Ali Hazelwood ist meine neue Romance Queen! Alle ihre Bücher habe ich bisher in kürzester Zeit weggesucht (ich weiß auch nicht woher ich die Zeit nehme) und geliebt! Ich hab mich überraschen lassen wie gut das hier mit den drei Geschichten funktioniert und siehe da: Es hat hervorragend geklappt. **Loathe to love you summary** Die Sexytime ist Ali typisch immer etwas drüber aber wer bin ich schon dass ich mich darüber beschwere? Ich habe mich hervorragend amüsiert und mochte die drei Freundinnen sehr gern. **Loathe to love you epub** But they're MY fluffy nonsense
□————about the book————So for the extent of this review I will be referring to the novellas by alliteration :)Age: NA/AGenres: contemporary romance Cliffhanger: noWriting: 8/10Quotes: 7/10World building: n/aCharacters: 9/10 (especially Liam and Mara)Romance: 8/10 My rating: 9/10 !!spoilers below!!————my feelings————UOR: my favourite!!!!!! Liam and Mara are ALMOST as adorable as Adam and Olive!! The CHEMISTRY BETWEEN THEM AHHHSWY: my squashy little heart is melting again. **Loathe to love you ali hazelwood pdf** Erik and Sadie are so cuttttt!!!! BZ: probably my least favourite but still good! I didn't enjoy the story as much and some of it felt a little rushed even for a novella. **Loathe to love you ali hazelwood summary** Erik: ahhhhhhhhh why is everyone so adorable??? ERIK MY SWEET VIKING FEED SADIE ALL THE CROISSANTSSSS Hannah: I like how she's more different to the others but I felt like you needed more time with her to understand her properly. **Loathe to love you ali hazelwood pdf download** Paperback "ali hazelwood writes the same books but in different formats" ok???? and i will eat it up everytime Paperback From the New York Times bestselling author of The Love Hypothesis comes a collection of steamy #1-3)Im Ali and I write contemporary romcom novels about women in STEM and academia. **Loathe to love you epub** Im also currently learning to crochet so as you can tell Im a super busy gal with an intense and exciting life!I only use Goodreads as a reader to review and hype books that Ive loved (many of these book are ARCs received from fellow authors). **Loathe to love you epub** I'm also currently learning to crochet so as you can tell I'm a super busy gal with an

intense and exciting life! I only use Goodreads as a reader to review and hype books that I've loved (many of these books are ARCs received from fellow authors). **Loathe to love you summary** After hearing Things about Hazelwood's novel these novellas came up on Libby and since I needed something easy to listen to while packing and then unpacking my whole apartment I picked them up. **Loathe to love you pages** After reading some reviews for the love hypothesis it's become clear that apparently this is Hazelwood's whole shtick: tiny fragile women who are intellectually smart but emotionally absolutely incompetent fall for big fit brooding men with big arms and big dicks. **Loathe to love you epub** They misunderstand each other have a life-changing AITA-moment and then they have sex without a condom discover that sex can be pleasurable which they haven't been able to find out before and live happily ever after. **Loathe to love you epub** Paperback I hated these books ☹️ love that for me Paperback tired of living in a world where I don't have new Ali Hazelwood to read Paperback I have reviewed each of the individual novellas in this collection already so I won't go into those specifics here. **Loathe to love you epub** Instead I will take the opportunity to elucidate on what I notice from the author Ali Hazelwood across her works up to this point (September 2022): what I think is working what I find challenging and what I hope to see. **Loathe to love you epub** WHAT WORKS: 1) Though it's entirely possible that Hazelwood will run out of STEM contexts for her protagonists to exist in (she HAS already used NASA twice) I think the choice to keep her characters in that space is completely fine. **Loathe to love you pdf download** I also get why some people are not big fans of this but I consider it part of the charm of her work and I think she does a solid job of using them with care and thought without being TOO heavy-handed. **Loathe to love you epub** 3) I also think she is a largely effective sex-scene writer; there is enough variety and diversity of experience in her works where things stay pretty interesting and the scenes are usually pretty sincere in their awkwardness without taking away from the stuff we like about a good sex scene in a book. **Loathe to love you pages** anatomies) but those are arguably all over the romance genre in general so it feels unfair to fault Hazelwood for them when she is kind of going with what's expected of her. **Loathe to love you epub** I mean wouldn't it be a letdown otherwise? WHAT'S CHALLENGING: 1) To one degree or another all of her works up to this point (both novels and all three novellas) feature over-the-top communication problems. **Loathe to love you epub** This is especially frustrating when the setup for these challenges is often right there in plain sight in the work but she skips over them in favor of just having the characters think/talk past each other all of the time. **Loathe to love you Ali Hazelwood pdf** After all most books feature SOMETHING problematic right? 2) Although I have been pretty forgiving about this aspect up to this point even I will admit that if her next published work features an oh-so-teeny-girl with oh-so-teeny boobs all of which the love interests are just oh-so-obsessed with it will be a bit disheartening. **Loathe to Love youcopia** I don't want to diminish that for many smaller women having small breasts can be a genuine insecurity and I do think it's fine to show that there are guys who are into that but beyond that thin is otherwise the beauty standard and it could get a bit disheartening for readers to rarely see themselves - and by extension see an appreciation for their body types - in your work. **Loathe to love you epub** I totally empathize with the dilemma inherent in trying to write from the POV of a marginalized experience/identity you may not have but that could be a space where consulting with collaborators or friends or simply looking to works that have featured this kind of thing could be really helpful. **Loathe to love you pages** 3) Her villains when they exist (more so in the novels than in the novellas) are easy to spot and are a bit over the top in their villainy especially in these worlds that are otherwise pretty grounded in reality. **Loathe to love you read online** 2) Diversity among protagonists - She has included diverse characters in supporting roles and there is some demisexual and bisexual representation in her main romances which is pretty good (there is also an argument that Liam from Under One Roof is neurodivergent but that is speculation more than anything which I don't think counts). **Loathe to love you epub** Not he's going to think that I think that he thinks that I think that they told him that just isn't going to work for much longer (I was hyperbolic there but the point still stands). **To love and to loathe pdf** 4) When did you know? - Though in my other reviews I haven't mentioned this I think it would be great to get away from the guy being in love

