Are you serious? LMFAOOI have an intense love for TJ Klune and have enjoyed everything I've read by him up until this point but this book just wasn't it. **Under the whispering door book netflix** 1) moving journey of emotional growth for Wallace the shitty white man mc and it was a fail 2) found family and it was a fail 3) have discussions of death.

And they fall into an easy rhythm that starts to grow into something more and oh..... **Under the whispering door special edition** Haven't I read this one before? Lemme see—•corporate cog that is plucked from his mundane life □•potential love interest who see's through the cog's indifferent facade □•spunky female side character with a mildly concerning taste for PG violence □•parental figure who 'tells it like it is' and just wants the two of them to 'get on with it' □•animal character who is mostly human in demeanor but doesn't talk □•magic but make it bureaucracy □•mc learns to care about people other than himself □•mc gives sanctimonious lectures to people about the error of their ways despite behaving in the same way at the beginning of the book □•mc has stuffy old person name □•remote magical location □•obscene levels of sarcasm □•found family □•thinking you have to choose between love and responsibility but JK NO YOU DON'T □Can you tell I didn't like Wallace? I'm sorry I tried! This was just so similar in tone and structure for me that I'm genuinely shocked people kept saying it and Cerulean were so different. **Under the whispering door fanart** The good news for fans of Klune is that if you liked that one you'll probably enjoy Whispering Door too! But for me.

Fell in love with it and it even was among my top 3 years of the year. **Under the whispering door pdf online** I haven't read any of Klune's book before that but I became an instant fan of his writing and this book probably became my most anticipated book of the year! I know many have similar feelings to me and are dying to read this one (pun intended). **Under the whispering door synopsis** I was super excited when I was approved for an E-ARC of this one on Edelweiss so thanks a lot for making this come true! I am going to give you a quick idea about the book and what is it about but I recommend not reading the synopsis because I felt it gave more than necessary and went into "Spoilery territory". **The whispering door not starting** What could have been insightful and funny on the first go-around starts to feel less and less so with each subsequent outing especially when they don't dig very deep past the surface. **Under the whispering door wallace** but in the same vein as 'the midnight library' and 'the five people you meet in heaven' this also insightfully shows what it means to live a good life who to live it for and how it is never too late to make it mean something. **Under the Whispering dooryard** Under the Whispering Door is a contemporary fantasy with TJ Klune's signature "quirk and charm" (PW) about a ghost who refuses to cross over and the ferryman he falls in love with. **Kindle Under the Whispering door book** By turns heartwarming and heartbreaking this absorbing tale of grief and hope is told with TJ Klune's

