

Lords of Mercy (Royals of Forsyth University, #3) By Angel Lawson It got ugly at times but the good parts were so good... This series just made me feel so many things and that's exactly what I'm looking for when I pick up a book. **Lord of mercy catholic church harvey il** Lords of Mercy (Royals of Forsyth University #3)One word -- HOT I don't even know what to say THE HOTTEST SEX SCENES ever the guys were so caring possessive and obsessed with her I cannot help feeling jealous With reverse harem trope it's difficult for me to believe/feel love between a h and multiple men and you don't come back from the things the guys did in previous books but weirdly it worked and I got what I expect from romance 600 Dang this book was hella fucken LONG! Drag on foreva! I day dream & thought for a sec that I finished this book but it wasn't actually finished when I checked my kindle. **Book Lords of mercy** Lmao! I feel like this fucken finale book could have been a fucken standalone where we say fuck book 1 & 2 seriously! Killian was my #1 babe but damn Tristian took & stole his spot because babyeee...Sorry (not sorry) Dimitri but you're still in 3rd place. **EPub Lords of mercy college** Yeah not much to say and/or add because this book took me so long to finish because how long it was & by the time I got to good part where I'm like finally it's starting to unfold! I was feeling drain meh like oh okay welp moving on now so I can finished this & closed this bitch out because this was fun while it lasted. **Book Lords of mercy medical** Random notes-I've accepted what happened with Rath-Love what the authors did with Killian-Amazing characterization -The humour was great-Some of the best written smut I've ever read-The stalker subplot with Ted has never been my favorite but I actually liked it here and was 100% interested in it while reading-I like how long each book in this series is. **Lords of Mercy epub** "Holy cheese balls this is how you end a series! May I get an Hallelujah please? This series is so raw and real and ugly you can't help but fall prey to its intensity and rare vulnerability. **Mystery Thrillers Lords of mercyone** Is it ridiculous that I cried when Killian said this? But his character development and how his relationship with Story bloomed and changed into something so soft and intimate after all the aggression and hostility was the best kind of addiction. **Mystery Thrillers Lords of mercy medical** The idea of both Killian and Story getting off the taboo of being stepbrother and stepsister is a kink I didn't know I was into and I can't explain it but my god it was done so well... "Sometimes you're so real it fucking hurts to look at you. **Lord of mercy parish harvey il** Don't get me wrong he has control issues and he has the filthiest mouth and he's into vougerism and exhibitionism but the way he knew how to take care of Story was swoon inducing. **Lord of mercy lord of grace** And I'm apparently super into that...Loved how the three of them got an S on their chest and when Story got a Daisy tattooed on the scar of her wrist... I'm such a sap emotional exclamations and ostentatious rapture let me state a simple fact: The Royals of Forsyth University is a masterpiece of reverse harem romance. **Lords of Mercy booklet** I rarely come across a book in which kinks are being added not merely for the shock value or to pay tribute to the mainstream trends in romance but rather fit perfectly the characters' personalities forming a part of their individuality. **The mercy of the lord** The vicious insufferable trio of sick and demented guys grew a special bond with their girl — emotional physical spiritual— the kind of bond that made my eyes throb from the pressure of forcing back the tears of jealousy. **Book Lords of mercy hospital** SENSUAL Any other intimate scene I've ever had the opportunity to see or read or witness pales in comparison to the crème de la crème erotica presented in this book. **Book Lords of mercy mychart** It's quiet and over-warm the three of us standing in some fucked-up erotic triangle thigh-deep in the bubbling hot tub as we breathe too loud eager for our own turn. **Lord of mercy harvey il** I wish I could say the scene in which Story had Killian Tristian and Dimitri lined up on the edge of the tab in front of her and then played candy cock with them under their watchful transfixed gazes isn't forever ingrained in my memory. **Book Lords of mercy health** If Tristian Mercer weren't so irrevocably caught up in Story he could easily make a career out of sex refereeing: I can tell from the crazed almost violent sharpness in his eyes that he wants nothing more than to pummel right into her. **Book Lords of mercy hospital** " He pushes her down but I can feel that he doesn't need to that she's driving it into the back of her throat under her own will fingertips pressing divots into my thighs. **Lord of mercy harvey il** " The way all of them concentrated their undivided attention on

