

## The Lost Book of Enki: Memoirs and Prophecies of an Extraterrestrial God By Zecharia Sitchin

Will the past become our future? Is humankind destined to repeat the events that occurred on another planet far away from Earth? Zecharia Sitchin's bestselling series *The Earth Chronicles* provided humanity's side of the story as recorded on ancient clay tablets and other Sumerian artifacts concerning our origins at the hands of the Anunnaki those who from heaven to earth came. In *The Lost Book of Enki* we can view this saga from a different perspective through this richly conceived autobiographical account of Lord Enki an Anunnaki god who tells the story of these extraterrestrials' arrival on Earth from the 12th planet Nibiru. In his previous works Sitchin compiled the complete story of the Anunnaki's impact on human civilization in peacetime and in war from the fragments scattered throughout Sumerian Akkadian Babylonian Assyrian Hittite Egyptian Canaanite and Hebrew sources the myths of all ancient peoples in the old world as well as the new. What was life like on their own planet? What motives propelled them to settle on Earth and what drove them from their new home? Convinced of the existence of a now lost book that formed the basis of ancient Sumerian texts holding the answers to these questions the author began his search for evidence. The object of their colonization: gold to replenish the dying atmosphere of their home planet, Finding this precious metal results in the Anunnaki creation of homo sapiens the human race to mine this important resource. Missing from these accounts however was the perspective of the Anunnaki themselves, Through exhaustive research of primary sources he has here re created tales as the memoirs of Enki the leader of these first astronauts: What takes shape is the story of a world of mounting tensions deep rivalries and sophisticated scientific knowledge that is only today being confirmed, An epic tale of gods and men unfolds challenging every assumption we hold about our creation our past and our future: *The Lost Book of Enki: Memoirs and Prophecies of an Extraterrestrial God*