signature warmth humor loss and dying that tug at your heart strings which it tries its best at throughout the narrative but then spits in your face as a reader by the end. **Under the whispering door review new york times** 4) crafting a swoon-worthy romance between Wallace and Hugo which is perhaps the biggest fail of all There's also something to be said about the magical endlessly patient POC tasked with emotionally rehabilitating this shitty man who essentially becomes mr. **Under the whispering door synopsis** "If someone had told me a week ago that I would fall in love with a book whose primary focus is death I probably would've smiled and nodded politely while secretly wondering why this person was so weird. **Under the whispering door special edition** TJ Klune's wonderful gem of a book may just change your feelings on it! 40-year-old lawyer Wallace Price is a ... well replace the 'e' in his last name with a 'k' and that about sums him up. **Under the whispering door book cover** They do this from a quirky home in the forest Charon's Crossing Tea and Treats where they are as equally adept at serving customers muffins scones and tea as they are at helping the dead. **Under the whispering door pdf español** Also living there ... wait scratch that ... existing there are the absolutely delightful ghosts of Hugo's hilarious and sprightly grandfather Nelson and Hugo's lovable lick-happy dog Apollo. **Kindle Under the Whispering door review** As the opening quote suggests an ending is merely the beginning of something new and that's the redemptive journey the reader goes on with Wallace ... from someone who was dead inside long before his body followed suit to someone who sees and relishes the life love and meaning his new "family" offers him. **Under the whispering door special edition** Klune wrote a book that's insightful and deep without being heavy one that made me laugh and smile over and over and - for someone who doesn't cry easily - made me blubber like a damn fool! I fell in love with all these characters and dreaded the book ending because I didn't want to leave my adopted home with them in the woods. **Under the whispering door kindle** Not a lot actually happens outside the house but the goings-on in the house were so entertaining I would've gladly pulled up a chair and hung out with them for as long as possible. **Under the whispering door special edition** My only complaint which knocked it down a ½ star (but not really since I'm rounding up) is that I would've preferred a slightly different way of handling the ending but not so much that I felt disappointed. **Kindle Under the Whispering door book** Bantering Books Instagram Twitter Facebook 373 Now a Goodreads Choice finalist in Fantasy! ☐ It's no secret that I'm not typically a huge fan of 'feel-good' or 'heartfelt' stories or as my friends rudely say "Elle hates happy books. **Under the whispering door uprising** " But because last month Mystery Book Club teamed up with PM Reads and selected TJ Klune's Under the Whispering Door as our book club pick for September I was out-voted by these alleged friends. **Under the Whispering doorzza rexburg** And yet despite my lukewarm reaction to The House in the Cerulean Sea people who had read it already promised that this offering from Klune would be much more introspective and moving even a little heartbreaking. **Under the Whispering Door kindle cloud** But please if you haven't read this yet and you were thinking about it go ahead and give it a shot! I'm in the minority and I know that this is just a review for my own mental unpacking. **Under the whispering door pdf download** And for anyone who read it and doesn't have the same warm fuzzy feelings that the rest of the reviews would suggest—you're not soulless you just process your feelings a little differently. **What is the thing that goes under the door** *Thanks to Tor Books for an advance review copy! **For more book talk & reviews follow me on Instagram at @elle_mentbooks! 373 This Review ☐ Blog ☐ Twitter ☐ Instagram ☐ Support me ☐ "I'm dead" he said. **Under the Whispering Door kindle cloud** For that specific reason there is a TW at the beginning of the book so be careful if these are things you don't wanna read but I can assure you that the execution is exquisite! Wallace whispered "It's easy to let yourself spiral and fall. **Is there a voice activated kindle** As much as I typically enjoy TJ's quirky writing it just absolutely did not do it for me here. **Under the whispering door kindle** For a story that is attempting to be a meditation on death and dying this is about as deep as a kiddie pool and as emotionally moving as my morning cornflakes, **Under the Whispering doorzza rexburg** This book attempts to do a few things and I think it fails at each. **Under the whispering door synopsis** The book follows Wallace Price who is alive at first and is like the manager of a big law company: **Under the Whispering doorzilla** Then

he is dead and the story follows his ghost in what could be described as the last station before the afterlife: **Kindle Under the Whispering doors** He meets Hugo the ferryman who is responsible for helping these souls cross and the reaper Mei and then we have Nelson and Apollo who are souls that haven't crossed yet: **Kindle Under the Whispering doors** Is it as good as The House in the Cerulean Sea? I think I enjoyed THITCS more but I enjoyed this one very much too: **Under the Whispering doorx** I think both have this "Pixar movie" quality and this one is reminiscent of the animation movie "Soul" which I loved too. **Under the Whispering doorx** While the THITCS had a kind of optimistic and happy vibes.

