

**tentador ebook reader** I will admit though that the part of the book that had my attention were the Leo/Nora parts and also the Sebastian parts (he's Leo's brother) and there were a lot of in-between scenes that weren't about them (more about Nora and her school friends). **Book Muy tentador** I liked how passionate they were about each other I just wish they'd realized it earlier because there was actually only 4% of the book where they are officially together and 3% of that is a sex scene.

**Muy tentador pdf merger** I liked the direction it was going in but I wish that there had been more of a focus on them after they got together or at least an epilogue set a few months/years into the future to give us a bit more balance. **Kindle Muy tentadora malbec** 5 stars

The more I was reading for those characters instead of Leo and Nora: **Muy tentador kindle paperwhite** I thought Nora's list of "Very Bad Things" was stupid and over the top. **Muy tentador epub air** Not to mention that almost everything that could've happened in a typical NA story DID happen. **Muy tentador booker** To be honest I didn't see how her rape molded any part of her character so that whole thing with Finn felt completely unnecessary. **Muy tentador epub reader** I feel generous giving the book 2 stars but one's for effort and another is for the entertainment and truly kickass secondary characters. **Muy tentador book** Copy provided by Bolero Books via NetGalley in exchange for an honest review: **Muy tentador bookworm** "The heroine: Nora Blakely - she has a genius IQ and is spinning out of control because of her terrible home life, **Muy tentador contemporary dining** Leo Tate does not do commitment and he is very upfront with the women who want in his bed. **Book Muy tentador** All Leo wants is to get his gym up and running and to give his brother Sebastian.

## Muy tentador epub reader

Sassy and possesses a maturity well beyond her years. **Muy tentador kindle paperwhite** She is also in pain and has been suffering in silence for many years: **Muy tentador contemporary kitchen** She sees herself as broken and unlovable and that alone will BREAK YOUR HEART: **Muy tentador pdf drive** As you read and get know her you will learn that Nora is also very courageous: **Book Muy tentadora malbec** Not too many young girls can survive what she has and still keep their heads held high: **Muy tentador contemporary dining** Not too many girls would be able to stand up for what is right when no one else will do it for them, **Book Muy tentador FIRST OFF** you should all know that the heat level and the angst level comes in on an EPIC FIRE WAVE and when hit. **Muy tentador booker** you will melt into LAVA leaving behind a scorching fiery mark that was once your presence: **Kindle Muy tentador leches** However not even all those great book qualities can mask the inherently weak storyline and flaws that made it nearly impossible for me to finish let alone enjoy. **Muy tentador pdf merger** This book boasts one of the WORST heroes I've ever read: **Muy tentador pdf drive** Actually labeling him as hero is too nice since he doesn't act like one until the very end, **Book Muy tentador** I liked Nora significantly more than Leo but she still got on my nerves too, **Book Muy tentador** This chick is way too clingy and needy - constantly voicing her love for Leo and he rejects her EVERY: **PDF Muy tentadora** Characters like Sebastian Drew Cuba and Mila stole my heart and I found that the more I read Romance Contemporary HMMMMMMMM: **Book Muy tentadora malbec** 5 stars (don't hate me!!)I read this one because of all the glowing recommendations I'd received for it, **Muy tentador ebook reader** So many readers are absolutely loving this book at the moment and I can certainly see why: **Muy tentador contemporary kitchen** So overall I did like some of it but it wasn't a 100% fit for me. **Muy tentador kindle reader** The story follows Nora an 18 year old high school student who is suffocated by her mother's constant

