 can't tell you how much in love I am with this series and Nina's writing. **Book Rogue Elves of ardaniis** So summa summarum I did love the book I enjoyed every moment of the story and cant wait to get it on paperback!!!! And if any new night elf is out there... Rogue Elves of Ardani (Elves of Ardani #2) This was such a beautifully written story full of action with the perfect amount of romance. **Paranormal Rogue Elves of ardaniin** I didn't think I could love anyone else other than gentle Aruna but grumpy Vaara has my heart also ☐ Rogue Elves of Ardani (Elves of Ardani #2) I was provided a free copy of Rogue Elves of Ardani in exchange for an honest review. **Book Rogue Elves of ardania** 75A prison break a daring escape a soul binding contract and heated attraction all rolled into this revenge/ romance tale for our two broken leads who are just trying to survive and piece themselves back together along the way. **Book Rogue Elves of ardanism** I just personally wasn't a fan of the tropes and the characters in general - I could never really empathize with either Vaara or Crow but again the fault lies not in the writing but in my personal taste. **Rogue Elves of Ardani paranormal nightmare** All the hits are back: crystal-clear prose that doesn't waste a single word a contained interesting little world some definite moments of darkness and a compassionate (and steamier I think?) romance. **Book Rogue Elves of ardaniin** I was going to give it only 2 stars because I grew tired of it and glossed over a few things in the middle but to be fair it's not that this story was particularly boring it's just that it follows a pattern I am fast growing very bored of - so I put this back up to 3 stars and I'm gonna write a mini rant below instead. **EPub Rogue Elves of ardani fikriansyah** So I feel it's been a recurrent thing for me while reading romance novels and fantasy ones in particular that the story would start great with a lot of original things going on for it but somehow melts back down to average through the course of the book. **Fantasy Rogue Elves of ardaniin** We also have an intriguing premise and the whole book is consistently supported by good writing and compelling world building - lots of good things going on! And indeed until I'd say 1/3 in I am having a great time and thinking this book is very solid. **Book Rogue Elves of ardaniin** This makes it all the more frustrating when somehow down the line characters inevitably morphed back into generic romance characters with generic problems generic doubts and a generic way to get over those!! One thing that might have made this worse is the weird triptychal structure of this book. **Rogue Elves of Ardani books** This was such a stupid scene: why would they had wasted time doing this while being on the run?? That just made the two main characters look dumb and undermined the darker scenes that follow. **Book Rogue Elves of ardani fikriansyah** So all in all an ok read - that could have been good with some editing out of the longest bits - but could even have been great if it had actually used the originality it started with instead of devolving back into an average fantasy romance. **Rogue Elves of Ardani books** Well developed world characters with depth and complicated emotions and a slow burn romance makes this a page-turner Rogue Elves of Ardani (Elves of Ardani #2) Finally finally finally! This is my second ARC copy read got the book for free and Im not ashamed to give critique when its due (like my firts ARC read which is a DNF even if I did very very hard) But here we are on my second ever ARC read and Im so so so happy that this is soooo good of a book! Thank you!!!! An easy five star book in content plus I luv the cover very much. **Rogue Elves of ardanillo** I really liked that it had a lot of adventure and the romance development is better than the first! I just rooted for them both! I was a bit sorry that the warden was beyond saving from darkness action simmering romantic tension and solid villains the book is bound to keep you hooked from beginning to end. **EBook Rogue Elves of ardanie** You don't have to read the first book to follow along with this one but it was fantastic to see characters from book one revisited and have their storylines interconnect with that of the characters in Rogue Elves. **Book Rogue Elves of ardanie** I had some issues with Crow at the beginning of the book but ultimately I think the later reveals about her past and present circumstances managed to humanize her in such a way that I was able to enjoy the development of her relationship with Varaa:

She can usually be found sipping coffee and reading something from her ever growing To Be Read list, **Kindle Rogue Elves of ardanin mutfagi** She's an enslaved telepath who will stop at nothing to get what she wants. **Rogue Elves of ardanihe** He's a scarred elven prisoner with a deep hatred of humans: **Book Rogue Elves of ardanie** She needs him if she wants her freedom... but he just wants her dead: **Rogue Elves of ardanica** Breaking a man out of prison isn't difficult for someone with the power to read and control minds: **Rogue Elves of Ardani ebook free** It's just another job forced upon her by her cruel master, **Rogue Elves of ardanile** But things change when she meets an unusual inmate: a surly night elf with a thirst for revenge, **Rogue Elves of Ardani pdf reader** The prose is flawless with rich and in-depth worldbuilding without infodumping or wasting a single word. **Book Rogue Elves of ardanica** I dare to say this series is one of the most seamlessly flowing ones without being cheap: **Rogue Elves of ardani dnd** But what I adore even more are these characters and their nuanced personalities: **Book Rogue Elves of ardanie** First we saw Novikke and Aruna have a rollercoaster relationship while juggling their communication and cultural differences, **Rogue Elves of Ardani epub torrent** And now we see Crow and Vaara face their fears together and in each other that are rooted at the same place: **Book Rogue Elves of ardanie** I also have the feeling this sequel got a little dirtier and a little more angsty.

