

Charmcaster (Spellslinger, #3) By Sebastien de Castell I know some of the things I don't like are on me because I am not the targeted audience but I am still going to read future volumes as a fast-paced escape! You can get more books from Book Depository 1471406709 Personal rating: 4.

Charmcaster pdf After a while the intrepid trio now accompanied by the rescued mage and their familiar at the behest of an Argosi discordance card depicting a small mechanical bird leave the saloon and resume their journey finding themselves once again heading towards Gitabria and its Capital Cazaran for the Grand Exhibition. **Charmcaster omniverse** Something so beautiful and innocent could in the wrong hands (if they are able to unlock the secrets behind its creation) be turned into something ugly and as the discordance cards suggest used to start a war. **Mystery charmcaster book** Kellen (an outlaw spellslinger) Ferius (an Argosi wanderer) and Reichis (Kellen's talking 'though only Kellen can understand him' squirrel cat companion/business partner) are at the core of the tale told in Charmcaster but the rest of the characters we meet (both the good and the bad some of whom you'll like some you'll dislike some old and some new) each have their roles to play and all add to the overall story too. **Charmcaster fandom book** This leads to some absolutely fantastic exchanges between Reichis and Ishak and their respective business partners especially as Reichis being Reichis (an oh so funny but oh so bad influence) leads Ishak astray. **Charmcaster ben 10** Reichis adds the humour to Charmcaster he is a fabulous creation who steals every page that he appears on (obviously not literally) a murderous and thieving squirrel cat with a bad attitude (for reference think Rocket from Guardians of the Galaxy) who likes baths butter biscuits eyeballs and murdering! Ferius is her usual often mysterious and obtuse self (we do get a deeper look at her) while Kellen continues to show development and growth. **Thriller charmcaster hair** For Kellen as the main character (though I'm reluctant to ignore Reichis and Ferius in that statement as I feel that they too deserve equal billing as main characters as they really are a tremendous trio who all contribute so much to the series and in Charmcaster itself all three are given the opportunity to shine) he still has a tendency to both make mistakes and be naive at times. **Charmcaster mystery science** But in the capable hands of de Castell he has come on leaps and bounds now owning up to and learning from his errors realising that actions have consequences (not just for himself but for others too) and maturing due to the various hardships that he has suffered and adventures he has endured. **Charmcaster ben 10** However I'm a huge fan of the Spellslinger series and I feel that whilst labelled as YA for me it definitely bridges the divide between YA and adult and that readers of both will be huge fans of the Spellslinger series. **Charmcaster pdfescape** He consistently delivers and his books feature emotion humour banter between characters that comes right out the top-drawer fabulous characters high-quality world-building and a damn good story full of twists and turns that is written with gusto and Charmcaster is no exception continuing his trend of delivering captivating fun-filled and adventurous reads. **Charmcaster ben 10** Once more we join our protagonists the exiled mage Kellen his Argosi mentor Ferius and the unhinged squirrel cat Reichis on a road trip to their next destination in this third installment of the Spellslinger series. **Book charmcaster** Building upon the events of the first two books Charmcaster takes us out of the desert and into the land of Gitabria where our characters are hoping to track down and help the first of many victims targeted by a Jan'Tep conspiracy. **Charmcaster mystery science** But then in a twist of fate his latest confrontation with a group of bounty hunters leads him to rescue another mage on the run who turns out to be none other Nephemia an old friend (and secret crush) from his life before exile. **Charmcaster uncle** While most of the crowd is blown away by the spectacle only a few including Ferius are aware of the threat this could spell for the entire world if this technology were to fall into the wrong hands. **Charmcaster mystery science** Unfortunately it appears that dangerous factions have already caught wind of the groundbreaking innovations happening in Gitabria for the inventor's daughter turns out to be one of their targets. **Charmcaster thriller book** After experiencing first-hand the devastating results of his enemies' methods in the last book Kellen is determined to do whatever it takes to free the girl from their evil influence. **Charmcaster fandom book** The introduction paralleled the opening chapters in the previous book which begins with an attack that our heroes barely manage to thwart and ends with