Story? With no M/M or OW drama in sight (that would have tainted the story) this book gives off the only vibe that matters — the vibe of three guys' worshipping their girl like a queen. **Lord of mercy harvey il** One might hate despise or complain about the sweet turn this book has taken but no one can hold it responsible for the bad execution or the lack of premise of behaviour change that ensued in guys. **Lord of mercy catholic church harvey il** Dimitri has this way of looking at me that makes it feel as though the whole world is falling away darkening at the corners until my awareness is teetering on the point of his pupils Killian Dimitri and Tristian's obsession with Story didn't waver. **Lords of Mercy ebookers** It merely expanded and evolved in a natural way that didn't detract any authenticity from their demented personalities but rather emphasized the fact that Story had an iron grip on their minds bodies and souls. **Book Lords of mercy** ☐FEEBLE DOWNSIDES— no smut book has the right to be that lengthy (at some point I found myself skimming despite the general love I harbor for this story and its characters);— it addled and wrecked my mind that the fleeing passing thought with regard to the stalker's identity — the thought I didn't give any serious pondering (tbh) — proved to be true. **Lord of mercy catholic church** OUT-OF-THIS-WORLD— physical intimacy: 100/5 ☐— character development: personal growth w/o a personality transplant 5/5 ☐— characters: vivacious distinctive authentic with easily distinguishable voices and flaws vivid reactions and feelings seemingly ready to leap off the page at any given moment 5/5— humour 3. **Lords of Mercy booklet** 5 starsLords of Mercy#3—original 4 stars + 1 extra star to atone for my harsh rating of the previous book 600 I loved the cute bro moments between the heroes especially when they would eat each other's cum out of the heroine. **EPub Lords of mercyhurst** The worst parts were when they would stop ☐☐book 1 reviewbook 2 review 600 I actually don't even know where to start my review for this book so I'm going to do something a little different this time. **Book Lords of mercy connect** It's poorly integrated overall and the revelation of the stalker's identity - while done better than in the Madison Kate series - has left me feeling like there are a lot of plot holes to this revelation. **Lord of mercy parish harvey il** I can handle a reasonable amount but here I began to tip over the edge because it felt like I was being left with a lot more questions than answers regarding the whole 'Royalty' system. **Kindle Lords of mercy connect** Like why is it so tied to the university when we don't even see the students attending classes anymore? How come LDZ is a frat (and admittedly what I know about frats could fit on a postage stamp) but we almost never see the boys interacting with their frat brothers or initiating new pledges or whatever?☐ Tragically the 'Game' subplot which looked so promising in book one has completely fizzled out. **Lord of mercy harvey il** What do you win? How do you play where do you get points? Who's keeping track of the score? Killian Tristian and Dimitri became the Lords because they won a Game - but that seems to have been an internal game within LDZ rather than between the frats. **Book Lords of mercy medical** Not so here: we're shown (note NOT TOLD) how much the boys care for each other independently of Story in a way which makes it more natural they could agree to share her. **Mystery Thrillers Lords of mercyme I** sometimes struggle with M/M in harems because of the fire test: essentially if a hero has a choice between saving the heroine from a fire or saving another hero I want to be confident he'd pick the heroine. **Lord of mercy catholic church harvey il** So a separate rating for the smut: 15/5 stars▶ Let's not dwell on how much I loved the way Killian and Story kept calling each other little sister and big brother ☐ “I want you to come inside me big brother. **Book Lords of mercy medical** Does he still fuck like a robot? More interested in how he looks than how it feels?” She drops close whispering in my ear “He looks anywhere but at you when he comes doesn't he?” My hand snaps up and clenches around her throat my sharp nails pressing into her flesh. **Book Lords of mercy college** Story gets pregnant and we are taken through the entire journey: how they buy a house how they go to ultrasounds how the boys become her sappy baby daddies like wtf??? When I see 100 more pages of a book that seemingly came to an end I expect some more crazy shit to happen, **Lord of mercy catholic church harvey il** 600 This trilogy owned me! And the Dukes? I cannot freaking wait! 600 This book series is a tableau of depravity simmered to sublime perfection, **Book Lords of mercy hospital** A fascinating sight of brutal force's seamless flow to a feather-soft touch, **Book Lords of mercy medical** An absurd tale of grime's purifying force and logic's unconditional

surrender in the face of human passions. **Lord of mercy catholic church** of Pain leading to catharsis; of Mercy's deceptive softness; of wRath's covert vulnerability; of Story's wielding power: **Book Lords of mercyme** This particular work reminded me of why the opposite of beauty enralls human nature: **Book Lords of mercyhurst** But before I sink further to the dangerous waters of flowery language.

