Two men involved in a sexual scene weren't given as bad of an image as the abusive mother was (they were definitely described as gross but it felt like her physical attributes and sexuality made her gross as opposed to the men being horrible people made them disgusting). **This hoe got roaches in her crib pdf** Come to think of it.

This hoe got roaches in her crib pdf

And general grossness towards black women so I don't know how much I should take that into consideration especially considering it's only a feeling and I haven't read anything else by him. **This hoe got roaches in her crib pdf** Three stars could be but it WASNT AVERAGE so what do I dooooo?????? This Hoe Got Roaches In Her Crib Me reading the title of this book: Me reading the actual book: Me when I finished reading the book:To say this was one of the most. **This hoe got roaches in her crib pdf** Chile I thought this was going to be funny for the most part but I almost cried at a few parts and it tore my nerves SLAM UP!I was being nosey to see if I could gauge what happens at the end of the series and yep I'm not reading anymore cause someone dies and I just can't. **This hoe got roaches in her crib pdf** This Hoe Got Roaches In Her Crib HmmmThe visuals you get from the author's extremely descriptive (and more times than not just downright gross) language brought on moments of nausea. **This hoe got roaches in her crib pdf** Currently locked up in Chicago's Cook County Jail he knows that Fredquisha the trifling mother of his only daughter is a despicable careless and reckless THOT who is the antithesis of caring loving black motherhood. **This hoe got roaches in her crib pdf** THIS HOE GOT ROACHES IN HER CRIB will deliver a gut-punching blow to those who don't understand the many trials and tribulations single fathers go through to rescue their children from manipulative ratchet women who use the family court system to their advantage. **This hoe got roaches in her crib pdf** This Hoe Got Roaches In Her Cribstarted off extremely funny but then when you get into the drift of things you start to ponder if the author has a vendetta against Black women from the inner cities. **This hoe got roaches in her crib pdf** The main antagonist Fredquisha is a vessel for every stereotype given to the Black woman of the ghetto over the past 40 years and in the end my frustration turned from her to the author himself for not even bothering to give her an ounce of humanity. **This hoe got roaches in her crib pdf** I feel that if a reader will bother to dig beneath the surface for a second they would also notice that the book has many more problems than those fictitious ones written for the characters. **This hoe got roaches in her crib pdf** I was expecting this book to be ratchet as hell but as I read about Austin Myyah's father his bad relationship with his baby momma Fredquisha and how he feels about him being in prison I felt sympathetic on his behalf. **This hoe got roaches in her crib pdf** I thought this book was going to only be about a crazy ass bitch with roaches in her crib but it ended up also being about a man's struggle with getting custody of his daughter (which we know is a common issue especially since most of the time full custody is granted to the mother). **This hoe got roaches in her crib pdf** You'll probably laugh and feel amused at Fredquisha's thot adventures but you'll also feel sympathetic for Austin and Maya as Austin is in a detention centre and barely gets to see his daughter while Maya gets abused a lot. **This hoe got roaches in her crib pdf** **DID NOT FINISH** This Hoe Got Roaches In Her Crib Trigger warnings: child abuse bad hygiene descriptions graphic sex drug and alcohol use and abuse vehicular accidents death of loved ones gang violence graphic description of violence fat shaming slut shaming. **This hoe got roaches in her crib pdf** On the plus side police brutality Chicago South Side community politics the shitty government system that does nothing with efficiency especially when it comes to black people and black youth and so much more. **This hoe got roaches in her crib pdf** Obviously abusers don't really deserve to be

seen as decent people but the complexity of being a human never should apologise for their being awful (that's usually the partiality on the reader's or author's part). **This hoe got roaches in her crib pdf** While some members of the Black community shake their heads in shame at ghetto-ness of this book and dozens like it I am intrigued by its setting its characterizations its structure and its audience: One of the most shocking and vivid sentences I have ever come across is "It was the fragrance of abject squalor and ratchetry. **This hoe got roaches in her crib pdf** " That paints a VIVID image and it's so seamlessly put together? There's a blend of Chicago AAVE and Charles Dickens level descriptiveness so artfully done I'm just. **This hoe got roaches in her crib pdf** What am I reading!!!!!! Holy shit!!!!!!!Tackling the actual content is a little harder: **This hoe got roaches in her crib pdf** The book is about an abusive mother and how governmental systems are decidedly against supporting incarcerated parents despite the one not in prison being worse for the kids: **This hoe got roaches in her crib pdf** It felt like misogyny and misogynoir were used as tools against this woman, **This hoe got roaches in her crib pdf** I didn't understand why because there was no way anyone would sympathise with her after reading about how she was abusive: **This hoe got roaches in her crib pdf** It felt like a dirty way to go about things and I didn't like it. **This hoe got roaches in her crib pdf** That kind of treatment towards women in the book who weren't among the Good Characters were treated similarly. **This hoe got roaches in her crib pdf** While the men were treated objectively despite being good or bad and were judged more on their behaviour than their attributes or sexual needs. **This hoe got roaches in her crib pdf** At the end of this ramble I still don't know how to rate this book. **This hoe got roaches in her crib pdf** Does the misogyny outweigh the message and the strangely appealing writing? I don't think it should: **This hoe got roaches in her crib pdf** Does that mean the writer gets a pass on being a dick to female characters deemed bad people? Nope: **This hoe got roaches in her crib pdf** At moments it felt like a one and others a four star. **This hoe got roaches in her crib pdf** Like two stars might make sense but it wasn't a horrible book. **This hoe got roaches in her crib pdf** I just-I don't know how to describe this in words so memes will suffice for now This Hoe Got Roaches In Her Crib Yes.

