

The Nurse's Baby Secret (Harlequin Medical Romance) By Janice Lynn It's about how one learns that they matter to others.

yawn what can I say? After a promising start had to skim the last 30% else it would have been in the DNF pile and anyone who knows me understands that I really don't like it when i don't finish what I start. But when Charlie discovers the truth will he change his plans in order to stay or set her free by leaving before he ends up hurting her even more than he already has? Read More Janice Lynn Beautiful story I ♡ it Janice Lynn

Pregnant with the brooding doctor's baby... Nurse Savannah Carter is ecstatic to discover she's expecting but before she can share the joyful news with the baby's father—gorgeous Dr. 85 Janice Lynn I Read this on the kindle While the story is okay the synopsis says that Charlie must win Savannah back trouble is it's not until the last chapter that you can say he tries in all the earlier chapters he still pushing her away So while it was a okay read didn't think synopsis & the story fuhllly match Janice Lynn 3. Then he discovers Savannah is pregnant! Now he must win back the woman he loves...and convince her how much he wants to be a family with their beautiful baby, The Nurse's Baby Secret (Harlequin Medical Romance)The Nurse's Baby SecretThis was take of two people who were raised so differently. One who's father died at an early age and her mother having to work so much. Don't worry I'm in therapy and I'm sure my up-tightness is one of the things on the agenda, :) Janice Lynn Savannah Carter thought that everything was going really good in her relationship with Dr: Charlie Keele until he declares that he's lined up a new job in a hospital two hours away: So instead of telling him the joyous news that she's expecting she's determined to keep her distance from him until he leaves. Charlie Keele—he stuns her with the announcement he's leaving town: Charlie knows Savannah deserves better than he can give her and pushing her away is for her own good including a child. You would be better off if you hated meShe took a deep breath. Just because you didn't want the same things from our relationship that I did doesn't make you less of a good guy: Others may raise some questions about the hero but I liked him and I get it why he was acting like that, If someone has that kind of parents then no one needs an enemy to destroy the life, There were some little cute moments that I enjoyed very much. Janice Lynn Savannah is a nurse who is happy with her relationship with Dr. Just when she thinks things can't get any better she discovers she's pregnant. But as Savannah is planning their future Charlie has other plans when he informs her he's taken a new job a few hours away: However when Charlie discovers her secret he must decide if he wants Savannah and their baby in his future: This is the first book I read from Janice Lynn and I thought it was quite good, She was overjoyed with being pregnant and thought she and Charlie would have a future together. However when she learns he's moving to Nashville and didn't consult her she realizes he wasn't as serious about their relationship as she was. I liked the strength Savannah showed as she was determined to be a good mom to her baby with or without Charlie's help. Often she comes across as standoffish towards Charlie but given the way he treated her you can't blame her for acting that way, As for Charlie it took me a while to warm up to his character, In the beginning he's a jerk with the way he decided to move and didn't take Savannah's feelings into consideration. Throughout the book we learn about Charlie's childhood and how he felt

like a burden to his parents: His childhood experience affected him and was a huge reason why he kept pushing Savannah away. Towards the middle of the book I began to warm up to Charlie as he tended to Savannah. It was obvious the love was still there between the two yet their stubbornness got in the way, Often I wanted to scream at them to just get together already. I'm curious to read more of the Lynn's work to see if the stories are just as good as this one[1]

But that doesn't make leaving any easier. One who's parents marred because of an unplanned pregnancy. Who reminded that he was the reason. Now she is pregnant with his child. And he broke up with her and moved away. What happens next when he finds out is the story. How to let go of the past to be able to grow. Janice Lynn 3.75 stars. He winced again.I thought so but I was wrong.How so?Because you're basically a good guy. It just makes you not the guy for me. I enjoyed the book. It feels different from a typical HP writing. I liked the headstrong heroine also. So overall it was good. Charlie Keele.I loved Savannah and my heart immediately went out to her.I enjoyed the story and was happy with the ending. Janice Lynn.
