

The Killing Game (Eve Duncan, #2) By Iris Johansen **The killing game kate bold review** Thus I related them more to the Harlequin genre which to some degree I believe they are and that's just fine for me since I've read my fair share of Harlequins and still eye-ball one now and then depending on author and subject. **The hunger games song** I regress; this book reflects the (IMO) skillful artistry of an author most familiar with the enthralling nuances of the cat-and-mouse game entwined with the forensics (sculptor) slant so popular in today's CSI-focused audience. **Kindle the killing game book** As I might be a late comer to this series I am in no way not going to continue the ongoing adventures of Eve.

Iris Johansen is a New York Times bestselling author. **The hunger games song** IRIS JOHANSEN is The New York Times bestselling author of Night and Day Hide Away Shadow Play Your Next Breath The Perfect Witness Live to See Tomorrow Silencing Eve Hu Iris Johansen is a New York Times bestselling author. **The killing game audiobook** IRIS JOHANSEN is The New York Times bestselling author of Night and Day Hide Away Shadow Play Your Next Breath The Perfect Witness Live to See Tomorrow Silencing Eve Hunting Eve Taking Eve Sleep No More What Doesn't Kill You Bonnie Quinn Eve Chasing The Night Eight Days to Live Blood Game Deadlock Dark Summer Pandora's Daughter Quicksand Killer Dreams On The Run and . **The killing game book** I have read other Eve Duncan books out of order and decided to start from the beginning so I learn how Eve and Logan met (#1 in the series) and to how Eve and Joe develop into their relationship. **Naval assault the killing tide gameplay** You see when I picked up this series I picked it up with the hopes of not having to deal with a romance of course a slight one wouldn't hurt but I really did not want to deal with a romance. **Naval assault the killing tide gameplay** Things were going well in the beginning despite the fact that I thought Joe was acting like a pushover but when he decided he didn't just want to be her friend anymore things started going downhill. **Kindle the killing game 2011** It's not because I didn't want them together of course I did I had been rooting for them since the first book but the problem was that gone was the soft and caring yet badass Joe I cared for in his place was an aggressive asshole. **Hangman - the killing game teil 2** I don't even know if I have words to explain how much that bothered me it was enough for me to want to go punch Joe (not kill him of course I am not that violent). **The killing game voyager cast** Of course with everything I am saying it may seem like I would have preferred Logan as a love interest this however is not the case and this is also the main reason I won't be continuing this series. **The killing game book** When I finished this book I was hoping that when I went into the next book I wouldn't have to deal with any of this romance shit since it had been sorted out but unfortunately I wasn't that fortunate (I am getting this all from the synopsis of the next book I haven't actually read it). **Naval assault the killing tide gameplay** 9780553581553 WOW I couldn't have asked for a better Mystery/Thriller/Twister! I took a chance on the first book in this series then I had to read this one (the second) and now I am hooked on reading them all. **Epub the killing game books** Hilariously when Eve chooses Joe over John she promises John that she will always be thinking of him even though I don't remember this guy being mentioned even once in the other books I've read. **The hunger games song** Instead she gets a ten-year-old who can take care of herself (and I don't mean that in the typical way--the narrative treats her like she's practically an adult and even Eve thinks to herself that she's not a child) because she *grew up on the streets*. **The Killing Game suspense definition** I get that you have to be hard as nails if you want to survive on the streets but even in a foster home she punches a boy's nose making him *bleed* and her foster mother just scolds the boy for tattling. **Hangman - the killing game teil 2** He does what that creeper almost every woman has had the displeasure of knowing does: Tells Eve that he knows she wants him demands to know whether or not she's sleeping with John and flies into a rage when she tries to solve her own problems without getting him involved. **The hunger games song** It's like Johansen researched the behavior of stalker exes and thought Wow that sounds so romantic! He's so angry that he almost