I came back to Forsyth and agreed to be their Lady for two reasons: protection and revenge. **Book Lords of mercy** I put up with the abuse the degradation the humiliation and bided my time, **Lord of mercy catholic church harvey il** The Lords give as good as they get and the consequences were fierce but there's one truth when it comes to Killian Dimitri and Tristian, **Lord of mercy lord of grace** They wanted to break me but instead they molded me into their perfect weakness: **Book Lords of mercyone** No more rules no more punishments no cameras or dress codes or sneaking into my bedroom: **Mystery Thrillers Lords of mercy hospital** In return I'll give them a chance to earn the title of Lord. **Lords of Mercy Mystery thrillers** Building trust takes time but with all the threats nipping at our heels that's a luxury we don't have. **Lord of mercy catholic church harvey il** We have to rely on one another despite our complicated pasts—to find a murderer a stalker and a traitor. **Mystery Thrillers Lords of mercy connect** This new life of pain wrath and mercy is a confusing maze of twists and turns: **Lords of mercy read online free** Fortunately for us there will always be one fixed constant guiding us home: The Royal we: **Lord of mercy catholic church harvey il** It contains graphic content that some readers may be particularly sensitive to: **The lord of divine mercy** If you have triggers or are even remotely unsure please heed the note at the beginning of this book. **Lords of Mercy Mystery thrillers spillers** Lmfao!! Idk if it's just me but I guess I'm fucked up because I lowkey love Daniel, **Book Lords of mercy hospital** However this is pretty long and I skimmed a tiny bit towards the end (like when they're all settled and together): **Book Lords of mercy health** -Yet the HEA was somehow perfect? I somehow bought into it? I cried my eyes out and I never do that shit when reading HEAs, **Kindle Lords of mercy mychart** -I'm concerned the nickname for the h in the next book little bird will be overused, **Book Lords of mercyone** ****Can't wait for October <3 600 "Over the years we've weaved together the pain of love the wrath of loss and the mercy of forgiveness: **Book Lords of mercy connect** This is what it means to love something more than yourself and this is what we've created with it, **EBook Lords of mercyhurst** It's depraved the epitome of toxic love but it works because it doesn't try to be anything but what it is: **Lords of Mercy epub file** I could feel the feminism leaving my body as I read and I'm not even mad about it, **Book Lords of mercyme** That being said when I tell you I'm obsessed it doesn't even begin to cover what I'm feeling for these characters right now, **Book Lords of mercy mychart** I'd fucking kill for these assholes that's how bad these book got me, **Lord of mercy catholic church harvey il** And how clever were those titles all tied up with the Lords' names and the last paragraph of the series? That's the kind of quality content I find excellent in a book, **Lord of mercy meaning** The sex scenes were filthy and raw and full of gut-clenching emotions: **Book Lords of mercyhurst** I had to stop reading and just stare at a wall for a while in more than one occasion: **Book Lords of mercy connect** Usually male characters in romance novels are more of a idolized fantasy created by women than anything resembling any real men. **Book Lords of mercy medical** In this case though the Lords acted sounded and thought very close to real men: **Lord of mercy parish harvey il** And it was fascinating in a very twisted way considering how toxic these characters are, **Lord of mercy catholic church** "But the best part of her by far is that she's awake for what happens next. **Book Lords of mercy health** I've been obsessed with this psycho since the first book and it amazes me to see how far Killer had gone by the end of the story: **Lord of mercy parish harvey il** I think that's why these book are so addictive the characters and relationships evolve so flawlessly it's impossible to stop reading. **Lord of mercy lord of grace** The fact that he sought professional help with his reading issues made my heart feel so warm it was