them getting a new addition to their party but for some reason I felt it took things in Charmcaster a lot longer to take off. **Charmcaster thriller album** A significant part of this book deals with the fallout of what has happened back home while our protagonist has been on the run and some of this involves why Nephemia has become so different. **PDF charmcaster book** In fact I would say the strength of this novel is in the character and relationship building because although we see the overall plot moving forward it's admittedly not by much. **Charmcaster bookpedia** Case in point one of my favorite encounters in this book allowed both Kellen and the reader a glimpse into Ferius' mysterious past revealing that she too was a very different person in her youth. **Charmcaster epub file** As for Kellen there were several interesting developments for his character too mainly focusing on the deteriorating effects of the shadowblack and what this means for his mental capacities and how others treat him. **Mystery charmcaster deepwoken** All told every step of this journey has been great so far and even though Charmcaster didn't quite command my attention the way Spellslinger and Shadowblack did I felt the book's strengths came through in different ways. **Charmcaster ben 10** 1471406709 I adore this series! 1471406709 Dawww the squirrel cat is becoming more than just a dick! ☺☺☺☺ Freaking love this series and IT INCLUDED A DRAGON so automatically becomes cooler. **Kindle charmcaster ben** Can't wait for Soulbinder to come out in a few months 1471406709 "I'm starting to pity those demons"!When I posted my review of SHADOWBLACK the second installment of de Castell's multi-novel SPELLSLINGER series I wrote"SHADOWBLACK ends with Kellen achieving a greater understanding of his life's path and a fuller comprehension of the nature of his enemies. **Charmcaster deepwoken** "Kellen's "business partner" the smart-aleck Reichis the mercurial flying fur-ball squirrel cat with a murderous attitude and a definite taste for a plate full of his enemies' eyeballs continues to crack wise with delightfully dark commentary. **Fantasy charmcaster omniverse** One of them is a whiny Jan'Tep boy desperate for all the things he'd wished for as a child: to be safe; to wield the high magics of his people; to be with his family. **Charmcaster bag** "Add in a return appearance by Kellen's first (and continuing) love Nephemia a childhood friend born to an abusive father and timid mother who has also been cast out of the Jan'Tep family. **Charmcaster uncle** Like Kellen and Reichis she is accompanied by her familiar - Ishak a lovable yet fiercely protective hyena who has the rather off-the-wall skill of miming with a talent that would put Rich Little to shame. **Charmcaster epub.pub** Everything is SO good - pacing; plot; characters; world-building; humour; dialogue; innovative use of typical fantasy themes such as magic good vs evil romance coming of age and so on. **Charmcaster bookpedia** And once again I put my hands together and clap extra loudly about the fact that Mr de Castell is a Canadian author! Woot woot!Paul Weiss 1471406709 Hi Folks!My fourteenth novel {site_link} THE MALEVOLENT SEVEN arrives in stores in around the world on May 11 2023. **Charmcaster fantasy island** Four hours later he realized how much he actually hated archaeology and left to pursue a very focused career as a musician ombudsman interaction designer fight choreographer teacher project manager actor and product strategist. **Thriller charmcaster hair** Four hours later he realized how much he actually hated archaeology and left to pursue a very focused career as a musician ombudsman interaction designer fight choreographer teacher project manager actor and product strategist. **Charmcaster kindle books** His only defence against the charge of unbridled dilettantism is that he genuinely likes doing these things and that in one way or another each of these fields plays a role in his writing. **PDF charmcaster omniverse** ' Kellen has begun to master his spellslinging and the Argosi tricks for staying alive and he and Reichis have found a career that suits them both: taking down mercenary mages who make people's lives miserable. **Charmcaster uncle** :) 1471406709 This Review ☐ Blog ☐ Twitter ☐ Instagram ☐ "Dwelling on all the bad things that didn't even come to pass only makes it harder to celebrate that fact. **Charmcaster mystery science** " Spellslinger ☐☐☐ 1/2The Dowager Magus ☐☐☐☐Shadowblack ☐☐☐Charmcaster ☐☐☐ 1/2I have a weird relation with this series the books have not been as amazing as I thought they would be. **Charmcaster ben 10 fanart** The characters are well written and Kellen's growth is great! There are still moments when the characters are stupid and Juvenile but the book is written for a younger audience so I am not judging it for that. **Charmcaster age** This is the last time I am going to