kills one of her bodyguards when he finally catches up with her later saying that he's tired of hiding who he is. **The killing game kdrama** Oh and then when she says she wants to sleep with him and then changes her mind he appears naked in her bedroom completely ignoring the fact that she changed her mind and tells her it's too late to go back because she already invited him. **The killing game part 2** Um no? That's not how consent works? One of the most troubling things about Iris Johansen's books is that she seems to think that the men she writes can't be abusers because the main character can handle their abusiveness. **What is a killing game** I mean John is pretty creepy at times too and doesn't always back off when Eve asks him to; however he doesn't go quite as far as Joe and Joe (and possibly Johansen) views this as proof that he doesn't want Eve as much as Joe does. **The killing game kdrama** Johansen is actually pretty good at action and suspense; her scenes don't stretch out forever and the bad guy is killed fairly quickly but in a way that avoids being anticlimactic. **Hangman - the killing game teil 2** 9780553581553 Really enjoyed rereading this book and knowing who the bad guy was and the things that he said yeah that was pretty creepy! Can't wait to reread The Search next! 9780553581553 Way too many cliches and too-stupid-to-live moments. **The killing game book 2** I mean come on; it's got the missing daughter the psychopath stalker/crazed killer possible romantic interest and a driving story that makes it hard to put down and at the same time an easy (skillful) read:

The killing game 1978

Much less going back to the start of the series and proceeding from there: **The killing game book 2** Johansen's work because I had seen several of her books on bookshelves at my mother's house: **Suspense the killing games** She began her writing after her children left home for college, **The Killing Game suspense definition** She first achieved success in the early 1980s writing category romances. **Hangman - the killing game teil 2** In 1991 Johansen began writing suspense historical romance novels starting with the publication of The Wind Dancer: **The killing game kate bold review** In 1996 Johansen switched genres turning to crime fiction with which she has had great success. **Hangman - the killing game teil 2** Her son {site_link} Roy Johansen is an Edgar Award winning screenwriter and novelist: **The killing game kdrama** She began her writing after her children left home for college, **The hunger games song** She first achieved success in the early 1980s writing category romances. **The killing game book reddit** In 1991 Johansen began writing suspense historical romance novels starting with the publication of The Wind Dancer: **The killing game book** In 1996 Johansen switched genres turning to crime fiction with which she has had great success. **Hangman - the killing game teil 2** Her son {site_link} Roy Johansen is an Edgar Award winning screenwriter and novelist: **Killing the planet game** And with her son Roy Johansen she has coauthored Night Watch The Naked Eye Sight Unseen Close Your Eyes Shadow Zone Storm Cycle and Silent Thunder. **The killing game 1978** A WOMAN DRIVEN TO THE EDGE TO STOP HIM The killer knows Eve Duncan all too well: **The killing game book** He knows the pain she feels for her murdered daughter Bonnie whose body has never been found, **The killing game 1978** He knows that as one of the nation's top forensic sculptors she'll insist on identifying the nine skeletons unearthed on a bluff near Georgia's Talladega Falls. **Is the most dangerous game a book** He knows she won't be able to resist the temptation of believing that one of those skeletons might be her daughter's, **The Killing Game suspense definition** But that is only the beginning of the killer's sadistic game. **The killing game 1978** He wants Eve one on one and he'll use his ace in the hole to make sure she complies, **The Killing Game suspense definition** And he won't stop playing until he claims the prize he wants most: Eve's life, **Book of death game** The Killing Game (Eve Duncan #2) This is #2 in the Eve Duncan series. **The killing game book rodney alcalá** I read the first book which introduced Eve Logan and Joe. **The killing game book reddit** This story is about Eve hiring a cadaver search team (Sarah and Monty the dog) to search for a body that she was told about from Dom who is stalking her. **The killing game book summary** Dom wants Eve to get