This hoe got roaches in her crib pdf

But I'm ready for it, **This hoe got roaches in her crib pdf** I don't think I read any book as fast as I read this one!!! This Hoe Got Roaches In Her Crib I'm never reading another Quan Millz book again: **This hoe got roaches in her crib pdf** His ability to paint such a vivid description of characters.

unravel her plans for a big come up. **This hoe got roaches in her crib pdf** This book is another episodic chronicle born out of the dark gritty social drama storytelling talent of urban fiction mastermind QUAN MILLZ, **This hoe got roaches in her crib pdf** Instead she's every dirty filthy Black feminine experience that he could conjure up & mass produce to any buyer who's interested in a quick read: **This hoe got roaches in her crib pdf** First of all I started to read this book because I was very amused with the title and the cover photo as well. **This hoe got roaches in her crib pdf** It describes Fredquisha's toxic relationship with her daughter Myyah: **This hoe got roaches in her crib pdf** She's one of those characters that you'd want to smack on the face with a pan, **This hoe got roaches in her crib pdf** She's an ultimate thot and could care less for her daughter. **This hoe got roaches in her crib pdf** A lot of references were made to her crusty ass apartment filled with disgusting roaches, **This hoe got roaches in her crib pdf** Both of them struggle to save Myyah from that crazy ass bitch Fredquisha: **This hoe got roaches in her crib pdf** Austin's younger brother is present in the story but he's more of a background character: **This hoe got roaches in her crib pdf** Also just wanted to say that roaches are a re-occurring theme in this book as it's frequently mentioned. **This hoe got roaches in her crib pdf** I have to say the way the author describes things in this book is very unique and very entertaining I couldn't help myself from smiling as I read it, **This hoe got roaches in her crib pdf** The roach was described to have "Wings (that) were so long and thick that muhfuckin' roach was offering first class tickets to fly other critters to Dubai and shit, **This hoe got roaches in her crib pdf** " This book also contained a lot of words I haven't heard of before (it's alright though as the author explained what the slang words meant. **This hoe got roaches in her crib pdf**) The book is also narrated from a third person perspective and the way it's narrated is very entertaining and amusing: **This hoe got roaches in her crib pdf** However I feel that some of the characters were quite flat like Jonah. **This hoe got roaches in her crib pdf** I felt like his presence didn't really affect the storyline of the book: **This hoe got roaches in her crib pdf** And some parts the book felt a bit flat and a bit rushed, **This hoe got roaches in her crib pdf** Like incomplete as in you gotta buy the next book to figure out what the hell happens because the ending was not what I was expecting to happen: **This hoe got roaches in her crib pdf** Anyways I enjoyed the book and I will be reading the next one. **This hoe got roaches in her crib pdf** The author is doing too much and not enough at the same time, **This hoe got roaches in her crib pdf** How do I review and rate this?????????????In clinical terms I'm going to say this book needed a lot editing. **This hoe got roaches in her crib pdf** It's evident this was self published and therefore didn't get enough of an external perspective on proof reads, **This hoe got roaches in her crib pdf** It's a whole lot packed in this tiny ebook and I'm absolutely bonked, **This hoe got roaches in her crib pdf** The hiccup I had with this was how impartial the narrators voice is. **This hoe got roaches in her crib pdf** Like there's no dancing around it the narrator hates the abusive mother and rightfully so. **This hoe got roaches in her crib pdf** In fact giving horrible people a whole fleshed our character in my mind really sets the tone for "they CHOSE to be horrible people", **This hoe got roaches in her crib pdf** Point is the abusive mother was flat and therefore a caricature in a book that touched on some real issues. **This hoe got roaches in her crib pdf** Additionally the narrator's biases manifested themselves in some really nasty ways, **This hoe got roaches in her crib pdf** The woman's physical attributes like her body type and dark skin colour were used to manifest her as an unlikeable character, **This hoe got roaches in her crib pdf** Her sexual habits were written about in a very disgusted tone, **This hoe got roaches in her crib pdf** On the flip side not a single male character was flat not even secondary and tertiary male characters: **This hoe got roaches in her crib pdf** Parts like the above felt like they dragged on for me so it could have just been a couple of chapters and the rest was more or less fine. **This hoe got roaches in her crib pdf** The rest of the books written by the author give me a distinct feeling that his books are full of objectified women colourism I read this, **This hoe got roaches in her crib pdf** My curiosity surrounding this book was aroused via Facebook when I saw a photo of the cover in someone's post and their subsequent finger-wagging at its ratchetness: **This hoe got roaches in her crib pdf** Interest piqued I looked it up on Amazon and I discovered that this book was indeed real, **This hoe**

