diablo** Adding a tiger and a wraith as companions on her journey Tera struggles to survive with her wits and healing skills while protecting her light from the dark power that seeks to claim her,

Book Accidental sorceress

Accidental Sorceress is a solid continuation of Reluctant Concubine: **Accidental Sorceress booking** I am impressed by the amount of character development Marton is able to cram into 280 pages and even more so surprised by her ability to do it without sacrificing plot. **Accidental Sorceress suspenseful music** Initially I was overjoyed to find Batumar and Tera travelling together on a mission to save their kingdom. **Book Accidental sorceress garden** I found that while they spent a decent amount of time physically together in Reluctant Concubine they didn't truly have a chance to interact and get to know one another: **Book Accidental sorceress** I was hoping that having them on a mission together would fix this and initially it did, **Book Accidental sorceress** I quickly devoured the dash through the mountain onwards through the Hardstorm pirate adventure. **Thriller Accidental sorceress book** I love Batumar's quiet strength and intensity.

Book Accidental sorceress garden

Hands down: **Book Accidental sorceress** My issue first arises with Marton's decision to 'separate' them in a seemingly finite manner. **Accidental Sorceress ebook** It is the most eye-rolling obnoxious section of any series and I'm waiting for someone to figure out how not to use it, **Book Accidental sorceress diablo** Now having stated my severe dislike of this plot device I will now give Marton a bone, **Book Accidental sorceress book** She did a solid job filling in the space of separation with meaningful growth for Tera, **Book Accidental sorceress sellen** It is in this section of meandering travel that Tera truly comes into her own. **Book Accidental sorceress** She learns to conserve her healing powers and to simply persevere: **EPub Accidental sorceress sellen** She has a strong sense of self and once she has decided on her goal she plods endlessly towards it refusing to be sidetracked. **PDF Accidental sorceress build** She does not spend endless chapters moping while being tended to.

Book Accidental sorceress garden

The success of the Book 2 Breakup must fulfill two categories, **Book Accidental sorceress book** The time between must be used in a meaningful way and the reunion must also make sense: **Book Accidental sorceress** I'll give Marton half credit here (which is actually a big complement because I don't think anyone has ever gotten a positive out of me for this). **Book Accidental sorceress** Tera's growth almost distracts me from the cut and paste ending, **Book Accidental sorceress** All in all I actually did enjoy Accidental Sorceress and I'm in no way put off in finishing the series. **Thriller Accidental sorceress leveling** I couldn't put it down and- am already anxious to see the next part of Tera's journey and the journeys of those beside her: **Book Accidental sorceress build** Dana Marton This is the second book in this series and Dana Marton did not disappoint her readers with this one. **Book Accidental sorceress sellen** She once again takes you on a magical journey into the next chapter of the heroines life, **Book Accidental sorceress** I could see how much research the author did for this book and it was highly entertaining, **Book Accidental sorceress book** Dana Marton Great Series! This is a great series; this is the second book in the Hardstorm Saga series by Dana Marton. **Book Accidental sorceress sellen** This book picks up where the first book left off so it is best if you read these books in order. **Book Accidental sorceress names** Tera is a powerful healer and travels with her beloved warrior to bring peace to their people: **Book Accidental sorceress names** He is an ideal romance hero built on his strength of character more than his physical attractiveness, **Accidental Sorceress epub** He's awesome and her ability to reunite them in a meaningful and useful manner, **Kindle Accidental sorceress** Not going to lie nor must she be constantly rescued due to reckless decisions. **PDF Accidental sorceress diablo** For me as Tera continued to growth leaps and bounds so did my faith in Marton's ability to make the best of an otherwise asinine plot twist. **Accidental Sorceress book** Just as Tera's strength pulls us ever forward so do the additional cast of characters: **Book Accidental sorceress** I admit I was decidedly uninterested in the guardians of book 1 so I was more than happy with the introduction of Graho Orz and Marga. **EPub Accidental sorceress diablo** I've been wanting Tera to have a battle tiger since they were first introduced and to find our momma tiger from book 1 was beyond awesome. **Book Accidental sorceress garden** Add to that our mysterious merchant and silent hollow and there are more than enough characters to distract (mostly) from Batumar's disappearance, **Book Accidental sorceress book** Add the reintroduction of Lord Karnagh and a ready supply of Selorn soldiers and I was almost happy through the following 50% of the book. **Accidental Sorceress book** And if not completely happy then I was at least readily committed to Tera's journey: **Suspense Accidental sorceress book** Although there is decidedly more action in Accidental Sorceress I still found the final battle again felt rushed in its completion. **Book Accidental sorceress names** I find that Marton could spend more time on her sieges to build tension (although I get it's not really an action story so I appreciate the time that was spent on it). **EPub Accidental sorceress names** And just as the final battle felt rushed so did Batumar's reintroduction to the story: **Accidental Sorceress book** Having him be Orz all this time while a decent resolution filled with potential shock value was not given enough resolution time to truly make it plausible: **Book Accidental sorceress** So like I said earlier emphasized by the gathering of armies and martial movements: **Accidental Sorceress pdfiller** Even with Marton's choice to use my least favorite romantic interlude I accept that she used the time wisely and developed the remaining characters: **Book Accidental sorceress** I'll definitely be reading Guardian Queen and as long as Batumar and Tera can actually be together I'm sure I'll be very pleased. **Thriller Accidental sorceress book** The romance aspect was second to the fantasy feel of the book which suited me just fine, **Book Accidental sorceress** Dana Marton Truly MAGICAL!!!! I'm at a loss for words!! I have so much to say but can't spoil this amazing story for anyone, **Book Accidental sorceress garden** The traditions set long ago by men and women and woven into this story had me spellbound, **Accidental Sorceress book** I love history and the ways people lived thousands of years ago, **Book Accidental sorceress** I can't say exactly when this took place if it's in Dana's creative mind but it all worked together and I'm so sad it's done: **EBook**