ridiculous: **Lords of Mercy kindle store** And when he read to [redacted to avoid spoilers] I have to admit I ugly cried: **Lords of Mercy epub reader** And the reason why he takes such extreme good care of himself broke my heart a little bit, **Book Lords of mercyone** Crane was such a gift I loved every one of the insults she processed to the Lords. **Book Lords of mercyme** Even though “nothing gay” happened the level of intimacy and comfort between the guys was so hot. **Lords of Mercy epubor** They touched each other and shared more fluids than any straight guy should be comfortable with. **Book Lords of mercy mychart** Moreover I (a strong advocate of monogamous relationship) am willing to duel with (s)words to argue my case: **Book Lords of mercyhurst** □4 WORDS□SORDIDNot only did I have no idea what propelled the authors to include voyeurism somnophilia Story n Killian's fully embracing and welcoming their stepsibling bond, **Book Lords of mercy medical** My voice feels like it's dropped three octaves as I run the head of my cock over her tongue. **Mystery Thrillers Lords of mercy** “You like my cum little sister?” I also couldn't see why they had insisted on writing in the most annoyingly voluptuous erotic and natural manner possible, **Lords of Mercy ebook reader SPECIAL**Payne KillianMercer TristianRathbone DimitriAustin Storywill forever hold a special place in my heart: **EPub Lords of mercy health** I've never seen a smoother transition from a toxic depraved sick relationship to the dynamics that honed love protectiveness and understanding, **Lord of mercy catholic church** The guys and Story functioned like a well-oiled machine each of them playing an integral part in each other's lives, **Lords of Mercy Mystery thrillers books** Unique co-dependence that relied heavily on their mutual trust affection and devotion, **Book Lords of mercy college** Apart from forming the perfect whole they shared distinctive inner dynamics secrets routines. **Book Lords of mercy** Rath watches her with parted lips his wet hair hanging in his eyes as he flexes his hips: **Lords of Mercy booking** Story takes the tip between her lips and looks up holding his gaze as she sinks down: **The lord of divine mercy** But the second he curls close looming over us like a horny sex-crazed giant I swat his hand away from his cock: **Kindle Lords of mercyone** “Start slow” I explain at his outraged expression shamelessly grabbing his dick and guiding it to her entrance. **Book Lords of mercy health** What can I say? The spirit is willing but the flesh is weak: **Book Lords of mercyme** □ Tris slides over cupping a palm against the back of her head. **Book Lords of mercy health** Mercer I have a business proposal for you — Tristian is the one to ease me off thumbing a tear track from her cheek when I free her. **Book Lords of mercy** ” His encouragement propels her to suck and lick my head sending shivers down my spine: **Lords of Mercy Mystery thrillers 2023** Tristian strokes his cock slowly not in any rush as he looks up at Rath “Come over here and touch her tits, **Book Lords of mercyone** □SWEET Sometimes I watch you and I can't blink: **Book Lords of mercy connect** ” The third book made the depravity — objectification mistreating abuse and punishment galore of the first two installments — acquire a rich aftertaste of sweet spicy candies. **Book Lords of mercy** It gives me what I need to finish the letter swooping the final stinging curve because maybe she doesn't need it but I do, **Book Lords of mercy hospital** “Do you have any idea how much?” I have stumbled upon a few reviewers who were upset over the lack of darkness in the last book: **Book Lords of mercy** in the light of the above I have only one question for them: haven't you had enough of Story's suffering? Let the girl breathe you savage brutes, **Lord of mercy lord of grace** □ I've been claimed before with knives and trackers and bruises and marks. **Lords of Mercy booking** Each guy honed his obsession like a weapon learning to control it and I was there for it: **Lord of mercy parish harvey il** Each subsequent book of the series seems to have been raising the stakes when it came to providing the sheer absurdism, **Book Lords of mercy college** □ The stalker's plotline has been a cross-cutting theme throughout the series thus the allotted time dedicated to their identity's revelation was unjustifiably short, **Lord of mercy catholic church harvey il** The rapid wrap-up detracted from the surprise factor; — everything besides romance character and relationship development (such as world-building secondary characters) have been glossed over. **Book Lords of mercy hospital** The royals of the university never once attended classes on those pages or took part in any remotely normal uni activities. **Lord of mercy parish harvey il** 5/5— TRISTIAN MERCER