got roaches in her crib pdf We are first introduced to Fredquisha a ratchet hoe who keeps a disgusting apartment where roaches have free reign of the place: **This hoe got roaches in her crib pdf** There is nothing symbolic about the insects here the author means literal roaches: **This hoe got roaches in her crib pdf** The descriptions of the roaches' activities are quite hilarious (Daddy Roach Sr: **This hoe got roaches in her crib pdf** had 1861 brothers sisters nieces nephews uncles aunts and other relatives lurking in the cut ready to get to that pizza crust: **This hoe got roaches in her crib pdf**) and keep you entertained throughout the first part of the book. **This hoe got roaches in her crib pdf** The author portrays Fredquisha as quite literally evil incarnate. **This hoe got roaches in her crib pdf** She smokes blunts goes out to clubs at every opportunity has sex with random men and emotionally and physically abuses her youngest daughter Myyah. **This hoe got roaches in her crib pdf** Her older two children face no such abuse and live like kings. **This hoe got roaches in her crib pdf** The story switches between Fredquisha's ratchet adventures over the course of one weekend to Austin Myyah's father as well as Mrs. **This hoe got roaches in her crib pdf** Both of them struggle despite Austin's incarceration to save Myyah from Fredquisha's abuse: **This hoe got roaches in her crib pdf** While Fredquisha's icky-ness is stupefying there's a solid plot here which is not so much about roaches but a single father trying to redeem himself for his daughter: **This hoe got roaches in her crib pdf** I found myself empathizing with Austin his mother and Myyah which I really didn't expect from the outset, **This hoe got roaches in her crib pdf** It ends on a cliffhanger so you have to buy the next book to see what happens to the characters, **This hoe got roaches in her crib pdf** Mainstream fiction authors write lurid tales of sex drugs and ridiculousness all the time: **This hoe got roaches in her crib pdf** Why is this kind of writing so problematic for some? What is the acceptable portrayal of Black urban life? I ask myself these kinds of questions all the time, **This hoe got roaches in her crib pdf** This Hoe Got Roaches In Her Crib This sounds like it was written by a white person making fun of black people, **This hoe got roaches in her crib pdf** This Hoe Got Roaches In Her Crib Make sure your closures lace fronts and wigs are on secure This book was a really good book, **This hoe got roaches in her crib pdf** It helps you get a clear picture of each character then takes you on a roller coaster ride with how the story flows, **This hoe got roaches in her crib pdf** I didn't expect it to be a episode 2 places and interaction between the players is not for the faint of heart. **This hoe got roaches in her crib pdf** There were quite a few grammatical and character mixups but this setup for a series was well executed[1]

The author knows how to Write yo. So I think I've laid out all my thoughts. I don't know. I really don't know how to rate this.how can I put it politely.INSANE????? books I have ever read is an understatement.book full of trauma. Her mission in life is simple. Get money smoke good weed and ride bomb d--k. Nothing more nothing less. This Hoe Got Roaches In Her Crib Ah where to start. This book starts off on a very ratchet note. Fredquisha is a really annoying character. She physically and emotionally abuses her. His mother Delores a.k.a. Mrs. Watkins also tries to help her son out with Myyah. Not a metaphor for anything though. The author means literal roaches. Overall the story in this book is pretty incomplete. This Hoe Got Roaches In Her Crib Nope. I tried but no. Lol. I refuse to keep reading this. Lots of typos inconsistencies grammar errors etc. Unfortunately that really flattened out her character. That juxtaposition really didn't help. I don't know. Oh and another thing. And yes I actually LIKED this. It was .99 so I downloaded it. I read it in a few days. And whew chile.The ghetto-ness of this book is off the charts. Watkins Austin's mother. Honestly this book was not as ratchet as it seemed. Needless to say this book surprised me. It's got emotional punch humor and heart. I liked that. Be aware though: this book is incomplete. I probably will buy the next book eventually idc. Quan Millz is definitely a writer now on my radar. Hmmm.I look forward to reading more. The characters were developed and there was a clear plot.