and stifling need for perfection and one day she just reaches her limit. **PDF Muy tentador** From this point on she is determined to be as bad as she can be, **Muy tentador book** And it starts at one of her school speeches where she publicly tells everyone to fuck right off (teehee it was kind of awesome): **Muy tentador pdf drive** This is the first time that Leo sees her and he's drawn to her: **Muy tentador pdf merger** He knows (or rather thinks) he shouldn't be because he's the 25 year old guardian of his brother who attends her school: **Muy tentador ebook reader** Besides he's the love 'em and leave 'em kind and in his own words has never met a girl I couldn't say goodbye to, **Ebooks Muy tentadora** until finally towards the end he realizes the error of his ways and that they might actually be perfect for each other: **PDF Muy tentador** Ok so except for the fact that he kept on rejecting her over and over and over and over again I actually really liked Leo, **Muy tentador contemporary definition** The rest of him (minus that element) was absolutely the kind of guy I'd fall for. **Muy tentador booker** He was swoony and protective and certainly made my heart flutter in nearly all the times he was around. **Muy tentador ebook** But I hated that for the majority of the book he was sleeping with someone else: **Muy tentador ebooks aha** Don't get me wrong he was not cheating since he and Nora weren't technically together while that was happening but it still really bothered me. **Muy tentador kindle reader** In all honesty I did consider putting the book down in places but at the same time there were certainly parts of it that gave me butterflies: **Muy tentador ebooks aha** It was addictive I have to give it that and I was curious enough to see where the Nora/Leo side of the story would go that I wanted to see it through to the end. **Muy tentador epub reader** Personally I felt that the story would have been stronger if some of those in-between scenes had been cut down in length. **PDF Muy tentador** The message was that having physical things isn't what brings you happiness that comes from the inside and from being true to yourself. **Muy tentador ebooks library** those are the precious things in life and sometimes you have to fight to be able to hold onto those, **Book Muy tentador** Finally they both admitted and gave into what we all knew from Chapter 2: **Kindle Muy tentador leches** Despite the fact that it took them 95% of the book to get there it still did make me swoon because like I'd said I couldn't help but be drawn in. **Muy tentador contemporary kitchen** it was very sudden and basically a complete 180 turn from we can never be together to we will be together til the day we die: **Muy tentador pdf drive** Oh and WARNING: and really this was my fault 'cuz I guess should have looked more closely at the table of contents before reading but, **Book Muy tentador** the book ends at 84% on my kindle because there are seven previews for other books after it!! So just be warned. **PDF Muy tentador** Overall I hovered between 3 stars in some places and 4 in others and am rounding it off to 3: **Book Muy tentador** A lot of other readers are absolutely loving it so who knows you might too: **Book Muy tentador** When she blanks out in front of a crowd at school and curses the school and everyone in the audience: **Muy tentador ebook reader** The Hero(es): Leo Tate - He lost his parents seven years ago when they were murdered by a carjacker: **Muy tentador contemporary dining** He became the guardian of his younger brother Sebastian and recently they moved to the area to open a new Gym, **Muy tentador contemporary dining** Sebastian is starting school at Briarwood Academy for his senior year, **Muy tentador ebooks library** Though after getting to know her she tells him how she was sick prior to entering kindergarten and is nearly 19 years old, **Book Muy tentador** However despite the fact that her age is no longer an issue Leo still won't start anything with Nora because he likes girls that know what to expect from him. **Kindle Muy tentadora malbec** After losing his parents Leo doesn't want anything to do with Love since it is just a precursor to pain when the object of your affection leaves or is taken from you. **Book Muy tentador** The narrators were perfect for the characters and I really enjoyed the story, **Muy tentador contemporary dining** There was a lot of pining but I like the pining stage especially when it isn't just one sided: **Muy tentador epubublishing** There were several super steamy scenes and I like that the Hero's in the next few books were set up in this book but not the heroine's: **Book Muy tentador** I tend to like a new couple in each book not two known main characters so that their story starts in a prior book, **Contemporary Muy tentadora** This book had a lot of promise but sadly it didn't deliver: **Muy tentador ebook** A troubled young girl meets a hot albeit older guy (he's 25 and she's 18 and still in

