**Bleach, Volume 06 pdf editor** Can't wait to continue Bleach! Tite Kubo Its a good volume overall Ichigo meets Ishida Uryuu and as their competition goes on they have to fight these hollows and like the competition is severe we learn more about Quincy and their history and what happened 200 years ago and Ishida's history too and them teaming up vs the hollows Menos Grande comes in and so Ichigo has to fight that but thats when we see Ichigos insane unlimited power and the way he is able to defeat it Ishida becomes inspired and its so cool to see two friends come together and they share a great moment in lunch and then Rukia goes away as Byakuya and Renji are after her to take her to soul society up next! Good volume overall and just continues the awesome world building in bleach and has amazing moments for Ichigo also something going on with Orihime and Chad?