## Rogue Elves of ardanijo

I did rooted maybe a bit, **Book Rogue Elves of ardanin** My thoughts: Rogue Elves of Ardani is an enjoyable read for fans of fantasy and the enemies to lovers trope. **Rogue Elves of Ardani books** Westra grew up reading books full of magic adventure and mythical creatures but she always thought the best parts were when her favorite characters got to kiss, **Fantasy Rogue Elves of ardanin mutfagi** Now she writes her own fantasy romance books and has a love of antiheroes outsiders and feminist men: **Kindle Rogue Elves of ardanin mutfagi** She lives in the ridiculously beautiful Pacific Northwest and when she's not writing Crow sees a kindred spirit. **Rogue Elves of Ardani fantasy 5e** In him she sees an opportunity to rebel against her master and win freedom for them both, **Rogue Elves of Ardani book 2** But will he ever see her the same way? intended for adults and contains steamy scenes violence which is always a plus with me,

**Paranormal Rogue Elves of ardanin** I received a free copy of this book and am voluntarily leaving a review. **Book Rogue Elves of ardanin mutfagi** Rogue Elves of Ardani (Elves of Ardani #2) I'm going to be honest albeit constructively so: this is probably a it's me not you problem, **Rogue Elves of Ardani fantasy art** The pacing and the writing were just as tight and high quality as the earlier series which I loved: **Book Rogue Elves of ardani goh** Someone pointed out that there's no grammatical errors even though it's an ARC - it's definitely true: **Rogue Elves of Ardani kindle unlimited** Plot and characterization are the same: they're just really good and on point. **Book Rogue Elves of ardaniania** On the other hand it was nice to meet Aruna and Novikke again and see what they've been up to! Overall it's 4 stars from me. **Rogue Elves of Ardani paranormal nightmare** I received a free copy of this book via Booksprout and am voluntarily leaving a review, **Book Rogue Elves of ardanin** Rogue Elves of Ardani (Elves of Ardani #2) I have a strong feeling that if you vibed with Night Elves of Ardani you'll really vibe with this one: **Rogue Elves of ardanica** But this time we've got the very cool concept of empathy where our FMC can get into people's heads to read their thoughts and influence their feelings: **Rogue Elves of ardanica** While I don't think reading Night Elves first is required the leads from that book are around for a very good chunk of this one. **Rogue Elves of Ardani ebooks free** (My only hesitation is a personal one-- despite their different circumstances I felt like these characters were really really similar to Novikke and Aruna, **Book Rogue Elves of ardani fikriansyah** But also these character types are overwhelmingly popular in the genre so I bet that's just a me problem, **Fantasy Rogue Elves of ardanin mutfagi** )I received a free copy of this book and am voluntarily leaving a review. **Rogue Elves of ardanihe** Rogue Elves of Ardani (Elves of Ardani #2) I did not read the first book in this series (yet) but this didn't exactly hit the spot for me, **Rogue Elves of ardaniillo** Here characters start off as novel with interesting traits and backstories ripe with potential: **Rogue Elves of Ardani pdf download** I know the first book in this series (which I have not read myself) was initially published as 3 separate volumes, **Rogue Elves of Ardani kindle** I wonder if the author serializes their online publication or something because this one too felt rather like a group of 3 books. **Rogue Elves of Ardani kindle fire** We have clearly 3 parts 1 different mission each 1 sex scene each 1 relationship step each etc. **Rogue Elves of Ardani paranormal nightmare** It could be fine albeit a bit weirdly regular but it turned out to become fertile ground for fillers, **Book Rogue Elves of ardani fikriansyah** At one point we get the novel equivalent to the well known anime episode filler of the onsen trip. **Book Rogue Elves of ardaniania** Rogue Elves of Ardani (Elves of Ardani #2) slow burn intense emotions Some incredibly good writing. **Book Rogue Elves of ardani goh** That was a pre final book and had no grammatical or storyflow errors which I do find even in plusieur edition still. **Book Rogue Elves of ardani goh** It was perfectly written easy to engage and caught up in the flow of the story, **Book Rogue Elves of ardani fikriansyah** I loved the first too but this second!!! Amazing! I loved both main characters and that we had a glimpses back to Novikke and Aruna whereabouts a bit. **Book Rogue Elves of ardanism** My main criticism for the first book was a lack of banter and I'm happy to say we get plenty of wit and humor between the love interests this time around. **Fantasy Rogue Elves of ardani goh** Their interactions added some nice liveliness to the progression of their relationship and balanced out the heavier elements of the story, **Rogue Elves of ardanien** Overall I believe this book is a great installment in the series: **Book Rogue Elves of ardanie** The world of Ardani is full of well rounded characters the romance delivers and the pacing is just right- with something interesting always occurring in every chapter, **Paranormal Rogue Elves of ardanin** The author knows how to write deep intrinsically flawed characters that are interesting to read while also carrying a level of relatability and realness. **Fantasy Rogue Elves of ardanian** I can't wait to see what else the series has in store: **PDF Rogue Elves of ardanin mutfagi** A huge thanks to the author for the arc!
