

Bite This (The Kurtherian Gambit, #4) By Michael Anderle update Okay so now that I found out these books are really a serial and written in less than 30 days I will have to bump them up by one full star even tho I am not really into serial type books. The men sound like men everyone get's their own distinct voice she reads with emotion and her end comments at the end of the book are very entertaining She really does like reading this series. This is a must listen series!!!! Bite This (The Kurtherian Gambit #4) I've said it before I'll say it again: WHY don't more people read this! This author Michael Anderl has a way with words. Not the worst that could happen right? Bite This (The Kurtherian Gambit #4) 3+ stars I'm enjoying this but the endings are getting sloppy like they know it's going to pick up right where it ends and relatively quickly so why close it up? But it's fun stuff. Series includes: Death Becomes Her - The Kurtherian Gambit 01 Queen Bitch - The Kurtherian Gambit 02 Love Lost - The Kurtherian Gambit 03 Bite This - The Kurtherian Gambit 04 Never Forsaken - The Kurtherian Gambit 05 (Early Jan 2016) Under My Heel - The Kurtherian Gambit 06 (Jan/Feb 2016) Kneel or Die - The Kurtherian Gambit 07 (Feb/Mar 2016) Bite This (The Kurtherian Gambit #4) "Bite This (Kurtherian Gambit 4)" continues the amazing series of BA and her team. BA decides the team needs uniforms and of course she makes sure that the uniforms are fashionable! For the women they each get \$30000 handbags so yes! BA is often angry and discovers that "in cycle" her anger is now infinitely stronger with her increased strength! hahaha Later we learn several hilarious new terms for BA's unexpected period as she tries to convey the situation to women on her team: "it's shark week" "the storm has made landfall" and "the uterus ninjas are here" were a few of my favorites! hahahaha The team continues to expand and the only minor flaw with the book is the frequent retelling of what happened in books 1-3. For fucks sake if people haven't listened to the earlier books don't slow things down for the rest of us! By book #60 the author won't have any time for new material if he keeps with the retellings! 4. Bite This (The Kurtherian Gambit #4) I read this as part of the boxed set Death Becomes Her / Queen Bitch / Love Lost / Bite This / Never Forsaken / Under My Heel / Kneel or Die Okay now it's getting a little ridiculous. Err did I mention the spacecraft? Oops! My bad! Guess what?: Stephen is sorting Europe and BA and the TQB are sorting South America. Did I tell you about the dog that joined BA ripping the throats out. Enjoy! Bite This (The Kurtherian Gambit.

Sadly this one is not a 3 star but 2, If you like the other books I am sure you will like this one as well. I am currently on book 5 and I am still finding this series just okay but it is still holding my attention some what, 3 Stars Bite This (The Kurtherian Gambit #4) Still enjoyable these straight-forward action movie books where everything is a bit too easy and there's some annoying repetitious elements: I want to see the team make it to space and maybe encounter a threat they can't roll over so easily: Bite This (The Kurtherian Gambit #4) I cant get enough of this series. It is such a great fun fast paced series! (audible review) So much action butt kicking and boy does Bethany Anne have a way with words, I love listening to the narrator's and author's commentary/notes at the end of the story. As for the narration it is great! Emily Beresford does such a great job narrating: Somehow he has managed to make me someone who's not a great fan of SF fall in love with this series. To all you out there who are reading this give the series a try! Best case scenario you find one of the best series you've ever read. Bite This (The Kurtherian Gambit #4) You take out one annoying vampire in revenge and now you have to clean up the mess? What a pain in the . Bethany Anne and crew are back! They need to grab a ship figure out who is trying to dig into her businesses get their hands around the potential for creating an A: When she slaps a face off the whole head goes with it: Bite This The Kurtherian Gambit 04 follows the story after Love Lost, If you haven't read the preceding books YOU PRETTY MUCH HAVE TO, These are a series and many of the characters have been introduced in preceding volumes, **Please note as mentioned in another review there is flagrantly foul language in this novel: The main character does not have a problem with cussing just uninspired cussing, As a minor historian buff I particularly enjoyed the way the story continues to link WW2 and Argentina with events today, Ivan and Stephen's daughter Gabrielle discover a squeaky bed so yeah...there's now a bit of hetero activity in the series.... perhaps BA will meet a girlfriend one day?

We can dream! The banter among TQB team is hilarious and Emily Beresford brings it to life terrifically. Tom the AI alien pilot talks with Gabrielle through BA which is pretty cool. I don't know how humans can even think they can beat up vampires and if they have so many muscles like the author describes they would be slow, You can't be that big and fast if you have been given the special juice: And the swearing that I thought in the beginning was smile worthy I am now sick to death of, So this series started at a 5 then became a 4 and now is a 3, The author mentions how books 2 3 and 4 only took weeks, This mainstream series is still very addicting and recommended for paranormal fans, Bite This (The Kurtherian Gambit #4) Still loving it Maybe it's me I dunno: In this book you watch the team pull together to become a company, 2.5 Stars Bite This (The Kurtherian Gambit #4)

Helicopters and protected SUV'S. They are even looking for a military base to purchase. They have a spacecraft. But it now seems they have a reporter stalking them. Someone should tell her. don't do that. Yeah he came from no where. And he got hurt. Thank God we have two vamps now. Yep he lived. So still plenty of action. But this book let you breathe. It kept the adrenaline pumping just a little more sedateley. The cussing is as inventive and colourful as ever. 5 to 2.75. I just can't put them down. So much fantastic dialogue throughout the entire book. These stories are pure entertainment. Worst case well you just DNF one more book. something. I. and the ongoing mess with Anton and South America. One of these days she will get a break. Fortunately for us it wasn't today. Got an attitude? That's nice. Just don't show it around Bethany Anne. 5* after deducting 1/2* for the handholding of newbies. Especially when the older men get into it. Let's just stop please. You can tell. Bite This (The Kurtherian Gambit #4) 3 1/2 Stars. The beginning was a little slower than normal. The last 1/3 really picked up and was exciting and fun. But this one felt a little more laid back know. All I can say is Thank God. I don't think I could finish the series at this rate. To the outside world they wanted to appear normal. You know nothing happening here move on kind of thing. They have computer technology ships #4) 4