said and done does this book add anything new or interesting to the discussion? It pains me to say that my answer is no. **Under the whispering door characters** We are essentially following Wallace as he learns to be a better person and accept his fate. **Under the whispering door kindle** But there isn't much in that tale and we never go past skin-deep so a lot of the passages and conversations feel repetitive and cliché, **Under the whispering doorz zipline** Hardly anything happens from the beginning of this story to the end, **Under the whispering door characters** As I'm reading it I kept having this feeling of deja vu like I've already read the same exact thing before: **Under the Whispering doorzilla** The beginning is my favorite with no one having quite the eye for making fun of corporate drones the way Klune does, **Under the whispering door summary** As the story progresses there were a smattering of passages that made me chuckle including one that was uproariously funny. **Under the Whispering doorx** But because of how drawn out the overall story is the humor quickly becomes repetitive. **Under the whispering door epub free** It's like being hit over the head repeatedly with the same jokes and it starts to feel forced and overdone: **Under the whispering door pdf online** It feels like this was shoehorned in in order to satisfy the criteria of this being a love story, **Under the whispering door kindle** I don't want to give the impression that I didn't enjoy this story at all because I did. **Under the whispering door epub free download** But it was so long and drawn out filled with platitudes about making the most of your life and being a better person that it was hard to sustain my interest throughout, **Under the whispering door fanart** Still I think fans of the author will enjoy this story for what it is a universal homage to loss and a life well-lived: **Kindle Under the Whispering doors** My heartfelt thanks for the advance copy that was provided for my honest and unbiased review, **Under the whispering door summary** ~~~~~See also my thoughts on:The House in the Cerulean Sea~~~~~ 373 a ghost who refuses to cross over and the ferryman he falls in love withwell. **Under the Whispering doorx** i basically sobbed through this book 373 "its life wallace, **Under the whispering door barnes and noble** "just call me the the grinch because i swear my heart grew a size with every chapter. **Under the whispering door book summary** this is honestly one of the most wholesome books i have read in a very long time: **Under the whispering door book** it reminded me a lot of 'a monster calls' as this is also a whimsical story that so gently and lovingly explores grief and how to cope with loss. **Under the whispering door barnes and noble** this is my first book by TJK but it will not be my last. **Under the whispering door special edition** only a special author can create a story that radiates so much heart and warmth, **Under the whispering door pdf** thank you so much macmillan-tor/forge for the ARC!!→ 5 stars 373 Otro 4, **Under the whispering doorz zipline** 373 Updated October 19 2020:The release date for Under The Whispering Door has changed to September 21 2021. **Under the whispering door synopsis** When a reaper comes to collect Wallace Price from his own funeral Wallace suspects he really might be dead. **Under the Whispering dooryard** Instead of leading him directly to the afterlife the reaper takes him to a small village, **Under the whispering door pdf** On the outskirts off the path through the woods tucked between mountains is a particular tea shop run by a man named Hugo, **Under the whispering door publisher** Hugo is the tea shop's owner to locals and the ferryman to souls who need to cross over, **Under the whispering doorz zipline** But Wallace isn't ready to abandon the life he barely lived: **Under the whispering door book quotes** With Hugo's help he finally starts to learn about all the things he missed in life, **Under the whispering door book cover** When the Manager a curious and powerful being arrives at the tea shop and gives Wallace one week to cross over Wallace sets about living a lifetime in seven days: **How to search for a word in kindle paperwhite** perfect overnight and whom hugo is inexplicably enamored with but I don't want to be too political in this review. **Under the Whispering Door kindle direct** Overall it did nothing for me and I wouldn't recommend it, **Under the Whispering Dooru uesp** It's not a subject a lot of people want to think about much less read close to 400 pages focused on, **Under the Whispering Door kindle cloud** He's aloof and cold more concerned about the bottom line than his employees has no friends a failed marriage and no real conscience, **Under the whispering door kindle** When he suddenly drops dead of a heart attack one day his is the only heart that's broken, **Under the whispering door plot**

Enter his reaper a deliciously sarcastic young woman named Mei and the wonderfully good-hearted ferryman she assists Hugo, **Under the whispering door tj klune epub** These two very-much-alive humans are assigned to help him and others adjust to being dead and cross over to what lies beyond: **Where is the key to the whispering door** At its heart this is as much a book about death as it is about appreciating life and learning to live: **Under the whispering door age rating** Overall a heartwarming and wonderful story! ½ (rounded up to 5) Thanks to Macmillan-Tor/Forge Netgalley and author TJ Klune for this ARC in exchange for my honest opinion: **Tj klune under the whispering door epub** This and all my reviews can also be found at: <https://acuriouskatreads.com/373> Be sure to visit Bantering Books to read all my latest reviews: **Under the whispering door tj klune epub** But I would bet money that those who adored TJ Klune's heartfelt fantasy novel *The House in the Cerulean Sea* will also adore his latest offering *Under the Whispering Door*: **Under the whispering door quotes** It's the same wonderful cozy hilarious kind caring gentle goodness we fell in love with when we read *Cerulean*: **Under the whispering door pdf online** Only this time around rather than themes of self-love and acceptance of others Klune tackles a much heavier subject - death: **Under the whispering doorz zipline** But he lightens it up shines it up just as he did in *Cerulean*: **Under the whispering door fanart** And as we follow newly-dead Wallace Price on his path to the hereafter as we watch him learn to live our insides melt to marshmallow mush. **Under the whispering door special edition** Klune tells a tale that has been told many times before; he just dresses it with a fantastical flair. **Should i open the whispering door** Nearly everything about the novel is predictable - the plot the characters the humor - and while reading it I could never quite shake a sense of been there done that, **Under the whispering door kindle** And Klune takes a very UNsubtle approach to the life lessons which too are nothing new: **Under the whispering door quotes** So what if it's not as fresh and relevant to today's times as *Cerulean*? You will still laugh. **Under the whispering door synopsis** And you will still feel the warm embrace of Klune's writing hugging your heart and your soul. **Under the whispering door synopsis** My sincerest appreciation to TJ Klune Tor Books and NetGalley for the physical and electronic Advance Review Copies. **Under the whispering door barnes and noble** In general it sounded more my speed and I decided to go in with tempered but hopeful expectations, **Under the whispering doorz zipline** The plot of *Under the Whispering Door* centers around death which is good score one for Elle the Blackhearted Witch, **Under the whispering door queer** There's a man named Wallace who after living a leaning-negative life suddenly dies: **Under the whispering door epub free** He floats around for a bit until a strange woman named Mei takes him to meet a Reaper Hugo who's supposed to be his guide into the afterlife: **Under the whispering door pdf online** Eventually the astonishingly benevolent and patient Hugo wears down Wallace's sarcastic and dismissive walls I never really got into his writing. **Under the whispering door characters** I'm gonna reiterate that there's nothing bad or wrong with it and some portions are clever but for the most part I just trudged through: **Under the whispering door mbti** It's not that I hate hope and joy but I don't believe the sincerity here, **Under the whispering door summary** I have a hard time connecting with writing if it seems like the author is trying to force me to feel a certain way and the entire book read formulaic to me. **Under the whispering door novel** The quips get old quickly and the big 'life lessons' along the way are nothing but platitudes. **Under the whispering door age** It's not a hope that's earned but the most generic and vague notion of something artificially sweet: **Under the whispering door summary** Even with the big question in a book about loss and grief "What is life/death?" Klune doesn't even take a swing at it. **Under the whispering door epub** It's like he's too afraid of saying the wrong thing that he's decided to say nothing at all: **The whispering door not starting** Look I'm not trying to take away anyone's comfort reads or deny genuine emotion that the plenty of readers who loved this book felt. **Under the whispering door pages** This is just one person's opinion in one little review and as much as I'd like to have enjoyed this with you all (really I swear!!) I don't: **Under the whispering door epub** You could see it coming a mile away because TJ Klune does not have the capacity to let his characters suffer beyond temporary hiccups. **Under the whispering door kindle** The rules change