mercy hospital Before that though I want to note (with astonishment) that I've now given every book in a series 5 stars for the first time since I started reviewing over three years ago: **Book Lords of mercyhurst** Generally I hoard my 5-star ratings the way people hoarded toilet paper at the start of the pandemic. **The mercy of god pdf** So when I say that I've enjoyed this series more than I ever thought possible and that I can't believe I gave this rating to every installment you know I 100% mean it: **Lord of mercy harvey il** To get the few negatives out of the way first:□ The stalker element has always been the weakest part of each plot: **Book Lords of mercy** It generally gets suspended in the first half of each book in favour of relationship development then suddenly reappears at the 50% mark (or later) to spice up the action. **Lords of mercy pdf** □ To enjoy this series you do need a lot of suspension of disbelief, **Lord of mercy catholic church** The Game has never actually been explained at all despite purporting to be the motivation behind many characters' actions. **Lord of mercy catholic church harvey il** How were the next Lords picked after them? Where are the old Lords? Etc. **Lords of Mercy ebookers** These are all things I've wanted to know since the first book. **Book Lords of mercy college** This is less of a full-fledged point but I'd have liked to know a bit more about Dimitri's history. **Book Lords of mercyone** We get quite a bit on Killian and Tristian yet Dimitri's background is currently still a collection of random facts which haven't coalesced: **Book Lords of mercyhurst** Like where's the brother he mentioned? His mum? That's broadly it though. **Lords of mercy pdf** But instead of reviewing just this book in its specifics I'm going to generalise everything I love about the series and turn them into principles: **Book Lords of mercyone** If I had to pick ONE thing which has made this series a keeper for me it's the amount of care lavished on character development. **Mystery Thrillers Lords of mercyhurst** Story Killian Tristian and Dimitri are all individual personalities with idiosyncratic reactions to the given situation. **Mystery Thrillers Lords of mercyme** I normally hate reading multiple POV even more where it's male POV but I like it here because they all sound (and are) distinct from each other: **Book Lords of mercy** The four of them are subjected to actual character development. **EBook Lords of mercy college** The people we meet in book one have evolved by book three - not in an unrealistic way not in a way that leaves me thinking they've had personality transplants. **Book Lords of mercy hospital** □ Linked to the above point: nothing is rushed on the relationship front either, **Lords of Mercy epub reader** Each member of the harem is allowed to have their own connection with Story which develops in its own time: **Book Lords of mercy** Sure sometimes those connections overlap (in orgiastic ways) but the different pacing adds authenticity to the relationship, **Book Lords of mercy mychart** I've often read RH books which leave me wondering why the hell the heroes would ever agree to share the heroine: **Lords of mercy spoilers** On a personal level too I'm really glad there's no M/M since I prefer the focus to be on the heroine. **Book Lords of mercy college** If I don't have that confidence I generally won't feel the romance, **Lords of Mercy kindle books** It was a real Goldilocks book and the series overall is the same: **Lords of mercy read online free** I've lost count of the number of authors' notes I've read telling me I'm getting a 'dark' book simply because it features a touch of violence or a mean hero, **Lord of mercy