closer to Jane who he thinks is like her and to represent Bonnie her deceased child, **The killing game voyager cast** Dom likes to toy with Eve a bit and tries to get under her skin, **The Killing Game suspense definition** Joe is also in the story as his typical trying to protect Eve and in what I feel in a way to control her, **The killing game literature fiction pdf** Eve has Logan pull some strings to help her in her search to find Dom as he has suggested that he has Bonnie's bones: **The hunger games song** This story kept me hooked had a pretty fast paced story line which kept me intrigued: **The hunger games song** I had a pretty good idea (2 different people) as between who I thought the killer/Dom was and Iris Johansen managed to pull a great twist to the ending of the story: **The killing game memory alpha** If you like suspense and a good story line I would recommend just about any of the Iris Johansen books, **The Killing Game suspense definition** I have loved them all so far except the one I read that she wrote as a romance. **The hunger games song** 9780553581553 This review is for Troy who thought my idea of doing a review by only using gifs interesting: **The hunger games song** I may do a proper one later on but right now this is how I felt about this book: **Epub the killing game download** I will add some text just to make the review a bit more understanding, **Kindle the killing games** Let's start! This book was just as the first one good with a compelling story and a really crazy killer, **The Killing Game suspense definition** We also had a bit of a triangle drama between Logan Eve and Joe: **The killing game show** It's actually nice that Iris Johansen didn't drag out it through 20 books, **The Killing Game suspense definition** Instead did she make Eve and the guy in question a couple in this book: **The killing game reviews** How about the story with the killer?(I thought I had the ending figured out but the last twist I never suspected)4, **The Killing Game suspense definition** 5 stars 9780553581553 WARNING RANT AHEADAfter tossing and turning all night I decided that I would set my mind free and lower the rating to this book, **The killing game book reddit** The rational side of me decided to come out and point out everything that was wrong with this book and why giving this book a rating of 4 would be a horrible idea. **The killing game kate bold review** Yes I'll admit my main problem with this book was the romance: **The killing game reviews** Before you label me as a fool who pays more attention to the romance then to the actual mystery listen (read): **The killing game book** In the first book things were in my favor there was a hint of a romance but that was not the focus, **The hunger games song** In this book it became the life of the novel (for at least me): **The killing game book** I think the main reason for this is that when I see a flaw thats all I can think off, **Hangman - the killing game teil 2** I am sure an aggressive guy who will do anything for his girl is considered hot but I really cannot stand men like that, **The killing game voyager cast** That wasn't all of it though there was this part in the book (SPOILER ALERT) where he forced himself onto Eve. **The killing game part 2** THAT WAS NOT COOL! She actually said no but he had to show her that she needed him: **Epub the killing game download** That killed Joe for me any feelings that I had left for him at that point evaporated. **Naval assault the killing tide gameplay** The next blow came when he told Eve why he married Diane, **Hangman - the killing game teil 2** I mean who marries someone so that they can give someone they actually love a girl friend? Oh wait: **The killing game reviews** You see when I was first introduced to Logan I really wanted him to not be the stupid cliché billionaire who falls in love with a down to earth/broken girl. **Epub the killing game events** It turns out there is going to be a passionate romance between Logan and Sarah. **The killing game kate bold review** I don't think I can read the rest of the series when I am so busy hating on the characters: **Suspense the killing games** Seriously the only character I managed to like by the end of this book was little Mike and we barely saw anything of him. **Naval assault the killing tide gameplay** I am still giving this a three because I did enjoy it and it would be unfair to give it a 1 (despite of how much I want to give it that rating). **The killing game book series** They need to hold my wandering attention keep me guessing and then at the end slam me between the eyes with a finish I never saw coming. **Hangman - the killing game teil 2** Well this one beat me repeatedly between the eyes! Too visual on the example? Sorry I got carried away I really liked the book, **Ebook the killing game manchester city book** I strongly suggest this book to people like me who ask a lot of an author to get us to come back for more: **Ebook the killing game download** 9780553581553 The Killing

