But in this one he has upped the ante. This is the best YA book I have read. This is the story of Aira and Weslee. This story really took me back to high school. A lot of drama at the high school and within family. Instagram. When Weslee sees that Aira is back he can't believe it. The girl who lived next door to him as kids. It didn't matter what his reputation was. To me he was still Weslee. ~ Aira There's so many secrets around town. I so hope they get a double helping of karma. The guys are tight. Really need to know what happens next. Like Right. Weslee freakin' Jackson. The worst of the worst. The one I'm told by EVERYONE to stay away from. But there's nowhere to hide here. But don't let that sweet fairy tale fool you. I could not put this book down until I read every word. The secrecy of this town is insane. This series is a must read. Jaxson Kidman did it again. And that ending. just wow. DO NOT HESITATE. Pick this book up now and read Hidden Creek High. One tragic event would catapult her back to the beginning. A beginning that included Wes. Aira was nothing like the girl he once knew. Aira's first few days are marred with confusion. Time will do that. Everything's changed. Nothing resembles the days of innocence and awkwardness. Aira's tough and doesn't put up with much. Wes has changed too. He has secrets just like Aira