Accidental sorceress garden I know she's working on the third book in this series so I can't wait to read what's next: **Accidental Sorceress booking** Incredible book!! So much better than any movie because you really get to know what's in the characters deepest thoughts and their heart, **EPub Accidental sorceress build** The author started her series in the first book in a quiet shimmering place..., **Accidental Sorceress kindle** a warm clime where peaceful people who can help others by healing them live in harmony: **EBook Accidental sorceress garden** The journey of Tera from her life as Shahala healer to the lover of the Kadar High Lord Batumar continues in this book: **Book Accidental sorceress** Marton paints vivid scenes of life and death in this fantasy land: **Thriller Accidental sorceress leveling** I was walking with her every step of the way feeling the triumph the despair and the anger that Tera felt as well. **Book Accidental sorceress** I come into this series as a non-fantasy fiction reader so I have no baseline as to what a fantasy story "should be like: **Accidental Sorceress pdfescape** " In my perspective as a romantic suspense/romance reader I enjoyed every often-bruta sometimes-hopeful word of this tale. **Book Accidental sorceress leveling** And the last two lines in the book - just perfect! I cannot await the next book in the series and anticipate seeing more of some secondary characters as well. **Accidental Sorceress ebooks free** Dana Marton What a wonderful ending to a wonderful story there is no wonder both of the Hardstorm Sage books have been in the top 5 placement on Amazon: **Thriller Accidental sorceress build** The book takes right off where book 1 left off with more outstanding spins twist that only Dana can do: **Book Accidental sorceress** Dana's characters are strong loving and caring ones as you will find in Accidental Sorceress: **Accidental Sorceress kindle direct** Tera is a healer that only wants to help and keep her people free she will have to give up and go through so much before she is through, **Book Accidental sorceress book** She is truly an amazing character her strength love caring and giving nature makes her the wonderful person she is: **Book Accidental sorceress** She will be tested and tried many times before journey is done. **Thriller Accidental sorceress book** She loves one man and would give up her life for him let's hope it doesn't come to that. **Book Accidental sorceress** The tiger is amazing Dana puts together an amazing story of how the two met and became friends. **Book Accidental sorceress** High Lord Batumar is a man of power he is a giving and loving man that has lost so much in his lifetime, **Kindle Accidental sorceress names** He is strong and will go through must for the love of his people and the women he loves. **Accidental Sorceress ebook** To love again is hard to give of one's heart you must trust make them one with yourself: **Book Accidental sorceress build** The end is near let's hope it will not be the end of his life. **Accidental Sorceress bookkeeping** Dana brings many more wonderful characters to this story some you will love and others you will not like so much. **Accidental Sorceress book** They travel on a journey to bring peace to their people to keep them free, **Book Accidental sorceress** There are many roads they most cross many tests they must pass this is a life or death road only the strong will savior, **Thriller Accidental sorceress book** Come take the journey as Dana spins her tale of fantasy of a world that is falling apart where power is the target but freedom is the goal. **Book Accidental sorceress** One woman could make all their dreams come true if she can keep her spirit and heart out of the darkness. **Thriller Accidental sorceress names** There is not a lot you can say without giving the story away, **Book Accidental sorceress** There is so much heartbreak and Tera loses so much but she never loses sight of her goal: **Suspense Accidental sorceress leveling** I love the people that give her support the man who follows her the merchant even with him selling children he is a mystery, **Book Accidental sorceress diablo** The camel scene was well you have to read it but I am sure you won't forget it anytime soon. **Thriller Accidental sorceress leveling** This will be one story you will not forget for a long time, **Book Accidental sorceress** You could read this as a standalone but to get the full effect you really should read book one: **Accidental Sorceress suspenseful** Dana writes a story that you feel like you are there you see the scenes as the author draws the pictures. **Thriller Accidental sorceress leveling** There is no doubt that Dana has a brilliant mind that she brings to each of her stories: **EPub Accidental sorceress leveling** No one can touch your heart and bring you to tears along with laughter as this author can. **Thriller Accidental sorceress book** Her plots are outstanding her writing is smooth