Game is the earliest book I've read from the Eve Duncan series: **The hunger games song** It's always interesting reading a story when I know the conclusion--that is I know the location of Bonnie's body: **The killing game book** The series dragged on for so long that I can't help but wonder if Johansen was still undecided about how it would end when she wrote The Killing Game: **Killing the game meaning** The following paragraph contains a small spoiler regarding Eve's relationships but I'm sure most people saw it coming anyway: **The killing game kate bold review** In this book Eve Duncan and Joe Quinn are still just friends and Eve is in a kinda-sorta relationship with John Logan a wealthy businessman, **The killing game reviews** The following paragraph contains a small spoiler regarding Eve's relationships: **The killing game book reddit** Plus the information relates to later books and is not revealed in this one. **The killing game netflix** It's possible she did mention him a couple of times and I just forgot but he isn't a major player: **The killing game book** Eve spends most of her time thinking of Joe Jane the bad guy du jour and of course Bonnie: **The killing game book** Anyway this book takes place about ten years after Bonnie's disappearance making Eve in the neighborhood of 33 years old. **Naval assault the killing tide gameplay** (She was 16 when Bonnie was born and Bonnie was seven when she disappeared: **The hunger games song**) I have no idea how old Joe is but if I know Iris Johansen he's probably at least ten years older. **The killing game book iris johansen** At this point Eve is afraid of intimacy because she doesn't want to experience more loss: **Ebook the killing game 1967** She believes she knows who Bonnie's killer is; unfortunately he's dead now and he never revealed where Bonnie's body was buried: **Suspense the killing game events** Eve works as a forensic sculptor hoping that she may one day uncover her daughter's remains; if not she can at least bring closure to the parents of other missing children, **Literature fiction the killing game bbc** A man calling himself Dom contacts her claiming that he's Bonnie's true killer. **The killing game gary webb** Of course he could be lying but Eve can't know for sure: **The killing game book** Thus begins a game that the bad guy has decided to set up psychologically tormenting Eve and forcing her to bond with a child in order to rile up her emotions. **The killing game book series** See Dom like many killers wants to rope Eve into searching for him thinking she can actually take him down and then lure her into a trap and kill her, **The killing game show** I'm not sure why Eve is so special but this happens a lot to her. **The killing game 1978** In this book my least-favorite female character in the series Jane MacGuire is introduced as a super obnoxious ten-year-old orphan, **The Killing Game suspense definition** See Johansen wanted Eve to show her motherly side but having another baby would tie her down so she couldn't go on exciting thrilling deadly adventures, **The Killing Game suspense definition** I've said it in another review but tough ten-year-olds are still ten-year-olds, **What is a killing game** Jane does not earn my love in this book any more than in other books that feature her: **Suspense the killing game book** Oh she scolds Jane for hitting the kid but she also thinks to herself that she admires Jane's spirit. **Naval assault the killing tide gameplay** He was being a bit of a jerk but *he* didn't hit *her*. **The killing game book series** Oh but don't worry! There's a heart of gold beneath Jane's Edgy McEdgelord exterior: **Kindle the killing game manchester city book** Every day she steals food from her foster mother to provide for a six-year-old boy who's not allowed in the house when his drunkard of a father is home, **The Killing Game suspense definition** Oh and she loves books and dogs! See? She's really a wholesome child and I hate her. **Naval assault the killing tide gameplay** Joe is insufferable in this book more so than usual because he's still trying to win Eve: **The killing game kate bold review** Because Eve is just a big fat juicy hunk of meat for two dogs to fight over isn't she? Joe is pretty much a Nice Guy in this book, **The killing game 2011** Eve only sees him as a friend and how very dare she because he would do literally anything for her (except respect her wishes obviously), **The Killing Game suspense definition** He calls her endlessly demanding to know where the hell she is and keeps saying I'll find you Eve: **The killing game book 2** Of course he's been doing a poor job of that this whole time, **The Killing Game suspense definition** Eve does not cower in a corner; she gets appropriately angry when Joe tracks her down: **The killing game book 2** Joe however never experiences any negative consequences for his behavior: **The killing game book** Eve sleeps with him and Joe boasts

that he won her over because he wanted her the most. **Naval assault the killing tide gameplay** He was unwilling to take no for an answer in other words: **Ebook the killing game show** I see this in a lot of fiction and even in real life: this idea that men who respect your boundaries are not real men and don't want you badly enough: **Hangman - the killing game teil 2** In the end there were a few things about the book that I liked however. **Hangman - the killing game teil 2** I'm a sucker for any story with dogs in it--at least for the dog--although I didn't find Monty's unspoken communication with Sarah to be realistic. **Naval assault the killing tide gameplay** Sarah claims that all pet owners will tell you that their pets can practically talk. **Literature fiction the killing game review** I get that the dog in Dark Summer was special but don't tell me that all dogs share a psychic bond with their owners, **Kindle the killing games** Really the only good thing I can say about this book is that I honestly did not expect one of the reveals toward the end--the big reveal about the killer's identity: **The hunger games song** I was duly impressed since Eve Duncan's books tend to lean towards predictable, **The killing game show** I also found some of the action to be exciting especially when it began picking up toward the end: **The killing game book** I also noticed that she didn't end surprising narrative sentences with exclamation points something that pops up quite a bit in her later novels, **The killing game book 2** I don't know why she started doing that; it adds nothing to the surprise and actually makes it hard to take seriously. **The killing game kate bold review** I'd heard that the earlier Eve Duncan books are better than the later ones, **The hunger games song** I don't really think this book is any better than the others. **The killing game kate bold review** I think people just hadn't picked up on Johansen's irritating narrative habits yet: **The killing game book** Honestly if you've only read The Face of Deception skip this book, **The Killing Game suspense definition** 9780553581553