to accommodate the main character because that's the kind of stories he writes: **Under the whispering door pdf download** Where love is the most powerful thing in the world strong enough to literally conquer death and this single relationship is at the center of it. **Under the Whispering doorx** I just don't find these kinds stories sweet or reassuring because there's no way to carry that over into your life. **Under the whispering door book cover** If your partner dies then you have to find a way to live with that because no magical Boss Baby is going to appear and revive them for you, **Under the whispering door kindle** I guess I just wish the author hadn't let them ride into the sunset this time: **Under the whispering doorz zipline** " Last year I read The House in the Cerulean Sea this was a bit toward the other spectrum discussing topics such as Death suicide depression and mental illness, **Under the whispering doorz zipline** "But it's what you do to pull yourself out of it that matters most. **Under the whispering door quotes** " The writing is very good simplistic and easy to follow: **Under the whispering door pdf online** I think it is a book for everyone such as THITCS was and the found family trope which is Klune's specialty is found in this one too, **Under the whispering dooru unlock** And not to sound too grim the heavy topics are balanced with humor and fun moments with weird characters and laugh out loud moments: **Under the whispering door book** Desdemona and all the secondary characters plays a huge role in this!The characters are great and very memorable: **Under the whispering door book** There is a queer romantic relationship in the book which was also a central thing in THITCS: **Under the Whispering dooryard stories** I also know that Klune lost his husband to Cancer so he is also writing from experience and things that he went through so I do respect that. **Under the whispering door synopsis** The world-building is good as I said above I love that everything was clear and easy to follow which makes it easy to read. **Under the whispering doorz zipline** I think some of the foreshadowing made things obvious for me but it was good anyway. **Under the whispering door quotes** I think I have mixed feelings about the ending and I stand somewhere between I am satisfied but the ending defeats the purpose of the book[1]

And extraordinary empathy.no. Wait. The characters are very unique and memorable. The world-building and plot are easy to follow. I don't have much to criticize about this one.P.J.J. Klune's trademark humor. Those are worthwhile topics no doubt about that.The story is very drawn out for what it contains.The humor that you'd expect from T.J. Klune is still here.The love story in here also feels a bit incongruous. It's unclear to me exactly how it happened. One moment they weren't getting along. Then the next moment they were in love. But I didn't see any transition from one to the other. even when youre dead its still life. you exist. youre real. youre strong and brave and im so happy to know you.5 estrellas. OIGAN LLORÉ MUCHO. It will be published September 21 2021.blogspot.Call me a gambler.Because it's more of the same. He adds love laughter and tears to it.I have a few butts though.Under the Whispering Door is a bit formulaic. The story a bit recycled. Live life to the fullest and don't be an @sshole. By now I think we've got it. (But I do sincerely appreciate the reminder. Admittedly some of us need it.)All butts aside I really did enjoy Under the Whispering Door. I truly loved it. You will still cry. Your insides will still melt to marshmallow mush. All opinions included herein are my own. I also hated the ending. "There's no going back from that. A river only moves in one direction." "It is" Nelson agreed. "Because you're you.