mention the magic system I did mention it in all of my 3 reviews so far and I still insist that it has the potential to be a great hard magic system but it is not used and we have the same spells (or lack of) again and again. **Charmcaster ben 10 reboot** In this volume we see him being pushed to a point where he had to decide if he was willing to cross the line and it was these messages that kept cropping up in these books which I think are so appropriate in YA stories. **Charmcaster thriller album** As for the rest of the main cast a returning side character had a more prominent role which came as a bit of a surprise and even made the story better chiefly because of what it meant for Kellen. **Charmcaster bookpedia** My boiiiiiiAlso this is by far my favorite in the series so far! 1471406709 Charmcaster was yet another entertaining and engaging well-paced read from Sebastian de Castell, **Charmcaster mystery science** Kellen's own character development as well as his relationship with Reichi and Ferius continued its compelling trajectory: **Charmcaster pdf** Same goes for the worldbuilding of this intriguing world as seen from Kellen's PoV: **Charmcaster talents deepwoken** I liked how the series started from a very narrow perspective of the world as Kellen's life was all about becoming a Jan'Tep mage, **Charmcaster pdf reader** The sheer arrogance of the Jan'Tep necessarily precluded any exposure or real facts about the world at large. **Charmcaster thriller book** Now.

As always this review can also be found on my blog The Tattooed Book Geek: <https://thetattooedbookgeek>. **Charmcaster mystery science** Starting six months after the ending of the previous book Shadowblack (which you really need to have read): **Charmcaster mystery science** Charmcaster finds Kellen Reichis and Ferius traversing a desert on their way to Gitabria, **Charmcaster x ben** However as is often the case for Kellen and crew things aren't going according to plan and they are running from a mage induced lightning storm: **Charmcaster age** After stopping to stand and fight the mage who they initially thought was hunting them continues on past the trio unaware and uncaring, **Thriller charmcaster hair** It turns out that the mage isn't hunting them but is being hunted themselves and is running from a group of Berabesq Faithful (religious zealots). **Charmcaster uncle** Doing the right thing the trio go and attempt to rescue the mage but in the ensuing battle Ferius is badly injured. **Charmcaster bag** After holing up in a Traveller's Saloon on the Gitabrian border to allow Ferius's injuries to be treated yes to the Argosi booze and gambling are wondrous medicines: **Charmcaster fantasy map** The image on the discordance card the small lifelike magical and innocuous mechanical bird is the highlight of the aforementioned Gitabrian Grand Exhibition wowing everyone in attendance, **Thriller charmcaster hair** But its invention also has disastrous consequences as the representatives from the other nations all vying to purchase the bird: **PDF charmcaster book** One such character has a familiar with them a Hyena named Ishak: **Charmcaster epublising** We know a bit about them and the various paths that they travel from the previous books but not much. **Charmcaster ben 10** However with Charmcaster de Castell for me pulls back the veil and just like with Ferius gives us a deeper look at the Argosi and their ways: **Charmcaster pdfescape** We also get some glimpses at the wider picture and the motivations of the various other nations. **Charmcaster fantasy** The world continues to grow too with Charmcaster predominantly taking place in another new setting and culture. **Charmcaster thriller album** Cazaran the capital city of Gitabria comes to life on the pages. **Charmcaster ben 10 reboot** The city is split in two by a massive gorge with eight bridges 'The Cazaran Arches' spanning the gorge and connecting the two parts of the capital: **Charmcaster uncle** The Gitabrians are a nation of inventors who craft and create a plethora of wondrous inventions. **Charmcaster reboot** De Castell's adult fantasy series The Greatcoats is one of my favourite fantasy series and with Spellslinger his YA fantasy series he has another winner on his hands too: **Charmcaster reboot** Generally speaking I'm not a YA reader and prefer the darker and grittier grimdark style of fantasy over the YA style, **Book charmcaster** If you've read anything by de Castell before then

you'll know what to expect from him and his work, **EPub charmcaster hair** All in all Charmcaster is a roller-coaster of a book and an outstanding continuation of the SpellSlinger series, **Charmcaster talents** 1471406709 4 of 5 stars at The BiblioSanctum <https://bibliosantum>: **Charmcaster ebook** However being a wanted man himself Kellen finds his every step dogged by mercenaries.

Charmcaster bookpedia After a brief recuperation our characters continue to make their way to the capital where they get the chance to witness the unveiling of a miraculous new invention.

