Andrew is torn and Morgan is stronger than she thinks. A beautiful holiday love story. Both narrators did a fantastic job with the performance. Each did both male and female for their chapters. I liked Seth's voice for the male point of view. It was nice to have the two switching off. I listened to this at 1.2 which is my preferred setting. All thoughts and opinions are mine only. Morgan has no interest in a new relationship. The characters were so great in this book. The ending was really great and that wedding was something. I want to send a big Thank you to them for that. I was under no obligation to offer a positive review. Opinions expressed in this review are completely my own. #WrappedUpInChristmasHope #NetGalley Wrapped Up in Christmas Hope.