and easy to follow her twists will keep you spinning as she shows us in *Accidental Sorceress*:
Accidental Sorceress pdf editor I highly recommend this series as I do all of Dana's books, **Book Accidental sorceress** One taste and you will become a fan as so many of us are: **Book Accidental sorceress build** "I have to say I didn't enjoyed this one as much as the first one: **Book Accidental sorceress** Basically the main character and her love interest spend the whole book separate and I absolutely HATE that trope so that took a little bit of my enjoyment: **Book Accidental sorceress names** Other than that the book was great and I loved seeing how much Tera has changed since the first book! 3: **Accidental Sorceress kindle books** 25/5 Dana Marton I liked this story even better than the first! When Tera accompanies her warlord lover Bartumar on a dangerous journey extraordinary events will test her will: **Book Accidental sorceress garden** In many ways this is Tera's story of coming into her own her Hero's Journey- or at least her journey to become the hero prophecy has foretold she is. **Book Accidental sorceress** Marton is masterful at showing-without ever feeling angsty or coy about it- how events affect and change characters. **Accidental Sorceress booking** The emotions are very nuanced making Tera a person and therefore someone you are rooting for and engaged with so very much. **Book Accidental sorceress leveling** Because this is a book about her growth focus is really on the plot on the journey, **Kindle Accidental sorceress build** For the most part it is very well paced and appropriate weight is lent to the battles and the effects of war: **Thriller Accidental sorceress leveling** Likewise for all the friendships and tenuous partnerships forged. **Accidental Sorceress kindle store** As Tera ventured further abroad in this fantasy world Marton has created we get a chance to see more of Marton's world building: **Book Accidental sorceress** Sadly a lot of the other cultures seem less fully formed or at least less well explained/shown than the Shahala and Kardar did in the previous book: **Book Accidental sorceress names** A Review copy was provided to me in exchange for a fair and honest review: **Book Accidental sorceress build** Dana Marton I have been waiting since 2012 to get my hands on this book and now I finally have a copy for my kindle. **Book Accidental sorceress leveling** I loved the first book obviously my first real dive into fantasy that was a real adventure: **Book Accidental sorceress garden** So far this book is written just as beautifully as I expected and boy it's kinda creepy: **Accidental Sorceress pdf converter** Highly Recommended! If you have not jumped on this wagon yet the ebook for book one is only 99 cents on Amazon and worth it. **Thriller Accidental sorceress leveling** I see some reviews saying that they weren't sure because of the title but don't let that fool you, **Book Accidental sorceress** My Review for book one: Reluctant Concubine <http://lovemebooksandstuffblog>. **Book Accidental sorceress** Dana Marton --Book 2 of the Hardstorm Saga from New York Times bestselling author Dana Marton: **Accidental Sorceress pdf merger** " Kirkus Review Tera a powerful healer travels with her beloved warrior the High Lord Batumar on a secret mission to forge alliances to stop the bloodthirsty Emperor Drakhar. **Accidental Sorceress book** Surviving vicious pirates slave traders and an ancient enemy of dark power is only the beginning. **Book Accidental sorceress sellen** The journey brings Tera unimaginable hardships and loss testing her spirit and heart as she gathers her own allies and fulfills her destiny: **EPub Accidental sorceress leveling** "The splendor of the author's vision cannot be overlooked, **Accidental Sorceress ebook** " RT Book Review ON SALE FOR A LIMITED TIME Scroll up and grab a copy today, **Accidental Sorceress suspense books** *Accidental Sorceress* (Hardstorm Saga #2)

You just can't. I don't want this review to sound angry. I cried and laughed while reading this book.it was wonderful. I would recommend it to anyone who like to read. I can't wait for book three. Not gonna lie I didn't really buy it. *****3.75 stars***** Dana Marton 3. It was interesting and kept my attention. It felt well balanced. A MUST read for anyone!!! Superb writing.the home of the healer-people the Shahala.... Again Ms. And nothing can trump the journey Batumar takes....As with the first book I loved this story. She still has a lot to learn the road is very rocky. Everywhere she goes she touches many hearts and souls. The trying times they go through. Two kindling spirit each out for the same thing freedom. He has a hard job and a hard road to travel. She moves on and gives so much of herself. Dana Marton "Spirit be strong. Heart be brave. You really see her grow emotionally. The free book held no determination on my personal review. I am a huge fan of this tale.blogspot. "Marton excels at worldbuilding and character development.