with the girl at first sight thing for a novel or two. **Loathe to love you ali hazelwood summary** If there even needs to be a bad guy let it be one who presents a more complicated dynamic or conflict rather than a weird random toxic thing that happens that brings the love interests together. **Loathe to love you ali hazelwood summary** FINAL THOUGHTS:I have been kind of obsessed with The Love Hypothesis for what I believe is good reason and I have been able to find joy in the Ali-verse ever since even in the works I was less thrilled with by the end,AND I FOUND THE GINGER THING HILARIOUS (barely ginger ☺)Thanks for reading ☺ Paperback I loved parts of all three of the short Novellas combined in this book. **Loathe to love you epub** But there were also a few places that had me shaking my head thinking maybe I'm missing something: **Loathe to love you ali hazelwood summary** 5 rolled to 4STARS~~~~~This collection features three best friends and the men they love to hate - but not really: **Loathe to love you epub** All of the stories are smart and witty with the level of nerdiness and quirks shining high: **Loathe to love you pages** Stuck with You A civil engineer and her nemesis take their rivalry—and love—to the next level when they get stuck in a New York elevator. **Loathe to love you by ali hazelwood** Trotz der Kürze jeder Geschichte (um die 160 Seiten) konnte ich jede von den drei Freundinnen greifen und habe die Liebesgeschichte gefühlt: **Loathe to love you epub** Sie sind alle drei Wissenschaftlerinnen unglaublich klug und intelligent witzig stark und stehen für sich ein. **Loathe to love you epub** Wir brauchen mehr von diesen Frauen gerne aus der Wissenschaft. **Loathe to love you pages** Falls ihr die Geschichten auch lesen wollt empfehle ich die Reihenfolge einzuhalten da sie aufeinander aufbauen ☺ Paperback Te amo mucho pero mucho Ali Hazelwood: **Loathe to Love youcopia** Esta es una promesa pública y es decirte que cualquier libro que vayas a escribir yo lo voy a leer así sea un manual de como limpiarte a la hora del ir al baño: **Loathe to love you epub** Son tres historias cortas que están contadas todas en un mismo libro y UUH LA LA. **Loathe to Love youcopia** Vaya joya de historias todas y cada una de ellas si tuviera que escoger una favorita sería:1: **Loathe to love you by ali hazelwood** en pocas palabras todas las amé pero si tuve mis favoritas y cada una por motivos diferentes, **Loathe to love you pages** Tienen que leerlas para saber lo que se siente amar tanto una historia y déjenme les digo: **Loathe to love you ali hazelwood summary** ¿El bonus del final? 11/10 increíble lo amé demasiado me hizo querer volver a vivir y lo volví a amar por completo, **Loathe to love you epub** Gracias Ali por recordarme que leer es volverte loca por una historia, **Loathe to love you epub** 5—Yes Ali Hazelwood books have flaws yes they're very formulaic and repetitive yes they're utter fluffy nonsense. **Loathe to Love youcopia** My little ginger eco engineer ☺Liam: I may have mentioned that I love him, **Loathe to love you epub** MY HEART AHHHSadie: I feel like Sadie is the smol but ferocious trope down to a T, **Loathe to love you ali hazelwood summary** Yes he was very cute and kind but again the story felt a little rushed. **Loathe to love you ali hazelwood summary** I wonder whether he's aware that we almost smiled at each other, **Loathe to love you ali hazelwood pdf download** What is wrong with me? This poor man just gave me his croissant. **Loathe to love you pages** "———Songs———The difference by DayaBreathing by Anne-MarieHopeless by Áine Deane———Random extra thoughts———I swear to god especially since the ladies are all friends: **Loathe to love you epub** One of the things that did bug me was the similarities between a few of the women: **Loathe to love you ali hazelwood summary** They are showcased as being so odd and insecure that they cannot make a decision without their besties involved in all aspects of their life: **Loathe to love you ali hazelwood summary** These are women who have braved the toughest schools jobs etc: **Loathe to love you epub** yet need support because they are sheltered from life and members of the opposite sex: **Loathe to love you read online** Sigh... really?Hazelwood also relied on similarities in features of both the guys big and burly in all aspects the ladies are tiny and waif-like: **Loathe to Love youcopia** Hazelwood is great at upping the heat level and the build-up. **Loathe to love you ali hazelwood pdf download** While characterization might be a bit similar the actual stories are quite different and I loved that: **Loathe to love you ali hazelwood summary** Overall I enjoyed the collection of stories in Loathe to Love You: **Loathe to love you epub** Be prepared for high levels of quirks and insecurities that may grate on your senses, **Loathe to love you ali hazelwood summary** But hang

