

He Chose the Nails: What God Did to Win Your Heart By Max Lucado **He Chose the nailsoft** He Chose the Nails: What God Did to Win Your Heart Amazing perspective gained thanks to this book! I am all about enriching my relationship with Christ and this book truly further opened my eyes as to what all took place at the Cross! Beautifully yet humorously written! GOD is the Author and Creator and nothing that took place at the Cross was by mere coincidence or random. **He Chose the nailsome** Highly recommended! Such an AMAZING and LOVING GOD we serve! Religion Spirituality Christian Before reading this book all I know is that Jesus died on the cross for me to be saved. **He chose the nails summary** Religion Spirituality Christian Max Lucado writes Much has been said about the gift of the cross itself but what of the other gifts? What of the nails the crown of thorns? What about the garment taken? What about the garment given? and it continues. **He Chose the nailsoft** With that as an introduction I will say that despite reading many books on Christianity faith Christ and so on I had never looked quite at all of the things surrounding the cross Jesus' crucifixion and resurrection in the way that Lucado looks at them in this book. **He chose the nails max lucado session book 2** With the simple analogy of his father writing some final words to him and his wife a picture is painted around each one of the things that we read about in the Bible that speaks to much greater meaning and significance than we tend to give them as we read through the passages. **Max lucado book he chose the nails** Would you do any less for something that you knew would far surpass your life? So trace the path of these meaningful symbols in which Lucado writes God was never more sovereign than in the details of the death of his Son. **He Chose the Nails epub file** It may change the way you look at those things every time you read those passages from here on out and help you marvel that much more at what transpired when Christ went to the cross. **He Chose the Nails Religion spirituality def** Lucado illustrates here there's much more to it than that! Between the salvation of the thief on the cross to the temple curtain being torn in two to even the sign placed above Jesus' head this book brings the greatest story ever told to life in a new way. **He chose the nails study** Religion Spirituality Christian Today is Good Friday -- 4/18/2014 -- As a Christian this is a book I read every Good Friday along with the DVD The Passion of the Christ an amazing film. **He chose the nails pdf** This book was inspired by a Russian Christian who left a cross on Lucado's desk one Sunday with a note that said how his new faith in Jesus led him to retrieve the nails from an old abandoned Russian church and form those nails into a cross and around the cross he wove a crown of barbed wire -- which is image on the cover of the book. **He Chose the nailstudio** If God can change John's life through a tragedy could it be he will use a tragedy to change yours? Religion Spirituality Christian Max Lucado has such a unique way with words and describes in ways which make you think and actually wonder why didn't I think of that! This is truly one of my favorite of his books and I have enjoyed all that I have read. **He Chose the Nails epub** I haven't been able to watch Mel Gibson's Passion of Christ because of the violence of it - this book doesn't focus on the brutality but rather focuses on God and his reasons for going through the things He did,

. Touch the velvet dirt moist with the blood of God. Allow the tools of torture to tell their story. Listen as they tell you what God did to win your heart. That's it. I took it for granted and never appreciated it. It is a gift. It is just amazing. This book is an eye-opener. But the premise made sense to me. And I think that any of us can relate to that.but as Mr.Chapter 13 I can turn your tragedy into triumph. After Jesus death John's friend and future were buried. But John didn't leave. why? Was he waiting for the resurrection? No. Was he expecting a Sunday surprise? No. Did he understand Jesus? No. Was he glad Jesus did what he did? No. But did he leave Jesus? No. When John went in --< he saw and believed.In divorce papers God works for the good.In a prison term God works for the good. His insights are quite amazing. Highly recommended. at least thus far