Charmcaster reboot Following the trend established by Shadowblack we are introduced to a new setting new cultures and new side characters in this next chapter of Kellen's journey, **Charmcaster fantasy** That said the format feels very episodic in that each volume features a self-contained adventure but together they make up an overarching series plot. **Charmcaster bookpedia** As such it is still imperative to start from the beginning and read the books in order. **Mystery charmcaster** That said I am starting to notice a few repetitive patterns in the storytelling, **Charmcaster mystery science** On the bright side though I did delight in seeing Nephemia again despite her character being much changed from the girl Kellen used to know: **Charmcaster talents deepwoken** Like its two predecessors Charmcaster is fun lively and...well charming, **Charmcaster pdfiller** Sebastien de Castell continues to expand his world-building adding even more detail and intrigue to this already rich setting. **EPub charmcaster omniverse** In Gitabria our characters encounter a new land with different culture politics and traditions. **Mystery charmcaster** And of course Reichis was his usual crass self delivering most of the comic relief: **Charmcaster talents deepwoken** In addition Kellen is forced to face the harsh truth about his family and come to terms with the fact they are not the people he once thought they were, **Mystery charmcaster hair** Needless to say this book sees our protagonist growing up fast whether he likes it or not. **Charmcaster fantasy** Kellen began this whole thing as a naïve and sheltered boy of fifteen but gradually he is becoming a man: **Charmcaster age** Every adventure is a learning experience for him and with each book the lessons are getting harder, **Charmcaster fandom book** Compared to the first two books I felt that Charmcaster was slightly darker in tone presenting Kellen with problems that are more complicated and disturbing. **Charmcaster bookpedia** Still our protagonist has retained the essence of who he is the goodness that allows him to make the right decisions and for that I am grateful to the author, **Charmcaster ben 10** "Now having read (and been blown away by) CHARMCASTER I can say that de Castell has laid the emphasis on that understanding and his growing strength and maturity, **Charmcaster ebook3000** Kellen moves well along the path to his ultimate weaning from the care and rough-edged ministrations of Ferius Parfax and her teaching: **Mystery charmcaster ben** De Castell gives a nod of homage in the direction of Shakespeare and his ageless sonnets when he had Fairfax continue with her Argosi teachings of "the path", **Charmcaster ben 10** Shakespeare said "Oh learn to read what silent love hath writ: **Charmcaster mystery science** " Ferius didn't wander far from that thought when she praised Kellen "The kid finally learns to listen with his eyes, **Charmcaster fandom book** Yet even as his bizarre comedic dialogue continues brilliantly throughout the thrilling development of the underlying story Reichis like his partner also matures. **Fantasy charmcaster book** He has become a formidable loyal loving and utterly courageous compatriot in their uncertain quest to rid their world of the evils of Kellen's family magic, **Thriller charmcaster hair** Kellen and Reichis remain perplexed about their role and their path: "Sometimes I think maybe I'm two different people. **Charmcaster bookpedia** But the other Kellen? He's an outlaw - an outcast older than his years and sick to death of the unconscionable ways his people use their magic, **Charmcaster deepwoken** CHARMCASTER is definitely the best of the series thus far and an easy novel to gush with enthusiasm about, **Charmcaster deepwoken** The best way to stay up to date is at [{site_link}](#) www. **Charmcaster bag** One day I'll even remember to get on that [{site_link}](#) Instagram thing, **Charmcaster age** Sebastien de Castell had just finished a degree in Archaeology when he started work on his first dig. **Charmcaster ebook reader** His only defence against the charge of unbridled dilettantism i Hi Folks! day I'll even remember to get on that {site_link} Instagram thing. **Charmcaster thriller book** Sebastien de Castell had just finished a degree in Archaeology when he started work on his first dig: **Book charmcaster** He sternly resists the accusation of being a Renaissance Man in the hopes that people will label him that way. **Charmcaster bookpedia** was shortlisted for both the 2014 Goodreads Choice Award for Best Fantasy: **Charmcaster mystery science** the Gemmell Morningstar Award for Best Debut the Prix Imaginales for Best Foreign Work and the John W: **Charmcaster ben 10 fanart** His YA fantasy series Spellslinger was nominated for the Carnegie Medal and is published in than a dozen languages: **Fantasy charmcaster** Sebastien lives in Vancouver Canada with his lovely wife and two belligerent cats: **Charmcaster talents deepwoken com** {site_link} The third book in the page-turning Spellslinger fantasy series. **Thriller charmcaster hair** 'I was getting almost as good at running away from enemies as I was at making them in the first place. **Kindle charmcaster hair** Perfect for fans of The Dark Tower Firefly Guardians of the Galaxy Terry Pratchett Ben Aaronovitch and Jim Butcher. **Charmcaster omniverse** Charmcaster (Spellslinger #3)I honestly cannot express how much I adore this series. **Charmcaster ben 10 reboot** The characters are so engaging and brilliant the story is complex but so well written and I swear Reichis just gets more and more badass with every book: **Charmcaster omniverse** This book had me running the gauntlet of all emotions from laughing out loud to sobbing like a baby, **Charmcaster mystery science** We learn more about Ferius and Kellen grows so much - my heart is actually broken for him, **Kindle charmcaster ben** Bless Sebastian de Castell for not making the wait between books too long. **Book charmcaster deepwoken** Thank You x 1471406709 This third book falls under the *fun* category: **Charmcaster reboot** Okay at first episodic action-filled with quirky dialogue but it really picks up later when the stakes get a lot higher: **Charmcaster kindle reader** I really like the magic system in these books and figuring out the meanings of the cards is pretty delightful. **Charmcaster mystery science** Especially when you're the most horrible traitor to your own people and all, **Charmcaster fandom book** :) We learn a lot more about his particular kind of magical skills too but the focus is mostly on preventing war and saving friends. **Charmcaster spells** :)I think I liked the first one best and the second was pretty okay but this one improved things quite a bit, **Charmcaster epublising** So much so that I broke down and got the fourth book and started it right away: **Charmcaster fantasypros** Stop being so scared about yesterday—it only makes you forget to appreciate today. **Fantasy charmcaster** I find myself remembering the characters and events of each book even though I don't think about this series often. **Charmcaster ebooks online** I started each volume without refreshers nor summaries because I still remember things and that is sure a good sign: **Charmcaster kindle direct** I did not know if I should continue the series after book 2 but book 3 had great reviews and I see why, **Charmcaster deepwoken** This volume was less of a filler than book 2 and it moved the main story a bit forward, **Charmcaster ben 10** The writing is smooth and very easy and the pacing is fast, **Book charmcaster** This is why I am still continuing this I sometimes need something fast and less serious with all the adult fantasy books I am reading and this delivers just what I want, **EPub charmcaster ben** There was some new characters as usual and old characters that have new appearances and the humor that is either a miss or hit for me. **Charmcaster reboot** Unless the system gets better I am just going to say it is still disappointing me in future reviews! "Jealousy: **Charmcaster x ben** " Summary: While this volume was not a huge improvement as Kellen traversed the land as an Argosi-in-training it really opened up his eyes to the rest of the world, **Charmcaster fandom book** I've always appreciated this concept of learning about the world together with the main character as it makes for a very engrossing read, **Charmcaster kindle** "Dwelling on all the bad things that didn't even come to pass only makes it harder to celebrate that fact: **Charmcaster bookpedia** Stop being so scared about yesterday—it only makes you forget to appreciate today: **Charmcaster omniverse** " Kellen's characterisation has always been the major draw of these books for me. **Charmcaster x ben** As a discordance it appears that he's destined for a path unlike any of his peers within the community he grew up in. **Charmcaster ben 10** And he's definitely all the better for it for I truly abhor the Jan'Tep - they're some of the most despicable group of people I've ever read.