out for the wit STEMmy banter dreamy guys and sweet romance: **Loathe to love you epub** * copy received for review consideration* Full review - <https://amidlifewife.com/2019/07/15/loathe-to-love-you-epub/> I'm Ali and I write contemporary romcom novels about women in STEM and academia: **Loathe to love you ali hazelwood summary** And I wasn't disappointed really but outright appalled by how useless these stories are, **Loathe to love you epub** I would have maybe been able to overlook this condom thing once but all of these tiny girls and their well endowed boyfriends discuss using one and decide against it: **Loathe to love you ali hazelwood summary** It's a perfectly respectable niche to fill and so long as the variety is still there in spite of the STEM basis it will be fine if she stays in that space: **Loathe to love you epub** I'm okay with authors having a place where they like to live as writers as long as it doesn't render them or their work boring, **Loathe to love you pdf download** 2) I also think her decision to be unapologetic in her use of tropes is absolutely fine, **Loathe to love you epub** There are some similarities that might get a bit predictable (particularly in regards to the love interests', **Loathe to love you epub** Even the least guilty of them feels a bit excessive and it would be nice if the issues moved away from that and moved into something real and tangible: **Loathe to love you epub** This might be because the more obvious conflicts would present some deep possibly kind of heavy moral and ethical dilemmas and I get that but it would be worth it: **Loathe to love you epub** I know I shouldn't automatically know he's a villain when I read he had blonde hair and blue eyes but so far I do and most readers probably do as well. **Loathe to love you ali hazelwood summary** Not only is this blonde-hair-blue-eyed man slander (lol) but it takes the mystery away right away which is just too bad: **Loathe to love you summary** Even regardless of them being easy to spot they just consistently lack nuance which is just boring, **To love and to loathe pdf** WHAT I HOPE TO SEE:1) A new STEM setting - I am confident this will come but it's worth mentioning just in case. **Loathe to love you pages** That said it would be great to see body diversity or racial/ethnic diversity in the main love story either with the love interest or the protagonist (or both): **Loathe to love you ali hazelwood pdf** I feel this would alleviate some of the angst that some of her readers (including myself) are starting to feel as they navigate the love/sex scenes in her work: **Loathe to love you ali hazelwood summary** 3) A conflict that doesn't rely on unrealistic levels of miscommunication - There needs to be a real conflict, **Loathe to love you read online** There are all sorts of reasons that people who are in love can't be together, **Loathe to love you epub** There are things in life that are fundamentally incompatible with a new romance that could serve as the basis for a real true-blue conflict: **Loathe to love you epub** Sure he can be interested in or attracted to her but it's not ALWAYS love at first sight. **Loathe to love you pdf download** It would be really beautiful I think to tell a story about two people mutually falling in love at the same time and in the same way: **Loathe to Love youcopia** Again just to ground this in reality a little bit more while still making us swoon: **Loathe to love you pdf** 5) Better more complicated villains or antagonists - Maybe he's a family man with a problematic attitude not a cad who assaults the protagonist the second he's alone with her: **Loathe to love you ali hazelwood pdf** Maybe he's an ambitious career-man who doesn't realize that promoting the love interest means taking him away from the protagonist and is trying to convince him he'd be better off. **Loathe to love you pdf download** Maybe it's something else entirely or maybe he doesn't exist at all. **Loathe to love you pages** However I do think there will come a point where some of her habits get old and she'll need to switch it up in some or all of the above ways, **Loathe to love you epub** The talent is there so I hope she can get to that place at some point! Paperback i love these 3 novellas Paperback.

masterpiece. Probably not reality but okay. What I did enjoy was the steam factor. Plus she excels at
the uniqueness of the stories. My favorite was the final story.com/loathe-to-lo. I love cats Nutella and

of STIs? Straight people I guess. Apart from that all three novellas are absolutely forgettable. That
would be a nice change. In fact it usually isn't. Hell maybe SHE can fall in love with HIM first