catholic church** Yet this series was never so dark I despaired of the romance or wanted the heroine to find better men, **Book Lords of mercy hospital** Next: Story is vengeful truly vengeful in a way we rarely see but not so vengeful that I was screaming at her in worry she'd destroy the relationship. **Book Lords of mercy connect** It's pulled back just at the right moment - and that's an insanely difficult balance to strike, **Lords of mercy pdf** Third: the characters can be occasionally self-destructive or mildly stupid but never so much it infuriates the reader: **Book Lords of mercyme** □ And now here's a little list of personal preferences which have made me love this series, **Mercy mercy mercy pdf** Ultra-jealous and possessive heroes with kinks including exhibitionism and somnophilia: **Lord of mercy lyrics** A manipulative heroine with a core of steel yet knows when to bend, **Lords of Mercy ebooks** Actual perfection after three books of nonstop drama this epilogue was exactly what the doctor ordered. **Lords of Mercy kindle store** I don't think I have anything left to say apart from the fact that I read this book as slowly as possible: **Book Lords of mercy** Also props to the authors for avoiding so many stupid romance clichés including (but not limited to) the use of 'best friend as

sequel bait' I've seen so much: **EPub Lords of mercy** Though we do meet the next trilogy's heroine in this book she wasn't treated merely as sequel bait, **Book Lords of mercy mychart** We get fed a crumb of information JUST large enough that I'm already dying for the next book. **Mystery Thrillers Lords of mercy** I'm also a little terrified because my expectations are going to be sky-high and it'll be tough to meet them: **Lords of Mercy epubublishing** But if any authors can pull it off it's the duo who have already produced this fabulous series. **Lords of Mercy epubor** 5 reluctant stars I regret telling everyone this might be a 5 star read BECAUSE I JINXED MYSELF like the stupid bitch I am. **Lord of mercy harvey il** ► Wow the authors really stepped up their game with this last book, **Lords of Mercy epub reader** I'm a lil embarrassed to look some of ya'll in the eyes after writing those long ass rants bashing the heroes (esp Killian). **Lord of mercy lord of grace** Whom I previously called -and I quote- The least relevant one □ If I could spit in my own face trust me I would, **Kindle Lords of mercy medical** But me?" There's a spark of dread in his eyes that I'm alarmed to see, **Lords of Mercy bookstore** I would have been your next Ted only I would have been worse, **Book Lords of mercy college** Do you know why?" He answers his own question as he slides my skirt over my hips bunching it around my waist: **Book Lords of mercy** " ► I'm quietly side-eyeing the authors for writing one of the horniest books I've ever read □, **Lord of mercy catholic church harvey il** I always uninstall the books after finishing them because a hoe has no storage BUT THIS ONE this one I'm keeping. **Lord of mercy catholic church harvey il** So on my extra lonely days (which are every day) I shall come back and reread those masterful sex scenes, **Lord of mercy lord of grace** " ► Story is getting crazier and crazier with each book. **Book Lords of mercy hospital** " Sneering I slam her back into the wall Let's be honest □ we've all been waiting for Story to beat the crap out of some of these rats, **Book Lords of mercyone** ► So many unexpectedly comedic moments between the four? "What's up?" Rath says "Nothing" but I jab a thumb at him cutting in: **Lord of mercy parish harvey il** If I'm expecting support for any kind of intervention then I'm highly disappointed because Killer just nods saying "Send me a picture" and then walks away, **Book Lords of mercy mychart** ► The reveal of who Ted is had me on my ass laughing, **Lords of Mercy ebooks free** Just as I was about to think that all the ridiculousness of the series toned down the plot twist happens and I'm □. **Book Lords of mercy hospital** The way I actually texted Tanaz saying Hmmm I feel like Ted is a woman: **Book Lords of mercyone** what if it's the mom? *contemplative silence* NAAAAAAH it genuinely felt like such a stupid thing to say that I never even considered it