And ... oh my ... Oh my my my ... There's a giant bulge! Candice. You're a whole tornado of a person. 5 yeehaw stars But ... you're country and I'm city. This was such a fun read. His presence is totally commanding. He's like the boss of my eyeballs or something. Do not look at his package Candice. Do not look at his package. My eyes move of their own accord. I'll bet my butt looks awesome. I am so badass. Take off your clothes. What kinds of things? Cows? Kind of. You are in so much fucking trouble. Fantasy Romance Science Fiction 4. Definitely one of my favorite heroines. And Candice helps Ian move on from his past. Her in your face approach was just what Ian needed. Candice breezes in to town. Loved this one! The only thing missing. Sexy times. and in many ways they do. or at least that is how it seems. Candice is a hoot no really she is. She is glamorous and has no shame in her game. She actually is as real as a person can get. and have for her. she has been known to call herself the Internet MD. It is the least she can do. it is her business after all. Candace is a force to be reckoned with. Things will start happening. Ian Mackenzie is stuck. he can't seem to get out of his own way. Candace is one of those characters who is non stop. Because Ian wasn't that hard to figure out or love. he was right there. He was just a man-child who just needed a swift kick. and Candace gave it to him. She presented everything he loved. she did not back down or run. Through a secondary character

"You are something you know that?" "Something awesome. Yeah I know." Candice needs someone who 'gets her' and who she is. Ian does. To get him to come out of it start living again. It was a welcome change to have a character like that. Completely lovable. Ian wasn't always as lovable in the beginning. As a couple they just really seemed to work. He just. he gets me all riled up. And he makes me laugh. He challenges me. I do things with him that I've never done before. I like it. I like this new me that I am with him. Shine Not Burn and MacKenzie's Fire were equally wonderful. 5 Holy Hot Cowboy Stars *Spoilers* Back off John Wayne. Don't touch. "I'm your guy that's who. In the first part of the book Ian is a bit bitter. I've

never googled that before. OMG I adored Candice. She is such a playful goof and maybe a touch ditzy. The book is from her POV and she is freaking hilarious. Your breakup was a good thing. Seriously. Time to cowboy up and stop feeling sorry for yourself. I don't know. He just gets me all riled up. And he makes me laugh. He challenges me. I do things with him that I've never done before. I like it. I like this new me that I am with him." "Google is your friend people. I'm serious. Ian's expression is classic. Busted. I enjoyed it so much. "I'm going to donate my brain to science." "More like unlocking Pandora's box" Andie mutters. "Do you use that music app? I do. It's pretty good." <http://jessicasoverthetopbookobsessio>. This book is one hilarious situation after another. Andie and Mack are about to have a baby. Candace lives in Florida with a successful beauty salon. My first reaction with him is to argue every point. Why that is I don't know but there's no denying it. Ever since then he has been impossible to be around. And everyone seems to tiptoe around him. Candace can't figure out why everyone is enabling him. Candace considers herself a fixer. She is going to be there for two weeks. Why are the women avoiding her. So she will solve this as well. Candace and Ian clash immediately. No one has ever challenged Ian like this before. It is a city versus country war. And it's hilarious. Candace's mind works in crazy ways. But her heart is pure gold. She is obsessed with Google. She Googles everything. Google is her best friend well maybe after Andie. "I can hang on the ranch. I can be a cowgirl. Ian doesn't think I can but I'll show him. He has no idea what he's in for. City girl by butt." "I'm going to win you know." "Win what?" "Win the war." I loved this book. Candace is a non-stop force from page one. And Ian sigh was perfect. All that broody sexy hotness is irresistible. Candace is exactly what he needed. Good. Lord. Have. Mercy. I love those two. This series is so wonderfully entertaining. I don't think I can NOT love an Elle Casey book