high school) they have that connection and undeniable attraction: **Book Muy tentador** It's kismet right? Don't get me wrong there are things that I really liked, **Muy tentador book** But somehow the things I didn't like just overwhelmed the things that I did like. **Book Muy tentador** Well that becomes a given when one of the reasons why you didn't like the book was because of the main characters themselves, **Muy tentador contemporary dining** You lost your parents you had to grow up fast and take care of your brother and all that but seriously? All that self-loathing and guilt was just too much: **Kindle Muy tentadoras isla** His whole I-don't-want-to-love-because-I-don't-want-to-get-hurt thing got old really fast, **Muy tentador contemporary dining** It took the whole book before he finally got his ass out of his head and by the time it happened I just didn't care anymore: **Muy tentador contemporary dining** Although again the self-loathing and the guilt was too heavy for me: **Muy tentador contemporary kitchen** I do understand why because of all the horrible things she went through: **Muy tentador booking** But I have to admit at the very beginning I failed to understand the logic behind her actions and decisions: **Muy tentador ebooks library** She doesn't know who she is anymore so she decided to become a bad girl: **PDF Muy tentador** Huh? But as I've said she did grow on me and I ended up respecting her character, **Book Muy tentador** Not that I like her chasing after him after being rejected multiple times but at least she was honest about her feelings, **Book Muy tentador** I just felt that there were so many things that took too long to be resolved and when they did get resolved it felt rushed: **Muy tentador epublising** It was hinted throughout the book but when it was revealed it was anticlimactic: **Kindle Muy tentador leches** Even Nora's relationship with her mother was swept under the rug, **Contemporary Muy tentadora** Loved the cover though and the secondary characters were pretty awesome, **PDF Muy tentador** But hey even though this was a disappointment for me who knows you might like it better than I did, **Book Muy tentador** Ebooks Romance Contemporary 3 Bad Girl Stars!! Unfortunately after all the good things I read about this it was just "meh" for me, **Book Muy tentador** Pressured by her mother she is popular belongs to every club in her prestigious academy and has perfect grades perfect style and perfect behavior, **Book Muy tentador** But after something that happened to her on the past she feels ugly inside and she is done with being the perfect girl, **Book Muy tentador** Except she doesn't know who the real her is and so she creates a rebellious Nora that doesn't put up with anything, **Book Muy tentador** The older brother of a friend of hers and 6 years older she immediately becomes attracted for him, **Muy tentador kindle paperwhite** But after losing so much in life Leo doesn't allow himself to fall in love. **Muy tentador booker** But Nora is persistent and wants him and she's decided to let him know that they're made for each other even if he doesn't believe that: **Muy tentador ebook** Well thank God for the supportive characters who were awesome because the heroes were a great disappointment: **Muy tentador epublising** I'm sorry but you DON'T go after a guy that already told you no more than once. **EBook Muy tentadoras isla** And Leo start it out really sexy and soon became a coward asshole: **Contemporary Muy tentadora** Hasta el día en que se viene abajo delante de todo el instituto, **Contemporary Muy tentadora** Leo es un malote tatuado que se ha prometido a sí mismo que nunca se enamorará y menos de una chica como Nora, **Muy tentador ebook** Pero ella sigue apareciendo por su gimnasio con sus faldas cortas y con su tentadora «lista secreta de cosas malas por hacer» que él ha leído en su diario. **Contemporary Muy tentadora** Leo quiere resistirse a ella pero solo con probar sus labios entiende que el amor prohibido nunca había sido tan dulce. **Book Muy tentador** A veces lo mejor de la vida son las cosas más tentadoras. **Muy tentador book** Muy tentador (Academia Briarwood #1)#1 Charts Wall Street Journal New York Times and USA Today best selling author Ilsa Madden Mills pens angsty new adult and contemporary romances, **Book Muy tentador** A former high school English teacher and librarian she adores all things Pride and Prejudice and of course Mr. **Kindle Muy tentador leches** Shes addicted to frothy coffee beverages cheesy magnets and any book featuring unicorns and sword wielding females: **Muy tentador booking** ☺ Sign up for her newsletter and receive insider info about new releases and exclusive giveaways You can stalk her/sign up on the contact page: [ilsamaddenmills.com](http://ilsamaddenmills.com). **Book Muy tentador** A former high school English teacher and librarian she adores all things Pride and Prejudice and of course Mr. **Muy**