again LKSKSKSKS. **Lords of Mercy kindle unlimited** the honour for that descision goes to the ONE HUNDRED FUCKING PAGE EPILOGUE, **Lord of mercy catholic church** What in the hell was that?? Those were the most useless boring and underwhelming chapters ever, **Lord of mercy lord of grace** I don't care about their happy living □□□ does this look like a face of a person who enjoys other people's happiness? AND WE NEVER EVEN FIND OUT WHO THE FATHER IS. **Lord of mercy harvey il** I know they had a very healthy self-righteous thing going where they are all the fathers but once again: **EBook Lords of mercyme** do I LOOK like a bitch who cares? I wanna know who the biological dad is: **Book Lords of mercy connect** It's safe to say this book could've easily gone with 200 fewer pages. **Book Lords of mercy college** Lords of Pain (1) - 2 stars Lords of Wraths (2) - 4 stars Lords of Mercy (3) - 3: **Book Lords of mercyme** 5 stars Dukes of Ruin (4) - 4 stars Dukes of Madness (5) - 4. **Book Lords of mercyme** 5 stars TBR the rest when released 600 Hi I'm trash and I WANT IT 600

I got so emotional. Overall this was such a wiiiiiiild ride. I wanted vengeance and I took it. They keep what's theirs. They fought for me. Bled for me. Championed for me. I was put through the gauntlet and came out stronger. I earned the title of Lady. Then they became my weakness. I agreed to sleep under their roof but on my terms. WARNING: This book is a DARK/BULLY romance. Idgaf. He could have been my daddy. Peridot. Nth haven't changed. 2.5 / 3 stars 600 4.45 stars. Full review to come. I appreciate how this book was the longest. Our own little Kingdom. The uh "breeding" kink was another nice surprise. I'm not gonna lie that was unexpectedly hot. But that's [men] for y'all. "Fuck. Fuck." I felt so stupidly emotional over this asshole. Dimitri was amazing in this book. "She makes me want to make her feel good. She makes me want to give her everything. I don't want to burn her down. I want to burn with her high and bright." *sighs in horny* Tristian is so dreamy. Ms. A masterpiece unmatched. Story and Rath. Story and Killian. Story and Tristian. but I can't. "She's probably still sensitive. Jesus dude look at her. You'd be fucking her like a rag doll." The impact sent tremors through my body. "Come on sweetheart. Show your big brother how deep you can take it. Mr. "That's my girl. Keep her warm. Can't swallow. Can't breathe. I'm too busy wondering what it'd be like." Her eyes fly up to mine wide and stunned. "What it'd be like?" "If you loved me back. [] "I love you" I repeat softly. It's not a question but whispered devotion. But never gently proudly formally. [] I wish I were them. 5 stars Lords of Wrath #2—3. That isn't to say this book is perfect. It isn't. Like a lot. Now we can get to the good stuff. [] Character character character. But it's more than just distinguishing voices. But organically. [] There's a real emotional connection between the boys. It didn't feel right to me. [] The proportions of everything are just right. I felt this in book two in particular. Firstly: the romance ACTUALLY does get dark. No lines are crossed. Everything remains relatable. No OW drama ever. No M/M as I've said. Dubious consent. Sexual-harassment style bullying. Manipulative heroes who are brought to their knees. An extended epilogue which is PERFECTION. Honestly it's like this series was written just for me. I bloody luxuriated in it. Okay I'm gushing I'm really going to shut up now. 600 3. Each hero had such a distinctive personality. Obsessive and psychotically lovable in completely different ways. ► The character development took me by surprise. Because now I'm ► Extra appreciation for Tristian. I'm not like the others. They would have let you go before. "I would have followed you. "Because I know you want me back. I would have tracked you every fucking hour. It's insanity. I don't like it. This has INSANELY hot smut. Go unhinged sis we love to see it. "I have been wondering though. "Ah!" she gasps hands flying up. "Let go—" "Not until you understand something bitch. "He's going to jack off into your sister's panties." Killian gives Rath a long unreadable look. I love this thing called irony. ► As for my reason to lower the rating from 5 to 3.5 stars