Charmcaster deepwoken With each succeeding novel Kellen is challenged in ways which could only contribute to his growth: **Thriller charmcaster hair** In the first book it was about being willing to pay any price just to become accepted: **PDF charmcaster book** In this one is the act of taking one's life justifies the need for freedom or vengeance, **EPub charmcaster** There were also some really interesting developments in Kellen's 'abilities', **Charmcaster x ben** People nations even history itself alters over time for history is but a tale told to suit the present. **Charmcaster deepwoken** Meanwhile we also got to know a bit more about the enigmatic Ferius Parfax: **Charmcaster x ben** And as for Reichi the squirrel cat - well he's still Reichi albeit underneath all that bravado lies a fierce loyalty and protective instinct for his 'business partner'. **Book charmcaster omniverse** Each book has so far stood well on its own but there's definitely a build-up of something bigger to come. **Charmcaster kindle direct** I also felt that with each book the stories are getting darker and more disturbing, **Charmcaster ebooks online** So even though the narrative structure felt repetitive at times I was still happily devouring these delectable morsels offered by de Castell: **Charmcaster fantasy baseball** These books are real page-turners as I've finished this one in 2 days. **Charmcaster mystery science** Org | Amazon US | Amazon UK You can find this and my other reviews at Novel Notions[1]