## **Muy tentador kindle reader**

2 stars! ^because Leo's "stupid on a stick." Anyways this book was truly a disappointment. The writing was at-times brilliant and I never felt bored. 1. Not cool dude. 2. SINGLE. TIME. Stop beating a dead horse!!!!!!! 3. The secondary characters stole the show. 3. But. I'll explain further. No more good girl no more playing by the rules. And so begins the back-and-forth game. She wants him. He wants her. He holds back. She wonders why. And life goes on. A lot. Friends lovers following your dreams. I will say though that the ending was very sweet. But. So. I just felt it was rushed. 84% is the end. 5 stars. That being said this is just my personal opinion. 3. Which is definitely not love and forever. Blog|Goodreads|Facebook|Instagram|Twitter|BookBub Ebooks Romance Contemporary 2.5 stars This was me before I started the book. After a couple of chapters I was feeling like this. And then. Yeah. The plot had a lot of promise. Let's start with Leo. There is no easy way to say it. Leo was a big p\*ssy throughout the whole book. Dude I get it. He was the weakest hero I have ever seen. At least Nora got her shit together halfway through. She was stronger than Leo in my opinion. I got to give her that. Case in point Nora's abuse at hand of her brother. Even the confrontation between Finn and Nora felt rushed. And then suddenly her brother died in a car accident. Pretty convenient in my opinion. After their confrontation we get nothing. But overall it didn't work for me. So definitely give this book a chance. On the outside Nora is the perfect girl. Now she's going to be herself. Then she meets Leo. And him for her. He just wants a girl that wants no compromise. They both started promising but soon lose their charm. Nora started to get clingy and insistent. Todos piensan que Nora es perfecta. Darcy is her ultimate hero. Feel free to stalk her online. Darcy is her ultimate hero. Feel free to stalk her online. 5 stars. Okay I'm going to start off by prevaricating. hehe. so's you guys (and the author) don't hate me. The most promising part of the book was the premise. And I'm not saying that lightly. This chick has been a robot. It's BAD. She's not really even sure who she is exactly. and let me tell you folks it's a doozie. Now I'm a Fort Worth Texas resident. we're the redneck cousin of Dallas. everyone around here knows it. Literally up until the very end. Um. NO. Huge no-no for me. this hero fucks another girl for this whole book. I can't stand when a woman begs after a man. Sexist? Yes. My apologies. I want the man to do the begging and the chasing. she says it over and over again. Both Nora and Leo have a bad case of insta love. Thing is I totally like insta love. I think it's romantic. so yeah I truly believe in love at first sight. But not much talking about anything of importance. I didn't know them well enough. That's it. Who suddenly decides to just go crazy. not to mention that she plans it all out. It was just so. either in anger or tears. Soooo many times. It was a wash rinse repeat in a different setting. these two boys were the levity in this book. She wants to become a self proclaimed party animal. THIS book has no emotions No story-story as such. I see NO base plot. LIKE Oh did you know. My brother kept raping me. He took pictures. Oh and mother knew and did nothing. the father did nothing. sat into his Merc and drove off. just feeling angry for her. THATS FUCKING IT. Thats how fucking unemotional/emotionless this book is. Girl finds guy hot Guy finds girl hot. They have a 6 year age difference so he's hesitant. She become like some bold whore when around him. otherwise is a spineless BEE. I don't like commitments. I can't love someone and then lose them." - Leo Its stupid. Because he was fucking dumb. she loves him. Even when shit happen in the book I felt nothing. I was like. MEH. wtv. fuck it. "As soon as forever is gone I'll be over you. No hope.' But overall I didn't enjoy this book. I felt nothing for it. She's perfect. Then she meets her soulmate. But he doesn't want her. His gym and his brother are all he cares about. until he meets Nora.