Eve Duncan's young daughter was murdered and her body never recovered, **The hunger games song** A forensic sculptor Eve insisted on identifying the skeletons found in Georgia on the off chance that one of them could belong to her Bonnie, **The killing game book 2** Two men are bent on helping Eve and keeping her safe -- John Logan a business magnate and Joe Quinn a seasoned Atlanta detective. **Literature fiction the killing games** The story is fast paced at times and I enjoyed the inclusion of a cadaver dog and his handler and how inseparable such a team can be. **The killing game reviews** However the romantic angle between Eve and John and Eve and Joe was off and the cliches throughout were numerous. **The killing game gary webb** 9780553581553 My second installment of the Eve Duncan (forensics thrillers) series; in the order it was written, **The killing game kate bold review** At the time I read those I had no intention of ever continuing Bonnie and Quinn thus maintaining a high recommendation for all interested in this type genre. **Naval assault the killing tide gameplay** In addition for us animal lovers; don't forget there's a dog. **The killing game voyager cast** After several bodies were unearthed in his frustration that he may have finally made a mistake after years of killing he sets his sights of renowned forensic sculptor Eve Duncan: **The killing game reviews** Years ago Eve lost her precious daughter Bonnie to a serial killer, **The killing game show** She has crafted her career structuring faces from skeletons and other means with hopes of providing closure to families who have lost their children, **The killing game show** Therefore the investigation into the site where the bodies are found takes

on an extremely personal edge, **The Killing Game suspense definition** In order to have Eve believe that one of the bodies discovered is actually Bonnie's the killer begins a terrifying game of cat and mouse, **The killing game book reddit** To capture Eve's attention the life of a ten-year-old child is suddenly at risk, **Killing the game meaning** Eve begins receiving clues as to the girl's danger all while hoping to reconstruct the skeleton that just might be Bonnie's: **The killing game voyager** Before the discovery of the bodies Eve took off with John Logan. **Kindle the killing games** Not only was she able to shake off her traumatic work for a time she was able to fully regroup. **Killing the game obour** Little did Eve know that close friend Joe Quinn had been looking for the perfect opportunity to snatch her back and to make her a part of his life, **The killing game kate bold review** in a way she never expected or even dreamed could happen. **Hangman - the killing game teil 2** Meanwhile Joe is extremely concerned for Eve and knows that the identification of the skeleton might hurt Eve to the very core: **The killing game voyager** Readers of the first book *The Face of Deception* might not be surprised but perhaps as to the reasoning. **Naval assault the killing tide gameplay** Nonetheless the course has been set and there are now 25 titles in this exciting series, **The killing game murderer** I have already had the pleasure of reading a few more at the time of writing this review *The Search Body of Lies* and *Dead Aim*. That would have been a mistake; had I not. I believe I initially stayed away from Ms.duh.as with any book. She lives in Georgia and is married. Her daughter Tamara serves as her research assistant. She lives in Georgia and is married. Her daughter Tamara serves as her research assistant. {site_link} {site_link} **A MERCILESS KILLER ON THE HUNT . AN INNOCENT CHILD IN HIS SIGHTS .** Eve is a forensic facial reconstruction. But I will try to use text as little as possible. And I could have lived with either choice to be honest. I cannot concentrate on anything else. And all my mental detectors started beeping. It's kind of demeaning. (excuse me while I take a minute to calm down). Okay back to Joe. I could kill Joe. Poor Diane for having to deal with an asshole like him. **JOE DOES!** My heart broke for Diane. I wasn't looking to read a cliché. I wanted something different. I'm not easy to please when it comes to my mysteries. In this case people may not have seen it coming. I don't know maybe he dies or something. But poor Eve just can't catch a break. Yeah that's one way to put it. The other kid wasn't even doing anything that bad. Yawn. Real men will wear you down until you finally give in. Um no. I've never thought that about my dog. In fact I like having a dog because she **doesn't** talk. If I wanted to have a conversation I'd call my family. I don't believe it. Oh right. Positive things. Skip all the books and then read the final trilogy. You'll thank me later. The killer begins a sadistic game. calling watching baiting chilling. The story was saved by a definite twist at the end. Another time when a half star would have been helpful. Though I have read a couple of these out of sequence. big player! 9780553581553 My Rating: 4.5 Stars There is a brutal serial killer on the loose. Eve however never had such closure. Bonnie's body was never found. Until now. Now? Quite possibly. *The Killing Game* is a fast-moving book. Not only is Eve in danger but also a young child. Meanwhile there is a fair bit of romance in this story. *Blind Alley* is next in line for my greedy eyes. 9780553581553.
